

Nehawka

John Opp has been suffering very much from an injury which he recently suffered to one of his hips.

Miss Laura Easter is reported as being rather ill from a severe attack of flu, but is now showing satisfactory improvement.

Miller Christensen has recently purchased a new Plymouth for the use of himself and family, getting it through the local Plymouth dealer.

Shrader Rhoden and wife were visiting during the latter portion of last week at Oakes, where the parents of Mrs. Rhoden reside. They returned home last Saturday.

William Wehrbein, who has been at the hospital in Omaha for more than two weeks, has so far recovered that he was allowed to return home the latter part of last week.

Messrs Victor Wehrbein and Tommy Troop were visiting and looking after some business in Omaha on last Saturday and while there called on William Wehrbein at the hospital.

Messrs and Mesdames Albert Scutter and John Jacob Stones were in Omaha last Thursday, where they were visiting with friends and were looking after some shopping as well.

Mrs. Lottie Shotwell, a sister of R. C. Pollard, has been visiting in Nehawka for the past few weeks and is enjoying her stay here, as she is well acquainted with many people in this vicinity.

James Smith, who was making his home in Sarpy county during the past year, but moved to Murray some time since, has moved his trailer cabin to the home of Gus Splitt, where he will farm during the coming summer.

A new quarry has been opened at the farm of Nelson Berger, where work is going on at this time. The quarry at the former place has become difficult to work profitably and is being abandoned.

The Ladies Aid of the Nehawka church was meeting on Wednesday, February 5, at the home of Mrs. Carl Balfour, where they were royally entertained by the hostess and a splendid time was had by all.

The Pleasant Hill Woman's club meeting on last Friday at the home of Mrs. W. H. Kruger was in the nature of a farewell party for this esteemed member prior to removal of the family to Nehawka to reside.

Fred Clarke, who some 33 years ago, was a resident of Avoca, but has for the past 25 years been making his home near Union, was a caller in Avoca last Monday, meeting many of his old friends while there.

Mrs. Paul Murdock has been at the Bryan Memorial hospital in Lincoln for the past two weeks, receiving a course of treatment for her health. She is now showing good improvement and is expected to return home in a few days.

George Troop and C. R. Troop, the latter of Plattsmouth, were on the market last Monday with a number of very fine hogs, which they had been fattening at the yards of George Troop. They found a good market, as you can tell when you buy your next pork chops.

The horse sale of Otto Schaeffer, which was held last week was an excellent one, Mr. Schaeffer having a large number of excellent horses, including matched teams and single horses and mules, all of which found a ready market. The sale had been extensively advertised, which goes a long way when it comes to attracting customers. Rex Young, of Plattsmouth, was the auctioneer.

Brought Home Car of Horses

Don C. Rhoden was over to Okcreek, South Dakota, last week, where he went to visit with his wife, who is teaching there, and also visited Mrs. William Gorder, another Cass county lady, who is teaching in that vicinity. On his return he brought with him a car load of horses which he expects to dispose of here.

Moved to Lincoln Sunday

Henry McCoy, who has made his home in Nehawka for a number of years past and who has found it difficult to find steady employment here, decided to move to Lincoln, where he hopes there will be greater possibilities along this line. He was assisted with the task of moving to Lincoln by members of the American Legion post here, of which he has been a member for some time. Mr. McCoy has resided in a trailer cottage for a few years.

Enjoyed Very Fine Meeting

The Nehawka Woman's club on last Thursday was meeting with Mrs. A. F. Sturm at the Sturm home, Mrs. Robert Prince being assistant hostess. A very fine meeting was enjoyed by the large number of members who were present.

The subject of study was "Interior Decoration" and extensive discussion of the subject brought out many interesting facts. Miss Fitzsimmons, of

Can Rest Secure

When you use a Miller Burial Vault, you can be assured your loved ones are secure from vermin, water or any other substance, as the cover absolutely seals the vault air tight. Ask for a Miller Safety Burial Vault when burying loved ones. Cost is moderate!

James Miller
Nehawka, Nebr.

Lincoln, was the guest speaker, and handled the subject in fine manner, giving the members valuable advice along the line of making the home beautiful.

Auto Business Very Good

Clarence Hansen, proprietor of the Hansen garage, reports the sale of five new cars during the past six weeks. This is an indication that the depression no longer has everybody down.

Former Citizen Very Sick

Thomas S. Pitman, who with his wife have been making their home at that of a daughter, Mrs. Laura Fleischman, has been very ill for some time and last Sunday all the folks were present to visit with the father and mother. After a consultation regarding the health of the former, it was decided to have him taken to the hospital for treatment and which was done the following day. It is hoped the aged patient will respond to hospital treatment and improve in health to a point where he can once more get about.

Those who were present at the Fleischman home Sunday were C. L. Pitman and family, of Plattsmouth; Marion Pitman and family, of Avoca, and Mr. and Mrs. Robert H. Chapman, of Nehawka.

Guests at Louis Ross Home

Last Sunday night, Mr. and Mrs. Louis Ross entertained at their home and had as their guests for the occasion Albert Anderson and family, Eno Ahrends and wife, and Messrs and Mesdames Hall Pollard, Merritt Pollard and Orin Pollard and the children. A very delicious supper was served and the evening was spent in visiting together.

Methodist Church Services

At the Methodist church here, there is held Bible school every Sunday morning at 10:15. Preaching by the pastor at 11:30. The Nehawka Brotherhood meets the third Tuesday evening each month.

At Weeping Water the Brotherhood meets on the second Thursday evening of the month. Visitors from Nehawka welcome at all times, as well as to the Weeping Water church services which include preaching at 10, Bible school at 11, E. L. at 6:30 and the evening preaching service at 7:30.—Rev. E. S. Pangborn, Pastor.

United Brethren in Christ

Rev. Otto Engbretson
We are glad to be able to announce our services again this week after a siege of sickness. We want to thank all those who helped us and gave us so much fruit and beautiful flowers. May Jesus Christ be praised. We hope to be with you in all the services next Sunday, the Lord willing.

NEHAWKA CHURCH

Bible church school 10 a. m.
Evening Gospel service at 7:30.
Mid-week Prayer and Praise meeting Wednesday evening.
The Woman's Aid is being entertained by Mrs. Grover Hoback with Mrs. W. Nixon assistant hostess this week.

The Gospel League meets Friday evening.

Men's Prayer meeting Saturday evening.

OTTERBEIN CHURCH

Bible church school 10 a. m.
Morning worship service, at 11.
The Woman's Society will meet with Mrs. Hoback next week.
The prayer meeting, C. E., and choir rehearsal will be at the home of Johnny Murdoch this week. Next week they will have a party.
Your pastor will try to give you a glimpse of some of the startling revelations given him during his sick spell. May Jesus Christ be glorified.

York College male quartet will give a program over KMMJ February 10th at 2:15 p. m.

HANGS SELF IN JAIL CELL

Atchison, Kas.—Making a rope from strips torn from his blanket, Arthur Harvey, 28, Kansas City Negro who was convicted of robbery in district court here Friday, hanged himself in his cell in the Atchison county jail. His criminal record showed that he had served terms in the Nebraska reformatory at Kearney, Neb., for a shooting in Omaha in 1921, and in the Kansas penitentiary at Lansing for a street car hold-up in Kansas City, Kas., in 1925.

Cheaper Electricity for City Announced by Iowa-Nebraska

Announcement Made of New Additional Use Rate Which Will Be Effective Febr. 1st.

From Wednesday's Daily
Cheaper electricity became an actuality last week for Plattsmouth according to an announcement made today by the Iowa-Nebraska Light and Power company of a new "Additional Use" rate patterned after the rate adopted recently by Utility companies in Alabama, Georgia and Tennessee approved by the TVA and by utility commissions in those states. The new rate became operative throughout the entire territory served by the company February first. It affects every user of electric service reached by the company's lines within residential, commercial and rural fields. A feature of the rate is a generous amount of free electricity, varying with the number of kilowatts used during a corresponding month a year ago, available for the use of each customer.

F. I. Rea, district manager, today defined the new rates as follows: "The 'Additional Use' rate, effective February 1, 1935 applies to any residence, commercial or rural customer who increases his monthly electric consumption over that of the corresponding month during the year, February, 1934 to January 1935, inclusive. In calculating any such bill, his bill for the corresponding month (February, 1934 to January, 1935, inc.) shall be the minimum. Customers not increasing their consumption as above outlined will be billed on present rates.

Announcement of the new rate was first made by Lowell R. King, president of the company, at a general meeting in Lincoln recently, attended by all district managers. Local announcement was withheld pending completion of necessary changes in accounting.

Commenting upon the new rate, Mr. King said, "It has been the policy of this company to lower electric rates whenever economic conditions justified such reductions. Since 1924 the cities and towns which we serve have enjoyed rate reductions, ranging from 35% to 50%. These reductions were justified because of increased volume of sales which reduced our operating costs per unit. "During the last few years volume of sales has decreased and we have been unable to make any general reduction since December 1931. In such cases where rate reductions were requested we promised that as soon as volume increased again our policy of reduction in rates would be resumed.

"We now have a plan which we feel will hasten a rate reduction by increasing our sales of kilowatt hours. This plan is based on the assumption that lower electric rates will greatly increase consumption and is frankly an experiment, whereby the individual who increases his consumption over the corresponding month of the preceding year receives an immediate rate reduction automatically.

"Increased taxes which our customers pay through their electric service bill, increased expense due to shortened working hours, much higher fuel costs, and drop in volume of business has decreased the revenue from which to pay our operating costs.

"Here is an opportunity to obtain the benefit of decreased rates at once by increasing your volume without waiting for your neighbor. If the theory is correct, permanent lower rates will follow for all."

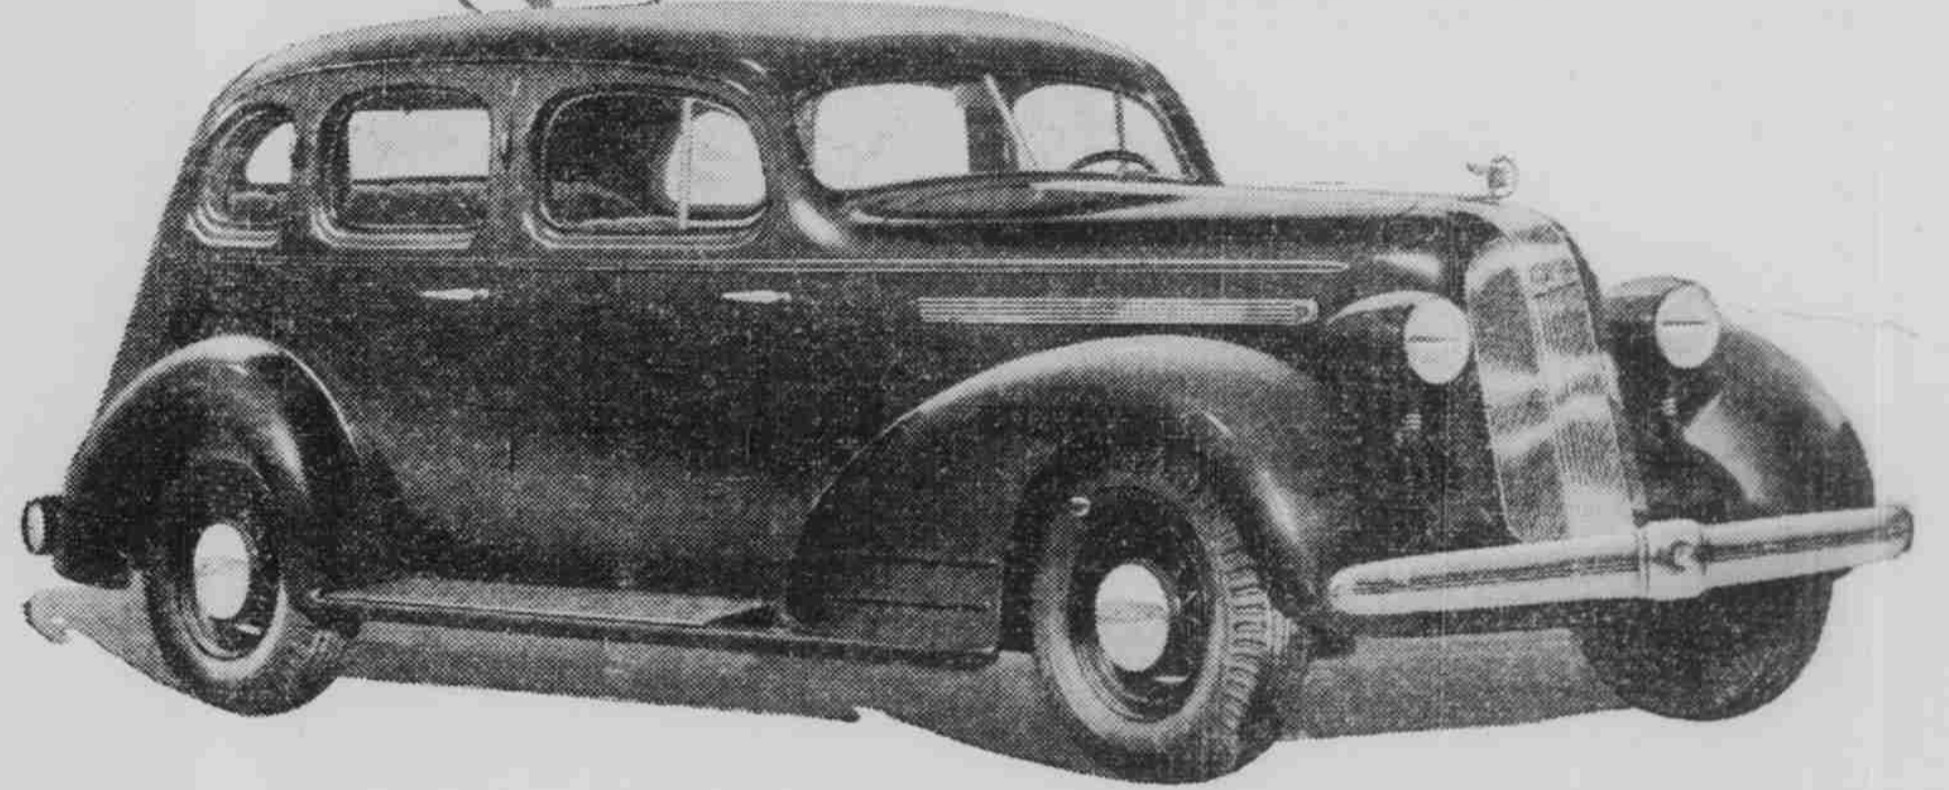

In order that every customer may become familiar with the rate and utilize the extra electric energy which it provides Mr. Rea requests customers to telephone or visit the company office or ask any employee of the company. Company employees have been specially schooled to answer all questions which might arise concerning the "Additional Use" rate.

"At first thought many customers may think it will be difficult or impractical to use the extra kilowatts to good advantage," declared Mr. Rea. "However, experience in the application of the freer use of electricity has proved that all customers can benefit by it. A night light serving as burglar protection is one, a porch light or a stairway light as safety measures are others. More and larger lights, giving better illumination and conserving eye-sight, liberal use of heating pads in winter and fans in summer are other worthwhile uses for free KWH."

According to Mr. Rea, the low rate on the last block represents a 25% reduction from the lowest rate formerly available. Greatly increased use of electricity for cooking and air con-

Now on display for the first time in this city

the New Pontiac STANDARD SIX

An Additional line of cars whose quality and beauty make the price phenomenal

Today Pontiac presents an addition to the Pontiac family—the Standard Six line—even lower in price and offering many of the features that the 1935 De Luxe Six and Improved Eight introduced with such sensational success. All models have the same speedlined styling that gained Pontiac the name of the most beautiful thing on wheels. The bodies are the same solid steel "Turret-Top" Bodies by Fisher. The brakes are the same—big, positive hydraulics, triple-sealed against

dirt and moisture. The new ride, the happy result of stabilized, synchronized springing, is every bit as gentle and comfortable as you could ask for. The engine, with its silver-alloy bearings, provides dependable performance so smooth and lively that you will doubt it is a six. And, best of all, it operates with an economy of gasoline and oil that will literally amaze anyone who has had experience with other low-priced cars! A look, a ride and you'll decide you simply can't do better.

PONTIAC MOTOR COMPANY, PONTIAC, MICHIGAN, Division of General Motors

GARAGE OF MURRAY

MURRAY, NEBRASKA

Local Ball Adds to Funds for a Worthy Cause

One Hundred Dollars Clear Derived From President's Ball and Turned Over to Treasurer.

As the result of the response of the Plattsmouth residents and those in the immediate vicinity there was \$100 realized as clear of all expenses of the Presidential ball given here on January 30th.

C. A. Rosencrans, who has had charge of the ticket sales for the big event, has turned over this sum to be used in the fight against the infantile paralysis scourge in all parts of the nation.

Under the plans of the general committee seventy per cent of the fund remains here for local service while thirty per cent is sent to the general foundation treasurer at New York City to be used in the national campaign to eradicate this malady from the land.

There were over 5,000 of these presidential balls held this year and the funds realized will go a long way toward stimulating the campaign against the dread malady.

The various committees that functioned so well locally had a large part in putting over the even in such fine shape and making it possible for the success that was achieved.

Conditioning is predicted as a result of this sharp reduction in current costs. Upon request the company will furnish information concerning the number of free kilowatts to which each customer is entitled every month as well as specific examples concerning practical uses for it.

Ray Frans and Rev. B. H. Kunkel of Union, were in the city Monday afternoon to look after some matters of business and visiting with friends.

DELIVERS ADDRESS

R. Foster Patterson, principal of the local high school, was at Omaha Tuesday evening where he was the speaker before the Monroe school P. T. A. Mr. Patterson had as his subject, "Lincoln in the Hands of His Critics," a very able historical address on the life of the great civil war president whose birthday anniversary is this month.

Mr. Patterson has been invited to speak at the open house held by the Parent-Teachers association of the Central high school at Omaha on the evening of March 5th. Mr. Patterson will have as his subject, "Educating for an Abiding Americanism."

UNDERGOING TREATMENT

Hillard Grassman, who since Monday has been suffering from a very serious gathering in the head and ear, was taken to Omaha Tuesday where he will undergo treatment. Mr. Grassman has suffered a great deal this winter from flu and severe colds and which apparently settled in the ear. Temporary relief was given here Monday by a minor operation and he was taken to Omaha Tuesday where he was given an examination by specialists and later placed in the Methodist hospital for observation and to determine just what is the cause of the trouble.

MANY VIEW ECLIPSE

The residents of the central west Sunday morning had the opportunity of witnessing an eclipse of the sun, which occurred between 10 and 10:30. The eclipse was about fifty-five per cent of the sun's surface and during the passing of the shadow of the moon over the sun the sun's rays were dimmed to a hazy condition. Hundreds had prepared smoked glasses or used old films for the purpose of observing the sun.

There will be several of the eclipses in the coming year.

Lift Restriction on Purchases of Feeder Pigs

Government to Allow Unlimited Purchases of Hogs for Feeding Purposes This Year.

Farmers who sign the 1935 corn-hog adjustment contract will be permitted to purchase an unlimited number of pigs for feeding purposes from non-signers as well as contract signers, it was ruled today by Secretary of Agriculture Henry A. Wallace. The new ruling becomes effective as of December 1, 1934.

In the original form the 1935 contract provided that the signer might buy this year an unlimited number of feeder pigs from other contract signers, but he was not permitted to buy from non-signers more feeder pigs than the average number purchased by him during the two-year base period, December 1, 1931, to November 30, 1933, inclusive.

Removal of all restrictions on the number of feeder pigs purchased in 1935 by contract signers is based on recommendations of a number of producers. It will expedite the movement of feeder pigs from contract signers in drought areas, for example, to contract signers in areas with adequate feed supplies by way of third parties at public livestock markets as well as by direct transfer. Until the new ruling was made, pigs bought from yard traders or other third parties at livestock markets were regarded as pigs purchased from non-signers—even though the pigs may have been delivered to the livestock market by contract signers. This technical limitation tended to hamper the movement of pigs from one region to another by way of the public livestock markets.

The removal of restrictions on the number of pigs that may be purchased by the contract signer in 1935

VISITS IN OLD HOME

Fred W. Ebinger, of Plainview, arrived in the city Monday afternoon for a visit here with Mr. and Mrs. George Weidman as well as with the many friends over the city. Mr. Ebinger is at Omaha to attend a meeting of the state hardware dealers' association of which he has been an officer for a long period of years, and while there took advantage of the opportunity to visit the old home town where for many years he was engaged in the hardware business.

INDICTED FOR RIOT

Albert Lea, Minn.—Armed guards stood watch at the Potter foundry, scene of bloody violence twenty-four hours earlier, after a Freeborn county grand jury indicted nine men for the "crime of riot."

pertains to stocker and breeding hogs as well as to feeder pigs.

Contract signers who purchase feeder pigs are required to keep information with respect to (1) the date of each purchase, (2) the number of feeder pigs purchased, (3) the average weight of pigs at the time of purchase, (4) the method used in distinguishing feeder pigs from pigs farrowed on the farm, and (5) the name and address of the seller or person who delivered the feeder pigs.

Unless this evidence can be furnished at the time of checking compliance, and unless all feeder, stocker and breeding hogs purchased as well as hogs fed for others by contract signers are marked for identification, it will be assumed by corn-hog committeemen that such hogs have been purchased for market from 1935 litter owner by the contract signer at the time of farrowing.

No adjustment payments are made to signers on feeder pigs they have purchased but the producer of the feeder pigs may be entitled to an adjustment payment if he is a contract signer.
