Woodman Circle Convention to be a Gala Affair

Two Day Program to Be Filled with Much Activity and Many Distinguished Visitors.

Two days of interesting activity are being planned for the Woodmen Circle state convention Friday and Saturday, March 1 and 2, when national and state officers, field workers and delegates will gather at the Fontenelle Hotel in Omaha. The society is celebrating its fortieth anniversary, which will be observed at the convention.

Miss Marie Kaufman, state auditor, and Mrs. Ida Cotner and Mrs. Anna Fitzmeyer, delegates of Goldenrod Grove No. 90, and other members of the local grove are planning to attend.

Distinguished officers who will be present are Mrs. Dora Alexander Talley, national president, Mrs. Mamie E. Long, national secretary, Mrs. Julia Eanders, state president, and Mrs. Florence H. Jensen, state manager, all of Omaha.

Mrs. Sanders will preside over the opening session at 10 o'clock Friday morning. Other state officers will fill their respective positions. Included on the program will be introduction of national officers and guests, an invocation, an address of welcome by Mayor Roy Towl, response by Mrs. Ruth Marhenke, Lincoln, state junior supervisor, vocal and piano selections, and greetings from the Woodmen of the World by Charles Burmaster, state manager.

A complimentary luncheon, honoring delegates and state officers, will be served at the Woodmen Circle national headquarters building at noon by members of the Omaha groves. Following luncheon, members of the convention will be shown through the building.

At 2 o'clock there will be a general business session, during which various committees will report, and donations will be presented for the society's Home for Aged Members and Orphan Children at Sherman, Tex.

A banquet will be held at 6 p. m., with Mrs. Sanders acting as toastmistress. Hugh Wallace and Herbert Seierman will be pep leaders. Entertainment will include a group of special songs and a violin and piano number. Mrs. Talley will talk on "Aims, Accomplishments and Future Plans of the Society." Short talks will be given by Mrs. Long and Mrs. Jensen.

Since 1879

8 o'clock, will be a pageant, "Court of State," at which Mrs. Talley, the national president, will be presented as queen of the Court of Heart's Desire, and Mrs. Long, the national secretary, as the princess of the Court of Heart's Desire. The pageant is under the direction of the three Tau Phi Lambda clubs of Omaha. Miss Florence O'Hare, president of the Do-Al-Ta club, will act as mistress of ceremonies; Miss June Jensen, president of the Neophyte club, as chaplain; and Miss Victoria Engelthaler, president of the Hol-Jen club, as scribe. Degree teams from Omaha, Norfolk and Lincoln and Omaha Juniors will take part.

At 10 o'clock Saturday morning the juniors will demonstrate the junior ritualistic and team work. There will be a flag drill and other entertainment numbers.

The afternoon meeting will be open at 2 o'clock with a memorial service for members who passed away since the last state convention, special honor being paid Mrs. Katherine Remington, a former state manager, Mrs. Annie Watts, former national treasurer, and Mrs. Mary E. LaRocca, former national president. Presiding officer will be Mrs. Jensen, who will be assisted by the state officers. The memorial address will be given by Mrs. Long.

Following the memorial program, new members will be initiated, with Mrs. Cecelia Hill, guardian of Fraser grove No. 1, Omaha, presiding. Mrs. Talley will present cash gifts to the senior and junior teams, following which she will preside over a school of instruction, which will conclude the convention program.

One of the purposes of the convention will be to elect new state officers and two Nebraska delegates to the national convention which will be held in New York early in July.

Favors Setting Districts Up by Petition Method

Perennial Weeds Are Worse Than a 50 Percent Mortgage, Agronomist Warns.

A good workable weed law, if farmers become "weed minded" and co-operate in eradicating such pests, is needed in Nebraska, F. D. Keim, chairman of the college of agriculture agronomy department, believes.

Setting up a law which will do some good and not work too many hardships upon those having a great amount of land covered with weeds is not an easy job, Doctor Keim says. A noxious weed law should set up eradication districts by petition. Unless the problem is attacked by precincts, townships or communities, very little good will be accomplished.

"If farmers are not interested enough to sign up and go about the job of eradication in a systematic way, very little will be accomplished," Doctor Keim declares. "Unless a community really becomes weed-minded and makes an honest attempt to destroy the bad weeds, it will do very little good to have the federal or state government come in and eradicate them. Even if a large program of eradication should be carried on, it will take the interest and co-operation of farmers and land owners to keep them from coming back again."

A need for a definite office of weed control is also brought out. In a bill before the present legislature, a state weed control advisory commission would be set up whose business it would be to draw up regulations and see that a careful program of eradication is carried out that would be fair to everyone and would not work undue hardships on land owners, who would also develop a method of procedure that would systematically perform these duties.

"If perennial weeds, such as bindweed, perennial pepper grass, leafy spurge are allowed to spread, they present a far more serious problem than placing a 50 percent mortgage on the farm," Doctor Keim declares. "Not only will they reduce the yielding capacity of the land approximately by half, but it will cost from \$10 to \$40 per acre to get rid of them. Wide awake farm loan men are not placing loans on farms with bindweeds, and they are definitely discriminating against land infested with any of these bad perennial weeds."

ITALIAN TROOPS ON MOVE

Rome.—The Rome railroad terminal and way stations between Florence and southern Italy saw a continuous flow of troops and auxiliary experts moving southward as Italy, dissatisfied with progress of its negotiations with Ethiopia, rhythmically carried out its program of preparedness. In Florence the 18th division, consisting of 17,000 men, was prepared to move to Naples or another embarkation point Friday. This sailing probably will be followed by departure of the 29th division, which has been spread out at Catania, Syracuse and Messina, Italy.
