HAVE FINE MEETING

From Saturday's Daily
 Last evening there was a gathering of some 150 of the residents of Eight Mile Grove precinct held at the Heil school house west of this city, called to take up projects to fit in with the program for public improvement programs in that section of the county.

The meeting was presided over by Frank Salberg while John B. Kaffenberger was elected as the secretary of the meeting.

Judge A. H. Duxbury and County Commissioner J. A. Pitz, who were present were called upon for a few remarks and gave an outline of the intent of the projects to take up the unemployment in the communities where the projects might originate, as well as the action that had been taken in other communities where meetings had been held.

There were a number of projects offered but it was decided by the citizens present that the gravelling of the mail routes in the precinct leading from Plattsmouth, Louisville and Cedar Creek be the first choice of the projects to be taken up.

A committee composed of Lloyd Group, August Keil and George Stoehr was named to take up the matter and prepare a report to be submitted at a meeting to be held on April 15th at the Heil school and at which time there will be final action taken on the matter.

ELMWOOD STAYS DRY

The voters of Elmwood village on Tuesday by a vote of 124 to 85 registered their disapproval of the sale of 3.2 beer in that place and the village will continue to remain without the foaming beverage.

Henry Voght and Louis Hollenbeck were elected as members of the board of education and Ed Ernst and Harry Linder were selected as members of the town board for the ensuing term.

HAS BROKEN LEG

The reports from the St. Mary's hospital at Nebraska City are to the effect that Robert Cook, of this city, has suffered a fracture of the leg close to the hip. The injury was sustained here Tuesday afternoon and the patient was taken at once to the Nebraska City hospital where an examination revealed the serious injury. The limb has been set and Mr. Cook is resting as comfortable as possible under the circumstances.

MURDOCK ITEMS

E. M. Shatto, who has been visiting for the past week or more with friends in Plattsmouth, returned home last week.

Mrs. Una McHugh and son Edwin and Mrs. Hannah McDonald were in Omaha last Wednesday, where they attended the National flower show.

Mr. and Mrs. Robert Long, of near South Bend, were visiting and looking after some business matters in Murdock last Wednesday afternoon.

Glenn Niel of Plattsmouth was a business visitor in Murdock last Tuesday morning and was meeting with a number of the business men while here.

Fred Lau, wife and son Lennie were looking after some business matters in Lincoln last Wednesday, driving up in their car to do some trading.

Mrs. A. J. Tool was visiting for a few days during the fore part of last week in Omaha, a guest at the home of their daughter, Mrs. George Work, of that place.

Walter Thimgan has added to his farming equipment a new tractor that will handle most of the heavier work about the place, leaving the lighter tasks to old dobbin.

Miss Hilda Schmidt, daughter of Mr. and Mrs. Herman R. Schmidt, of Murdock, who is employed in Lincoln, was a visitor for over the week end at the home of her parents.

Mr. and Mrs. Eddie Craig were visiting at the home of the father of Mr. Craig, Mr. and Mrs. B. A. Craig of Beatrice, they driving over for the day and enjoying a very pleasant visit there.

Henry Carson was spending the day yesterday (Sunday) with his mother, who makes her home in Havelock. Like the dutiful son that he is, Henry visits his mother every Sunday when it is possible.

Mr. and Mrs. L. Neitzel went to Omaha Thursday, where they attended the National flower show. They drove over to the metropolis in their car. Chas. Kupke looked after business at the store during the time Mr. Neitzel was absent.

Mrs. Meta MacDiarmid and daughter, Dorothea Jane, spent last Sunday and Monday at the Neitzel home here. Mrs. MacDiarmid has just returned from a trip to California, which she enjoyed very much, but for a home Nebraska is good enough for her.

Mrs. Carl Baumgartner, who has been making her home with Mr. and Mrs. C. Baumgartner during the time her husband, Dr. Baumgartner, is engaged as a physician at the CCC camp at Niobrara, made a trip to that place and spent a week with her husband, returning home last Monday.

The Bornemeier girls, Helen, Elsa and Mary, formed a party who were viewing the wonders of the National flower show at Omaha last Wednesday, and were much pleased with the excellence of the exhibits. During the time they were away, the telephone exchange was looked after by Miss Loretta Ruge.

Louis Hornbeck, who is auditor for the Modern Woodmen of America, has a group of camps to audit extending over a large part of northwestern Nebraska, as well as some towns in the northeastern part of the state. At Niobrara, where his duties took him recently, he enjoyed the pleasure of a visit with Carl Baumgartner, who is a physician in the CCC camp at that place.

Mrs. W. J. McDonald was called to Plattsmouth last week on account of the serious illness of her father, Edward W. Thimgan, who has been sick for the past two weeks with quinsy, and has had to have his throat lanced five times in order to obtain relief. He is now recovering, however, and has been able to be down town a number of times, but is still feeling very poorly.

A. H. Ward, representative of the Deep Rock gasoline and oil company, with the assistance of his friend, Steve P. Leis, was painting and embellishing the truck which Mr. Ward uses for the distribution of his products. The truck, since it has been painted, looks like a little red wagon, which is just what it is. The boys have surely proven that they know how to paint a truck.

Prompt Action Won \$25.00
 The Omaha Bee-News has been offering weekly prizes for the sending of important news to them promptly after it happens, so when that kind of news occurred in Murdock on last Friday night, H. W. Tool was on the job and sent in a report of the attempted robbery of the store of Henry Amgwert, and the escape of the burg-

lars on foot, to later steal a car and head for Omaha, where they were taken into custody by Omaha police. As a result of his promptness, Mr. Tool was awarded the first prize last week, \$25.00 in cash.

Election Day in Murdock

The matter of selecting municipal officers and members of the school board in Murdock was up for consideration of the voters last Tuesday was decided in a manner satisfactory to all. A goodly number of votes were cast and when the counting board had completed its work, it was found that Charles Kupke, Otto Miller and Chas. Scheffer had been successful in their quest for a place on the village board and Charles Buell and Wm. Stock were the successful school board aspirants. As in all elections, someone must lose, and that was the case here. The candidates were all good men, and regardless of who might have been elected, the business affairs of the town and schools would have been administered in a credible manner.

Willing to Serve Rural Area

The volunteer firemen of Murdock, who have organized themselves into a very efficient fire fighting force, all willing to respond to fire calls sent in from the surrounding country, outside the town limits, which they have done a number of times in the past, but feel that a portion of the expense entailed should be borne by the parties calling them. The cost of making such trips includes gasoline, wear and tear of their equipment and time lost by the members responding to the call. In order to be fair about the matter they have decided upon a charge of \$5 for trips made outside the town limits. That is surely very

reasonable, and anyone whose property is in danger of destruction by fire should be glad to give that sum to procure the services of the firemen and their efficient equipment.

Received Car Load of Salt

The Farmers Elevator company, of which Henry Carsten is manager, received a car load of salt last Wednesday and was having the same unloaded by Otto Elehoff, Ben Hicker and Paul Gilker. The salt was being placed in the warehouse at the elevator.

Rug and Quilt Show

Again we wish to call your attention to the Rug and Quilt show which the R. N. A. Ladies are having April 13th at the hall. Old and new quilts are wanted to help make it a success. Also any type of rugs that may be of interest.

Those having either rugs or quilts that they wish to exhibit, please have same in the hands of the committee, Mrs. H. V. McDonald, Mrs. H. A. Tool and Mrs. H. Lawton by 10 o'clock Saturday morning, April 13th.

The plans for the food sale have been abandoned, but a delicious lunch of sandwiches, cake and coffee will be served.

Everyone is invited to come and help make this a success.

BANK MESSENGER ROBBED

Kansas City.—A robber trio with a foreign accent kidnaped a bank messenger, seized \$6,000 in currency and released him fifteen miles away after threatening to "blow your head off if you look around."

"And I didn't look, believe me," said slightly-built Chester Conrad, 35, who had left his Missouri Bank and Trust company office to cash a check with the Commerce Trust company in the same building. Near Liberty, Mo.—one of the old haunts of Jesse James—Conrad was thrust from the car.
