Needy Farmers will be Put on the Payrolls

Plan to Hire Them on Highway Construction and Other Desirable Projects.

Plans are under way to put needy farmers in drouth designated counties to work building highways and other socially and economically desirable projects with \$476,000 available for Nebraska's drouth relief program. Federal Relief Administrator Haynes said the work relief program for the most part will displace the original plan to give farmers seed for forage crops and livestock feed. They will now be permitted to work for cash payments.

He received authority from Washington, however, to hold out a part of the drouth funds for bulk purchases of seed and feed, which could be resold to farmers who obtained cash work relief.

"For example," he said, "in one county we found virtually no corn under seal and farmers after getting cash relief wouldn't have been able to buy feed anyway. This will permit us to get seed to sell to them, but we don't intend to go into the seed and feed business generally."

The \$476,000 available represents the \$276,000 originally set aside for Nebraska for seed and feed purchased and a \$200,000 allotment fixed Monday by Harry L. Hopkins, in charge of the federal relief administration.

Haynes said work divisions have been operating in thirty or forty counties which have been designated as secondary drouth areas where the money can be spent.

PRISON MUTINY IS QUELLED

Nashville, Tenn.—A seven hour mutiny by three long-term convicts, led by Lonnie Taylor, convicted murderer, ended when the prisoners tossed out their guns and released a guard held as hostage. Taylor, 30 years old, the only casualty of the long siege of an abandoned cell at the state penitentiary, was shot just above one knee as he stepped to the door and exposed himself to 100 guards and patrolmen who had been summoned when the disorder threatened to grow serious.

The officers had few opportunities to shoot at the mutineers, as Deputy Warden Connors cautioned them against taking any chances of wounding W. C. Smith, the 52 year old guard who had been seized. One of the three convicts said the plan was to cut the power line of the penitentiary lighting system and scale the walls. The alarm was given so quickly, however, the prisoners were unable to do this and took refuge in the cell.

WAR DEBTS OFF ITS HANDS Paris.—France pushed aside the question of war debts with a feeling of relief after learning that Great Britain would make no payment June 15, and parliament turned to consideration of the government's plan to borrow money to pay for reinforcing armaments. Great Britain's attitude of coming finally to the French position of making no payments was attributed in some quarters to America's haughty attitude, and it remained only for the cabinet to draft a formal statement of its position to forward to Washington.

Americans, commented the Paris Temps, will have to realize that their unbending policy leaves them with empty hands. Any kind of settlement would have been better for them.

Who remembers when we all wore detachable cuffs and worried ourselves sick about our sleeves being too long and paid 8 cents or 10 cents to have them laundered?

Woman Loses 41 Lbs. of Fat

Blood Pressure Down Too

"I have been taking Kruschen Salts for my health, and for high blood pressure and rheumatism and it helped both. My blood pressure was as high as 290 when I started to take Kruschen. I weighed 255 and now I weigh 214; that is losing 41 lbs. in about nine months and I feel fine." Mrs. W. Echhoff.

A half teaspoonful of Kruschen in a glass of warm water every morning SAFELY takes off unhealthy fat by helping to re-establish proper functioning of body organs—at the same time it energizes, and helps build up robust health. Feel years younger—ACT it and LOOK it. One bottle lasts 4 weeks. You can get Kruschen Salts at F. G. Fricke & Co. or at any drug store in the world.

Exciting Game Won by the V-8's Tuesday Night

Coming From Behind the V-8s Turn the Tide of Battle to Win by Score of 11 to 10.

From Wednesday's Daily The Kittenball fans had the opportunity last night of seeing one of the late inning rallies that resulted in the V-8s winning from the Chevrolets by the score of 11 to 10—and was the finish hot.

The "Chevies" took the lead in the early portion of the game and had slid through nicely to a 5 to 2 lead when the fateful sixth inning came along and blasted out their lead to leave them trailing at the end of the sixth by the score of 11 to 6. In the sixth the V-8 team proceeded to swat the soft ball often and far and with several boobles and overthrows kept the road to the plate hot.

The "Chevies" in the opening of the seventh started to go places as they got several blows and the fielding of the V-8 team momentarily wobbled, permitting the Chevies to drive four runs across the plate and for a moment it seemed that an extra inning would be necessary but some fast work on the part of the V-8s stopped the rally and left the final score at 11 to 10.

Both Bob Brittain for the V-8s and Dr. L. S. Pucelik for the Chevrolet team pitched good ball with the doctor having the edge at the opening but Brittain showed some excellent work in the closing innings when his team forged to victory.

The tabulated score of the game was as follows:
