To the seniors of the graduating class of 1935 we dedicate this little slogan: "Wishing without working is sterile." We all look forward to graduation as that day on which we pass from a state of preparation for, to a state of participation in the business of life. Along with our successes will be many disillusionments, but throughout the warp and woof of life ever runs that scarlet thread of truth that nothing worth while is handed to us on a "silver platter." Success comes, not from idle hoping, but from hard working. "Wishing without working is sterile."

Sunday school at 10 a. m. We are getting a little careless in our attendance, and especially in being present on time. Let us change that record this Sunday. The lesson for this Sunday is an interesting one on the question, "What is Baptism?"

Epworth League at 6:45 p. m. Come with plenty of pep and enthusiasm and enjoy a good meeting. We must look forward to our summer program and institute programs.

SMOTHERED IN TICK

Chicago.—Helen Zinkel, nurse for 17 months old Philip Arthur Van Vlac, took extreme care that no accident should befall her charge. The nurse put a feather tick on the floor beside the child's bed so if he rolled off while she stepped out of the room a minute he wouldn't be hurt by the fall. She returned to find him face down on the tick, smothered to death.

—A WET SEASON—
CALLS FOR A GOOD ROOF
HOME OWNERS—READ EVERY WORD OF THIS AD
WE HAVE A SPECIAL PROPOSITION FOR YOU

For more than a month we have been advertising the financing of roofs on a no down payment, no mortgage basis, with one to three years' monthly payments. The response so far leads us to believe everyone is like that Arkansas farmer—when it doesn't rain the roof doesn't need fixing and when it is raining you can't do it. Seriously, now, our special Time Payment proposition to cover not only roofs, but repairs and other alterations, up to \$750.00—where 25 per cent or more is for roofing material, should appeal to every home owner in this vicinity. The finance interest rate is away below that charged on Automobile, Furniture or any other commodity sold in this manner. With payment spread out over three years time, no home owner can afford to delay longer fixing up his property and saving it from deterioration. Now, after reading this, come in and talk to us about your problems. We can help you.
