

# Graduates Who Have Gone Forth from High School

List of Graduates of Plattsburgh High School from 1882 Including 1934, Totals 1,499.

One of the most interesting and historical collections of names as far as Plattsburgh is concerned is that of the list of Plattsburgh high school graduates from 1882-1934 compiled in the principal's office three years ago in connection with the publication of a history of this city. The compilation begins with 1882 as this is the first class to receive diplomas, prior to that only "promotional exercises" were held. Residents of Plattsburgh will find a host of retrospective memories in musing upon these names and the associations they have with days gone by. These graduates now total 1,499 thru the record class of 1934.

That the residents of the city who wish may preserve this important record for their use, the Journal has secured this list which will be published in the paper.

The class of 1882 had but three members while that of 1916 held the then record with 29.
