Steinhoff, was taken very ill and is still there and in very poor health and while everything possible in the way of good nursing and medical treatment is being done for him, he does not show any perceptible improvement. Received Fractured Leg While George Johnson was attempting to start a car one cold morning last week, at Syracuse, the car kicked and caused a fracture of one of his legs, which was in the way of the crank inside the bumper. He had taken that position in order to have more leverage in cranking the car, not thinking of the danger there, although he took the usual precaution against the motor kicking back and breaking his arm. He will be kept in bed and on crutches for some time on account of this rather unusual accident.

Enjoyed Excellent Business

During the year just ended, the Farmers Oil company, of Nehawka, did a good business and was able to show a net profit of \$3,818.15, with all bills paid. The volume of their business exceeded \$42,000 and they were able to reduce the accounts receivable to around \$1,000, considerably less than were on the books at the close of business in 1934. As a result, they declared a 6 per cent stock dividend and a patronage dividend of 8 per cent. The employees all received a commission for their work. The total number of gallons sold during the year of gas, oil and kerosene was 289,000 with eight new members added to the company. They have on hand now more working capital than their total investment, and have in addition their current stocks and real estate—all this after the dividends had been deducted.

Home from the South

Mr. and Mrs. R. C. Pollard, who departed on Christmas day for a visit with relatives and friends in Lincoln and at Hamilton, Columbia and Palmyra, Mo., on their way home drove for more than a hundred miles where the snow had been pushed to the side of the road and was as high as the windows of their car. They were going along at a good rate of speed, when their car skidded and turned around on an icy hill and then plowed into one of these snowbanks, giving the occupants a severe shaking up, but resulting in no injury. They arrived home Sunday evening safe and sound, but not caring to repeat their performance on the icy hill.

Received Painful Injury

Mrs. R. B. Stone, while working about the home last week, made a misstep with the result that she received a very severe sprain to one of her ankles, which laid this good woman up for a number of days. The newlyweds will make their home one mile east of Murray on the I. M. Davis farm where the tragedy occurred when E. W. Millbern barricaded himself in the farm house and shot himself rather than submit to capture by the officers. Mr. and Mrs. Stone will farm that place during the coming year.

Methodist Bible School Prospering

Business Looks Good

The Hensen Automobile company, of which Clarence Hansen is head, has disposed of a number of new cars of late. R. C. Pollard got one of the new cars, disposing of his old car to Don Philpot, while Dr. Henry W. Walters and Walter J. Wunderlich have also purchased new 1935 models. Two others have been sold, but delivery cannot be made as yet, due to the great demand at the factory. With people buying cars this early in the year, it begins to look like old 1935 may have something in store for all of us far ahead of anything we have received the past few years.

Achievements in Youths' Work Reach New High

4-H Club Members' Income \$20,240.00 in 1934 with Prospect for Better Year in 1935.

Chicago, Ill., Dec. 30.—Achievements of rural boys and girls in 4-H clubs reached a new peak in 1934, announces G. L. Noble, managing director of the national committee on boys and girls club work.

Livestock, crops and handwork of the approximately 920,000 club members in 1934 will total in value about \$20,240,000 according to careful estimates. Prizes won in local, state and national exhibitions and contests provided by hundreds of individuals, business firms and civic, educational and agricultural groups reach nearly \$1,000,000. These include over 35,000 educational trips and scholarships valued at \$10 to \$400. All of these have been effective and wholesome incentives.

The new year, with assured higher price levels for farm products, a drought of record severity past, less exactions on 4-H leadership for crop control and relief, and a better complexion in the rural field, promise greater 4-H gains. Club leaders and members throughout the nation for some months have been hotly contesting for the largest single prize ever to be awarded, a \$10,000 completely furnished and landscaped community building, gift of Sears Roebuck to the county showing the most progress in 4-H work in 1934. Additional prizes of \$3,000 will be awarded three other sectional winning counties in the contest.

Farm groups are receiving the active co-operation of civic, fraternal, church and other groups in the counties in preparing entries in the contest which is conducted by the National 4-H committee in co-operation with extension agents and the U. S. department of agriculture. A non-profit corporation is to be set up in the winning counties to administer the awards. The building presentation is to be a gala national 4-H event to take place early next summer.

The Gospel League will meet Sunday evening at 7 o'clock. The Young People meet Friday evening.
