Ray Misner and Claude Helm, who are employees of the Telephone company at Plattsmouth, were in Union last Monday looking after some business matters for the company.

The Rev. Kunkel was over to Weeping Water last Sunday, where he occupied the pulpit of the Methodist church while Rev. E. S. Pangborn was conducting services in Union, closing the series of revivals.

The Dr. George Gilmore family of Lincoln came down Friday for a week-end visit with the Dr. Ray Frans family. On Saturday afternoon, the two families and Mrs. Jennie Frans took in the flower show at Omaha.

S. W. Copenhaver and family were enjoying a visit last Sunday at the home of Mr. and Mrs. E. J. Wood of Nehawka, Mesdames Copenhaver and Wood being sisters, which added much to the pleasure of the visit.

Dr. and Mrs. L. N. Kunkel, of Weeping Water were in Union last Sunday, where they were guests at the home of Rev. Kunkel for the day notwithstanding the fact that Rev. Kunkel was preaching at Weeping Water.

Rev. W. A. Taylor was over to the home of Carl A. Balfour, where he conducted the funeral of the late William Balfour last Friday. His friend, Silas Munn, came for Rev. Taylor in his car, taking him to the funeral and bringing him home.

John Fitzpatrick, Charles Land and P. F. Rihm were in Plattsmouth last Monday morning, where they had some business matters to look after, and also served as witnesses in the hearing of those engaged in a small riot here on Saturday night.

Cecil Nickles purchased the produce station of Elmer Withrow last Saturday and immediately took possession of the same, which he is now conducting. Mr. Withrow will continue to represent the Light and Power company and do their collecting.

John Armstrong and son were in town last Monday morning, getting some materials for the construction of a large chicken house for the farm, realizing that there is more money in chickens than in many other kinds of stock or work of equal amount that he might do around the place.

Mrs. D. Ray Frans and Mrs. Ivan Balfour, delegates from the Union Woman's club, accompanied Mrs. L. W. Egenberger and Mrs. Robert Hayes, of Plattsmouth, to the club convention at Tecumseh on Wednesday of last week, remaining till the close of the sessions on Thursday. The ladies report an enjoyable time and an interesting convention.

A number of river workers got into a discussion last week, which grew worse as time went on, resulting in injuries to several, whereupon Constable Charles Land took charge of some of the belligerents and took them to Plattsmouth, where they were lodged in jail until Monday, when a hearing was had and some of the belligerents continued in jail while others were turned loose.

Vance Harris, who was in the western part of the state selling oils and greases, returned home last Saturday night. He was at one place where a man was burned to death with gasoline. The unfortunate man had gotten some gasoline on his clothing and was advised to take the clothes off, but he said it would immediately evaporate and let the matter of changing clothing go. About an hour later, as he attempted to light a cigarette, flames from the match enveloped him and he was burned to death.

Cars Meet at Intersection

As Carl Burton was starting for Nebraska City, where his wife is in the hospital and one of the sons of Ben Martin was also turning into the road, the two cars came together, resulting in considerable damage to both the vehicles, but no serious injuries to either driver, although they were considerably shaken up as a result of the impact.

Surprise Birthday Party

A surprise birthday party was held recently in honor of Donald Becker, who was ten years old, and a few of his little friends staged the surprise. They played all kinds of games and later refreshments of sandwiches, pickles, jello and the birthday cake, were served. He got many beautiful presents.

Another Auto Accident

While W. E. Keynoide's was going home from Union last Saturday evening and was turning off the highway just past the Weeping Water bridge, two cars from Nehawka endeavored to go around the Reynolds car, and as Mr. Reynolds was already turning and had slowed up for the purpose, the Nehawka car struck his, locking them together and turning the other car over, with considerable damage done to both cars. None of the occupants were seriously injured which is indeed fortunate. One can replace twisted automobile bodies and frames, but when the human chassis comes out of a wreck badly battered up, it often means carrying the injuries through life. Still, there continues an ever increasing number of automobile accidents, many of which could be avoided, if drivers would all exercise care.

Child Badly Injured

While the little children of George Roddy were at play, the 11-mo.-old son got his hand in the way of a hatchet with which one of the older children was attempting to split some wood. The result was that the bone of the little finger was entirely severed and a bad gash cut across the entire hand. The injured youth did not cry but very little, although his injury was most painful. He was brought to the doctor in Union to have the hand dressed, but it was thought best to have an X-ray picture taken, and so Eugene Roddy took the lad, his parents and the doctor to the hospital at Nebraska City where the picture was made and the hand dressed. The lad withstood the entire ordeal uncomplainingly and we are glad to report that he is now getting along very nicely, but will be very careful in the future about keeping his hand out of the way of sharp instruments of any and all kinds.

Fire Department Attend Services

The Union Fire department turned out in a body to attend the services at the Methodist church last Sunday, all being well pleased with the eloquent sermon delivered by the Rev. E. S. Pangborn, pastor of the Weeping Water and Nehawka churches, who was exchanging pulpits with the Rev. Kunkel.

Attended Play at Nehawka

Messrs and Mesdames W. H. Porter and D. B. Porter, accompanied by Mrs. D. C. LaRue, were at Nehawka Saturday evening, where they attended the home talent show, "Mirage," put on by the Mynard Community club players. The script for the play was written by Raymond Cook, who also acted as director. The play was presented at the Nehawka auditorium under the auspices of the Nehawka Woman's club and was attended by a large number of people from the surrounding country. The members of the cast all belong to the Mynard Community club with the exception of the Morris brothers, of Union. This was the fifth performance of the play, it having been presented to packed houses for four consecutive nights, at Mynard.

Stolen Car Recovered

Some one in Omaha stole an Essex car from the Hudson-Essex Auto company of that city and when they had gotten below Union a wheel broke and the car was abandoned by the roadside. Charles Land and helper, Ben Anderson, went down and brought the car to the Land garage, after which the Hudson-Essex company was notified and came down and got the car Monday morning.

Woman's Club Meeting

Mrs. L. G. Todd was hostess to the Woman's club on Tuesday afternoon, April 2, with ten members and five guests present. The meeting was conducted by Mrs. Frans, the president, till the close of the business session, when it was turned over to the leader, Mrs. B. N. Kunkel, who made the subject, "Seeing Mexico" interesting by displaying a map of the country and telling many geographical facts concurring it. One of the guests, Mrs.

Try New Plan to Save Valuable Sudan Seed

Listing in Rows for Pasture—Cheap Crop to Grow at This Season Is Rape.

Farmers in Webster, Harlan and Gosper counties are doing something new to save sudan seed and insure a growth of the spring seeding. They are going to list the sudan in rows for pasture. Some farmers, agronomists at the college of agriculture say, tried this method last year and found it practical. Some of these merely opened up the lister and let it broadcast over the lister furrow. Then by harrowing they were able to keep the weeds down on the ridge.

At Lincoln sudan grown in rows, three and one-half feet apart, yielded 85 per cent as much hay as that put in with a grain drill. This season because of the high price of seed and poor moisture conditions, many farmers will try this method of seeding sudan.

Many farmers have also reported that they plan to make use of rape for pasture purposes this year. It is low in price and is sown at the rate of 5 to 6 pounds per acre. Farmers who have used it say it makes good pasture for hogs, calves and horses. It is often objected to for dairy cows because it gives the milk a bitter taste. Some dairymen, however, say by taking their cows off the rape three hours before milking, they are not bothered by the taste of the milk.

Ralph Opp, who with her husband had recently made a brief trip to Mexico had been invited by the leader to tell of the most interesting of their observations while there, which she did in a very pleasing way. Miss Robb gave something of interest to all about Mexican music, after which Mrs. Ora Guerra gave a demonstration of it by playing two characteristic selections on the piano. At the close of the program delicious refreshments with a pronounced Easter motif were served by the hostess.

The May meeting will be held at the home of the newly elected president, Mrs. Lawrence Melsinger, at which time the new officers will be installed.

Enjoyed Her Birthday Sunday

Mrs. Mollie Garrens was passing her birthday anniversary last Sunday and the fact being known to the members of the family a very nice plush coat and a silk dress were sent to her by a daughter residing in Lincoln, while a cake was sent from Kansas City, but when it arrived it was badly broken. She was also invited to the country and when she arrived there, found a sumptuous evening dinner was being spread with a beautiful birthday cake placed at the center of the table, on which lighted candles burned before it was cut. A most pleasant evening was spent by the guest of honor.

Meetings Close Sunday

The series of revival meetings that have been conducted by Rev. B. N. Kunkel, pastor of the Methodist church of Union and Rev. E. S. Pangborn, pastor of the churches at Nehawka and Weeping Water, came to a successful close last Sunday. The two ministers have been successful in their work, and have been able to secure some nine additions to the church. They are beginning a series of meetings this week at Nehawka.

Those attending this evangelical campaign, speak in high praise of the earnest, spiritual and inspirational sermons preached by Rev. Pangborn each evening and regret that the meetings could not have continued longer. A large number of the adolescent youth were inducted into the choir, singing with spirit and harmony, with their pastor as leader, and listening in quiet attention to the sermons.

FLIGHTS AGAIN PUT OFF

Los Angeles.—Weather imposed an additional delay on the hopes of two speed fliers, Wiley Post and Laura Ingalls, to set new records for flights across the continent.

Plattsmouth stores offer shopping advantages the equal of any to be found. Why not give your home town merchant first opportunity of serving you?

ATTEND BEAUTICIAN MEET

Mrs. Arnold Lillie and Miss Florine Tritsch were at Omaha Tuesday where they were in attendance at the meeting of Nebraska beauticians being held this week. The meeting

brought many of the leaders in the profession from all parts of the United States and many advanced ideas were given at the meeting on the work in this line and which was followed with the greatest interest by those in attendance.
