

Stage Star Defends Husband

Sir Robert Peel Lady Peel (Beatrice Lillie)
 "Absolutely untrue. Why, it's preposterous," said Beatrice Lillie, above, famous actress, when she was told in New York City that Mrs. Doris Draper had testified in a London court that she had lived with the late Sir Robert Peel, inset, husband of the stage star, for five years before he died last April. Mrs. Draper made her statement during a suit to recover two ermine coats valued at \$1,500.

COOPER RESISTS COUNCIL OUSTER; BRIEF STUDIED

Des Moines, Ia., March 18.—Further action in the state executive council removal action against Chairman Harold M. Cooper of the state liquor control commission was deferred today until a brief prepared by Cooper's attorneys can be studied by Assistant Attorney General Walter Maley.

Maley said it probably will take him at least two days to consider the 18 page brief and to prepare a report to the council.

Cooper and his attorneys, T. E. Diamond of Sheldon and H. G. Cartwright of Marshalltown appeared before the council at a closed session this morning in response to the council's order that the liquor commission chief show cause why he should not be removed.

Cooper was convicted February 15 by a Linn county jury on a charge of violating the liquor control act and refused to resign when Governor Clyde L. Herring requested him to do so.

Setting forth the selections of the Iowa liquor law under which an appointive state officer may be removed, the brief submitted today cited various court cases as sustaining the contention that it is necessary to establish "a bad intent and purpose and corrupt motives on the part of Cooper" before he could be removed.

NEBRASKA RELIEF NEEDS FOR APRIL SET AT \$2,236,500

Lincoln, March 18.—Nebraska will need \$2,236,500 for relief needs in April, Rowland Haynes, federal relief administrator for the state, said today as he prepared to forward to Washington his recommendation for \$1,986,825 in federal funds.

Haynes said the state and counties would furnish about 250 thousand dollars of the needed funds. The request for April includes \$1,329,100 for general relief, \$49,300 for transients, \$19,500 for student relief.

Washington, D. C., March 18.—Federal relief expenditures for March will be approximately 28 million dollars less than in February, the federal emergency relief administration announced today as it allocated \$67,575,313 for unemployment aid the last half of this month.

The government spent about 157 million dollars last month for the needy. March allotments total \$129,732,527.

Officials attributed part of the decline in costs to increased contributions from states and communities.

The allotments included: Colorado \$620,549; Iowa, 425 thousand dollars; Kansas, \$653,500; Missouri, \$1,471,507; Nebraska, 400 thousand dollars.
