57TH WEDDING ANNIVERSARY

January 27, 1935, was the 57th wedding anniversary of Mr. and Mrs. C. P. Sydebotham. They spent the day at home with their three daughters, Mrs. J. A. Johnston of Portland, Neb.; Mrs. B. H. Swift of Portland, Oregon; and Mrs. J. R. Stine of Plattsmouth.

They also had as their guests Mrs. John McHale of Omaha, a sister of Mrs. Sydebotham, Ralph Leeden of Omaha, Miss Ruth Johnston of Lincoln; C. W. Johnston, O. L. Johnston and wife, A. A. Johnston, all of Omaha, grandchildren of Mr. and Mrs. Sydebotham, Miss Wilma Widensaul of Omaha, and J. R. Stine, son-in-law, of Plattsmouth.

A delicious dinner was prepared which all enjoyed. In the evening all departed for their homes, wishing Mr. and Mrs. Sydebotham many more anniversaries. Mrs. J. A. Johnston and Mrs. Swift stayed for a longer visit as this is Mrs. Swift's first visit home for 27 years.

BURN UP TIRES

Parties returning from Omaha late Sunday night reported a fire near the Platte river bridge north of this city and investigation showed that the fire was made by several large truck tires and wheels burning.

Residents in that locality report that they had seen a truck stop in that vicinity earlier in the evening and unload the tires and later had noticed the fire but the truck had made its getaway from the scene.

SECURES EXCELLENT PHOTO

Emil J. Weyrich, who was in attendance at the Omaha Auto show on Friday night, secured a fine picture of the auditorium and its array of the latest creations of the auto world. The picture was taken by a pocket kodak at night with only the ordinary lighting effects of the auditorium and came out as fine and clear as if taken in mid-day.

FORMS FOR MAKING RETURNS

Forms for filing returns of income for 1934 have been sent to persons who filed returns last year. Failure to receive a form, however, does not relieve a taxpayer of his obligation to file his return and pay the tax on time, on or before March 15 if the return is made on the calendar year basis, as is the case with most individuals.

Forms may be obtained upon request, written or personal, from the offices of collectors of internal revenue and deputy collectors. Persons whose net income for 1934 was derived chiefly from salary or wages and was not in excess of \$5,000 should make their returns on form 1040A, a single sheet. Persons whose net income was in excess of \$5,000, or, regardless of amount, was derived from a business, profession, rents or sale of property, are required to use a larger form, 1040. Failure to use the proper form presents difficulties to both the taxpayer and the Bureau of Internal Revenue. Therefore, it is emphasized that a taxpayer engaged in a business or profession from which he derived a net income of less than \$5,000 is required to use the larger form.

The return must be filed with the collector of internal revenue for the district in which the taxpayer has his legal residence or principal place of business on or before midnight of March 15, 1935. The tax may be paid in full at the time of filing the return or in four equal installments, due on or before March 15, June 15, September 15, and December 15.

EDUCATOR SPENDS DAY HERE

C. W. Morris, of the University of Nebraska, was a visitor in the city Tuesday to speak at noon before the Rotary club and later in the day before the Plattsmouth high school.

Mr. Morris was one of a party of teachers and educators sent to the Panama canal zone to assist in getting their school system arranged and to observe the educational work in that section of the world. Before the Rotary Mr. Morris spoke very entertainingly on the people of the canal zone, of the many races that are found in that part of Central America at the cross-roads of the Atlantic and Pacific.

The address of Mr. Morris before the high school was largely along educational lines, explaining the advantages of the University of Nebraska and the extension work that is being carried on as a part of the spread of the educational work in the state.

While here Mr. Morris also assisted in getting the study center arranged, which will be found a great value to the young people wishing to extend their studies along college lines.

STUDY CENTER HERE

Last year it will be recalled, a study center was conducted at the high school under the direction of the extension department of the University of Nebraska and the State Relief Study Center organization. This made it possible for a dozen local people to receive college credits.

It was understood last fall that it would not be possible to locate another study center here, but arrangements have been made with the university authorities to continue this work at this time. All who wish to taken advantage of this opportunity to do college work will be required to pay all postage and supply costs which will not be great.

Anyone interested in this work is asked to get in touch with Mr. Paterson at the high school.
