## UNION ITEMS.

C. W. Hoback is confined to his home with an attack of flu.

Rev. and Mrs. W. A. Taylor and Miss Marjorie Hoback were at Nebraska City last Friday.

Ted Connelly, who is an employee of the Safeway store at Crete, called on friends here over Sunday.

Jack and Frank were over to Nebraska City last Sunday, where they visited for a time and also attended a picture show.

Charles Hanson, who has been farming some few miles southwest of Union, has moved on the Ed Everett farm east of town.

Ed Morris and family were visiting in Louisville last Sunday, where they were guests for the day at the home of Mr. Morris' brother.

Vincent C. Straub, who resides south of Avoca, was a visitor in Union last Monday and was looking after some business here for a time.

D. Ray Frans was in Plattsmouth last Thursday, where he was looking after some business matters and calling on numerous of his friends there.

Earl Keedy and wife, of Ashland, were visiting with relatives and friends in Union last Sunday and were enjoying their stop here very much.

Edward Finger, of Auburn, was a visitor in Union last Monday morning and was consulting with his friend, George A. Stites, regarding some business.

Mrs. Mary Campbell, of Plattsmouth, was a visitor in Union last Sunday, being a guest at the home of her daughter, Mrs. Charles Atteberry and family.

Pat Roddy, who travels on the road selling goods, has been in the territory near Union, and was thus enabled to spend several nights at the home of his mother here.

Daniel Reynolds was a business visitor in Omaha last Saturday and on Monday was called to Nebraska City to look after some business matters for a short time.

Earl Merritt, who has been kept to his home and bed for a number of days with a severe attack of flu, is able to be out again and look after his work at the Union schools.

R. B. Leach, of Arriba, Colorado, was in Union to attend the funeral of his foster sister, Mrs. Earl Troop, which was held last week. He returned to his home in the west Saturday.

Lineman Lambertson of the Lincoln Telephone company's force at Plattsmouth, was a visitor in Union last Monday and was doing some work on the switchboard of the local exchange.

Earl Troop, who has been employed at Genoa on the Columbus project, has asked and has been given an exchange to the work here on the Missouri river instead of where he has been working.

Mrs. L. G. Larson, of Plattsmouth, mother of Mrs. R. E. Foster, arrived at the farm for an indefinite visit at the home of her daughter and family. She expects to remain for several weeks, at least.

Mrs. C. E. Withrow, of Palmyra, was a visitor in Union for a number of days last week, being a guest of her son Elmer Withrow and family. She was also calling on friends and relatives in Nebraska City.

John R. Pearson, of Auburn, was looking after some business matters in Union last Sunday, coming to visit with his wife and her mother, Mrs. Mary B. Allison, who the wife has been caring for during her illness.

The Rev. Bishop Shaylor, of the Episcopal church of Omaha, was a visitor in Union last Sunday and conducted services at the home of Mont Robb and daughter, Miss Augusta. A considerable number were present to hear the fine discourse by the learned bishop.

Miss Laura Esther, who has been rather poorly for some time past, and was taken to Omaha for an operation, following a number of attacks of appendicitis, was very low for some time after the ordeal and grave apprehension was felt for her recovery. She was reported as showing slight improvement on Monday, however.

Joseph V. Brandt, living a short distance west of Union was shelling and delivering his corn to the Union elevator. There is not much corn left in this neighborhood to be delivered. The farmers are looking forward to a bumper crop this year, however, and if given anywhere near a normal amount of rainfall, should see their expectations realized.

W. A. Clarence has been busy assisting with the erection of the new oil station and getting it in readiness for operation. William Highfield, an employee of the Iowa-Nebraska Light and Power company, was down Saturday and wired the station as well as connected up the pump and motor, so everything was in ship-shape for the opening Monday morning.

Assisting in Mynard Play  
The Morris brothers will assist in the presentation of the play being put on this week by the Mynard Community club, the title of which is "Mirage." This is a western story, produced in typical western surroundings. Besides the four successive nights at Mynard, it will also play a one night stand in Nehawka. The Morris boys

will appear in western costume and sing a number of cowboy songs.

**Two Bulls for Sale**  
I have a roan polled Shorthorn bull ready for service; also a Durham—both very fine.  
JOSEPH A. EVERETT,  
m28-1t sw Union, Nebr.

**Car Government Feed Here**  
On last Monday there arrived a car of government feed for distribution among the farmers of this section. The feed will be sold to those who have money with which to pay for it, but in case the farmer has no money for this purpose, it is so arranged that they can secure what is necessary for the care of their stock and will be given relief work with which to pay for it.

In a section of the country noted for the growing of abundant crops year after year, it seems strange that it should be found necessary to have government feed shipped in. But such is the case, due to the drought that prevailed last summer throughout the greater part of the middle west.

**Making Home on West Coast**  
For the past six weeks, W. A. Propst and wife have been in the west, having gone to Los Angeles, where Mrs. Propst is remaining for her health, as she has not been well for some time and is hoping that the change in climate will prove beneficial. Mr. Propst has established an automobile agency there, and will handle Chevrolet cars and trucks. He is looking forward to a good business, as there is a great demand for cars on the west coast this year.

**Guests from Missouri**  
H. W. Carse and family, who reside in a trailer cabin east of town while Mr. Carse is employed on river work, entertained guests from Parkville, Mo., last Sunday, when Miss Bessie Brank, sister of Mrs. Carse, accompanied by a gentleman friend drove up to remain over the week-end.

**Injured in Fall**  
While the seven year old son of Mr. and Mrs. Eugene Moore was playing at the Union schools, the lad suffered a fall which it was feared caused a fracture of his arm. He was hastened to Nebraska City by Dr. Anderson for an X-ray examination in order to determine the extent of his injuries.

**R. M. Taylor Very Poorly**  
R. M. Taylor, who lives near Nehawka, has been in poor health for a number of years and during the past few weeks his condition has been critical. His brother, Rev. W. A. Taylor and wife, were over to the farm last Monday and found him very low.

**Goes After New Truck**  
Henry H. Becker was in Omaha on Monday, going up after the truck he had left there to have a gas and oil tank installed and the same repainted. He had intended to bring down the gas pump for the new station of Ray Becker, but the pump and motor arrived in Union after his departure for Omaha and he was called and told not to bring another. The new truck is of neat appearance and will be one of several that will haul and deliver gas, oils and grease from the new bulk station being opened here.

**Opened New Station Monday**  
Ray Becker, of the Becker Oil company, opened the new bulk station on Monday and the Clodt Service truck was here from Plattsmouth for a load of gasoline, as they are carrying the White Rose line handled by the Becker company and it will be very handy for them to get their gas here instead of having to drive a greater distance for it. Another truck was here from Syracuse early Monday for a truck load. The station unloaded two cars of gas and one of coal oil with a continual flow from the station into the trucks that are delivering the gas to retailers at different points over this part of the state. Soon there will be six outside trucks calling here regularly for their supply of gas and oils.

**Stole Washing Machine Motor**  
Mrs. Myrtle Swan, who has an electric washing machine which she keeps stored in the washhouse, received a surprise Monday, when, after heating the water and making all preparations to turn out the family wash, she discovered the motor missing.

## Chick Mash

We manufacture a Chick Mash second to none at \$2.50 Cwt. or We will Mix Your Own Formula for You  
We carry all the necessary ingredients. For prompt service  
CALL ON  
**Geo. A. Stite Grain Co.**  
Union, Nebr.

covered that the electric motor had been removed from the machine. It would seem that nothing is safe these

days, when even motors are stolen from washing machines. As a result of the loss, there was no washing that

day. Another motor was procured and the washing was turned out the following day.

Advertising expense yields a far bigger dividend than any form of investment.

# LOW PRICES alone

## Becker Oil Company

This Week We Opened for Business Our New Gasoline and Bulk Oil Station

We will handle the White Rose products—Gasoline, Oils and Greases. We are now ready for business, which is coming in good quantity. We shall keep a truck here for the delivery of goods to our patrons. In Plattsmouth the Clodt Service will carry our line. Drop in and see them for what you need. A number of service stations have arranged to carry our goods and we desire to express our thanks for the business already coming to us, and to assure all that we shall do everything possible to give you not only the best service, but best goods as well.
