**HAVE PLEASANT TIME**

The ladies of the Altar Society of the St. John's parish, entertained very pleasantly Wednesday afternoon at the home of Mrs. E. A. Lorenz at a coffee. The associate hostesses were Mrs. E. W. McGuire, Mrs. Edgar Creamer, Mrs. E. C. Ripple and Miss Mae Murphy.

During the afternoon the ladies enjoyed bridge as a diversion and in which Mrs. Frank M. Bestor was awarded the prize for the high score of the day.

At an appropriate hour the hostesses served dainty and delicious refreshments to add to the enjoyment of all of the members of the party.

**MEN'S CLUB MEETING**

From Friday's Daily  
Last evening the Men's club of the First Presbyterian church held another of their pleasant meetings at the Fellowship room of the church and with a pleasing number of the members in attendance.

The new officers of the club took their offices and the meeting was presided over by Ralph Wehrbein, as president and James Comstock, Jr., as secretary.

One of the features of the evening was the travelogue given by Christine Soennichsen of her recent visit to Mexico and including a stay over at Mexico City, one of the interesting spots of the country as well as the people and their customs was very much enjoyed by all of the members of the club.

A musical treat was afforded in violin duets and solos by William Evers, Jr. and Rachel Robertson, well known musicians of the city, the accompaniment being played by Vesta Robertson.

At the close of the evening the members of the club residing outside of the city were hosts for the luncheon, they being at the losing end of the attendance contest recently staged.

**SHOWING IMPROVEMENT**

The many friends of Father Geo. Agius, pastor of St. John's Parish, are glad to hear that he is now out of danger, and will be able to return home in a few days to resume his pastoral duties.

He has been under treatment for the past week at St. Joseph's hospital in Omaha, for ptomaine poisoning caused by eating a fish dinner at Omaha.

**City to Remedy Dangerous Condition on Hiway**

Secures Section of Southwest Part of Steppat Lots on Elm Street for Widening Road.

Wednesday afternoon City Attorney J. Howard Davis completed the final work in securing for the city a section of the southwest corner of the Steppat estate lots at Webster boulevard and Elm street for road widening purposes.

The city council some months ago offered the heirs the sum of \$150 for the portion of land needed and to eliminate them from additional expense in the street improvement program there.

This land will permit the city to cut off the corner of the lot and eliminate danger that existed there for cars and trucks traveling on both Elm street and John R. Webster boulevard, giving the drivers a clearer view of the streets when making the turn and doing away with the possibilities of accidents, several of which have taken place in that locality.

The streets, alleys and bridges committee of the council under Chairman W. C. Tippens will have the work started bright and early Monday morning and rushed to completion in order to afford a safer highway leading into the city.

**HITLER DREAM COMING TRUE**

Berlin.—The first stretch of a vast network of more than 4,000 miles of automobile roads, planned by Adolf Hitler when he was in prison twelve years ago, will be opened with ceremonies May 19. Dr. Fritz Todt, Nazi inspector general for streets and roads, explained the project to representatives of the German and international press. "This represents the first great work which national socialism not only achieved, but conceived," he said. "Adolf Hitler back in the days of his imprisonment at Landsberg in 1923, thought this all out." (Hitler was imprisoned for several months after the abortive Munich beer cellar plot.)

The first stretch of the roads to be completed is a fifteen mile one from Frankfurt-on-Maine to Darmstadt. Nazis claim it represents the finest in automobile road construction.

**MAKE PUNISHMENT FIT BOYS' CRIME**

Nelson, May 9.—Three high school boys must, among other things, work for the complainant one day in every three weeks during the period of probation and file in the county court an essay on "Tulips" for destroying some tulips grown by a Nelson resident.

County Judge Doane F. Kiechel explained that he attempted to "make the punishment fit the crime" in determining the conditions of probation of the three youths whose names he declined to make public. The boys, members of the senior class, pleaded guilty to charges of malicious destruction of property and petit larceny.

The boys also must make restitution to the complainant, whose name was not announced, in the amount of the flowers taken.

**ENTERTAINS FOR NIECE**

From Thursday's Daily  
Last evening Mrs. J. A. Capwell entertained at her home for Twila Faye Hendrix who is leaving soon for her new home at Milligan.

The house was attractively decorated with lilacs. The game of Hearts was played. Frances Cloldt won first prize for the highest score. Pat Cloldt was next high.

The guests were: Frances Cloldt, Pat Cloldt, Margaret Ann Vallery, Shirley Keck, Shirley Selvers, Laura Mrasek, Frances Hadraba, Jean Knorr and the guest of honor, Twila Faye Hendrix.

The hostess, assisted by her sisters, Mrs. Otradosky and Virginia Samek, served dainty refreshments.

**HERE FROM FLORIDA**

Mrs. Dorothy Cowles McDaniel, of Lake Worth, Florida, is here to enjoy a visit with the old schoolyard friends here and in Omaha for a short time. Mrs. McDaniel accompanied R. L. Propst, long time resident of this community, north from their southern home. Mr. Propst is visiting with his children in Omaha and at Avoca and Nebraska City and will spend the greater part of the summer here. Mrs. McDaniel is expecting her sister here from California for a visit with the old friends.

**ADMIT STORE ROBBERIES**

Madison, Neb.—Adolph Hassman, captured by local officers on top of the Henry Altschuler general store building, is under sentence to serve one to five years in the state penitentiary for store robbery. He confessed to District Judge Stewart that he had intended to rob the Altschuler store after breaking in thru a skylight. He also admitted that he had robbed the Walter Walters store and the Fred Shanks cafe recently and had attempted to break into several other places.

Hassman is a former inmate of the state reformatory, having been released in January after serving a year for breaking into the Dan Kline hardware store here. His confession to officers implicated Gib Zeibler, and Zeibler was also arrested and is in the county jail awaiting preliminary hearing.

**MILLIONS MORE FOR NAVY**

Washington.—The senate appropriations committee reported the navy appropriation bill to the senate after restoring the full \$23,380,000 for beginning construction of twenty-four new replacement ships which the house had cut in half. The restoration, however, does not call for additional appropriations, as the committee recommended starting the whole new construction program with the \$11,690,000 provided by the house and a like amount of unobligated balances in existing navy funds.

As reported, the bill carried a total of \$49,606,846, the largest appropriation for the navy in years. It is a net increase of \$1,801,585 over the house total, most of which is accounted for by an additional \$748,808 for pay of enlisted men.

**TRUCKMAN PLEADS GUILTY**

Trenton, Neb.—E. F. Johnson, driver of a gasoline truck for the Flory Rockhold Transport company of Salina, Kas., Thursday was fined \$100 and costs in county court here on two counts—illegal transportation of motor fuels and failing to register at a port of entry. Johnson's was the first case of its kind in Nebraska since the ports of entry were established a few weeks ago.

Johnson was arrested a few miles west of Stratton by C. V. Peterson, port of entry inspector; L. T. Hare, state department representative; and A. C. Merrill, McCook port of entry inspector.

Authorities said Johnson entered the state by side roads south of Stratton. He pleaded guilty at the hearing. His employers, Flory and Rockhold, were here for the case and paid the fines. They also were forced to buy a seven ton truck license.

**APPOINTED AS JUSTICE**

The board of county commissioners today appointed R. N. Opp of Union as justice of the peace for Liberty precinct, succeeding P. F. Ribn, who has been holding the office. Mr. Opp is the agent of the Missouri Pacific at Union and he will at once start in on the work of the office to which he has been called.

**Will Give Up Teaching for a Job in Islands**

Frank Gradoville of This City Will Have Charge as Permit Agent for Sugar Plantations.

Frank Gradoville, son of Mr. and Mrs. Charles E. Gradoville of this city, who has for the past several years been engaged in teaching in the Philippine Islands, has abandoned his work in the teaching profession to become a member of the AAA service in the islands.

Mr. Gradoville has been made a field permit agent and his work will lie along the lines of the inspection and checking of the permits for the acreages of the sugar cane plantations in the islands.

He is very much pleased with the new position that gives him a great deal more of an opportunity of seeing the country as well as a substantial boost in salary over that of his teaching work.

**SEWAGE GAS USED AS FUEL**

Palo Alto, Calif.—Sewage gas is being turned by the city of Palo Alto into an income producer expected to return revenue and a savings of several hundred dollars a month. Heretofore, it has been burned as wholly waste matter.

The gas already is being used to heat the city's sewage disposal plant and to operate a converted gasoline engine which in turn generates electric power for one of the plant's pumps. Preparations also are being made to use the gas for floodlighting the municipal aviation field nearby.

Development of the new power source was the work of L. H. Anderson, director of the municipal utility system, and Arthur James, assistant city engineer.

"The gas was just being burned up," said Anderson, "and it seemed we ought to do something about it."

"In the first month we used it on the engine generator it produced 7,000 kilowatt hours of electricity, worth about \$105, and it could generate four times that much," James added. "That 7,000 kilowatt hours was enough electricity to burn ten 100-watt lamps 7,000 hours."

**CANNON LAWYER HITS SMITH**

Charlotte, N. C.—F. Brandon Smith's efforts to gain custody of little Anne Cannon Reynolds, second, were laid by counsel for Joseph P. Cannon to a desire to control the child's wealth as the jury heard arguments in Smith's \$250,000 alienation of affections suit against his former father-in-law.

In a blistering attack upon the 28 year old Charlotte real estate operator, Jake T. Newell of Cannon's counsel derided him as "a man who ought to be in skirts, suing for a heart balm like a woman." Judge Harding announced he would deliver his charge and give the case to the jury Friday.

**ARRIVAL OF NEW SON**

The friends here will be pleased to learn of the birth to Mr. and Mrs. Charles Krejci at the St. Catherine's hospital at Omaha of a fine son and heir. The mother and little one are both doing nicely. Mrs. Krejci was formerly Miss Rose Lepert, daughter of Mr. and Mrs. Frank Lepert of south of this city. The family have made their home in Omaha since their marriage.
