Made Good Talk.
Mr. and Mrs. George Nickles were attending the Cass county fair held at Weeping Water last Friday, and being sighted by the chairman, he was called to the platform and asked to make an address. She is getting along very nicely now and is able to do the work, although with much difficulty.

Back from the East
Mr. and Mrs. Parr Young went east some time since, driving their car and visited the Century of Progress at Chicago, where they enjoyed the big fair very much and after that went on to Springfield, Ohio, where they secured a ton and a half International truck, placing their car on the truck and driving home with it. Mr. Young, speaking of the east, said it was green and fresh, especially in Ohio and Indiana, though as they worked into Illinois, on their way home they began to find conditions a little drier and also in northern Missouri they found it very dry, but around St. Joseph they found it green with indications of having had much more rain. In their trip going, they also report that they could see a great difference shortly after leaving Council Bluffs, with evidence of more and more rain as they neared Des Moines, and from there on all evidence of the drought was gone and everything seemed to be in fine condition. Nevertheless, they were glad to get back home and are looking forward hopefully to next season as much better than this year has proven to be.

Nichols Store at Louisville Has Night Robbery

Large Array of Wearing Apparel and Cigarettes Taken and Robbers Make Escape.

Tuesday night the F. H. Nichols general store at Louisville was robbed, the second time within a few months, and the robbers made away with a stock of winter clothing and cigarettes.

This robbery was executed the same as the previous breaking in, the person or persons making their entrance into the building through a window in the rear of the building and calmly proceeding to pick what they wished and making their getaway.

The articles taken consisted of men's and women's shoes, several pair of trousers, jackets and a quantity of cigarettes.

The robbers dumped out a sack of beans and one of chicken feed, the sacks used apparently to store the stolen articles to be carried away.

While the robbery was going on a force of men were working a short distance away in laying a water main but did not see any indication that the store was being looted and were unaware that they had been so close to the robbery until this morning when the store was opened and the loss discovered, altho they had labored there all night.

It is estimated that the value of the goods will be in the neighborhood of \$100 and R. M. Nichols carried no burglary insurance on the stock.

DEATH OF MRS. McGRADY

The death of Mrs. Anna Louise McGrady, long time resident of Cass county and the Weeping Water community, occurred on Monday afternoon at Omaha, where she had made her home in recent months with a daughter.

The body was brought to Weeping Water where funeral services were held on Wednesday afternoon, Rev. E. S. Pangborn, pastor of the Methodist church conducting the services and the Hobson funeral home in charge. Interment was at Oakwood cemetery.

The deceased lady was born on August 27, 1847, in Allantown, New Jersey, the family coming west to Nebraska where they settled in the vicinity of Weeping Water. The deceased was married to Owen McGrady in 1884, and after nineteen years spent on the farm Mrs. McGrady has lived some forty-three years in the city of Weeping Water. When coming to Nebraska they arrived at Plattsmouth by train and were taken by stage to Weeping Water, as the allroads had not as yet been built into the state to any extent. The family of Mrs. McGrady arrived in 1879 and at that time the country was devastated by the influx of grasshoppers.

To Mr. and Mrs. McGrady there were born four sons and three daughters, they surviving the mother. Mr. McGrady died in 1909 at Weeping Water.

STATE'S SQUIRREL SEASON IS NOW OPEN

From now until December 31, Nebraska squirrel shooters may take their sport where they find it, a member of the state game commission said Saturday.

The former open season was from September 15 to December 31, but this was changed under a new bill passed by the last legislature to October 1 to December 31. However, due to a mix-up, this bill was not signed, hence the bill is not a law. So the squirrel season opened officially in Nebraska Saturday.
