NELSON MOTOR PARTS WIN

The Red Sox Sunday afternoon entertained the Nelson Motor Parts Co. baseball team on the local lot, the visitors winning the game by the score of 11 to 5. The visitors were able to secure two runs in the first on a walk and an error. In the fourth and eighth innings the visitors were able to add to their lead to secure a safe margin.

The Red Sox secured their first scores in the third when Svoboda was safe on an error at first and was followed by Spidell with a safe hit and were scored on the bingle of Pierce.

In the fourth "Shotgun" Kriskey was given a walk to first and able to score on the wild pitch of Ludwig. Fay Spidell in the seventh poked one of Ludwig's offerings for a home run and in the ninth Spidell again scored as the result of his double and the hit of Pierce.

The TIRE SENSATION of '34

THE NEW Firestone CENTURY PROGRESS TIRE

Beyond Comparison IN QUALITY AND PRICE WITH ANY FIRST QUALITY TIRE MADE

As the millions of World's Fair visitors saw tires made in the Firestone Factory and Exhibition Building, we asked thousands this question: "What do you value most in a tire?" Car owners from every state in the Union were interviewed—drivers of automobiles, trucks, busses—out of it all came one composite answer: "Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a moderate price."

Firestone engineers used every conceivable resource in the development of a tire embodying these qualifications and selling to the public at a price within the reach of every car owner. Answer—the new Firestone Century Progress Tire.

COMPARE QUALITY—CONSTRUCTION—PRICE

This new tire is equal or superior to any other first quality tire, regardless of brand—name—or by whom manufactured, or at what price offered for sale. Call on the Firestone Service Dealer or Service Store and examine it. You will be sold on the rugged quality and will want to equip your car with these new tires.

REMEMBER—you save money buying today, as rubber has advanced 442% and cotton 190%, and tire prices cannot remain at these low levels.

Now A TRIPLE GUARANTEE
