GERMANS HOLD CONFERENCE

Berlin.—In Adolf Hitler's lonely Bavarian mountain retreat, four of the leading men of the third reich met with their Fuehrer over the weekend to discuss questions of the utmost import to Germany, it was learned. Meeting with Hitler were Prussian Premier Goering, Joachim von Ribbentrop, arms expert, Gen. Werner von Blomberg, of the Reichswehr, and Baron Konstantin von Neurath, foreign minister. The following questions were under discussion:

1. The current Anglo-German naval talks.
 2. Prospects of a Danubian conference.
 3. The attitude of the new British and French cabinets on Germany's inquiry concerning the implications of the Franco-Russian and Czecho-Russian pacts.
 4. Von Ribbentrop's talk with Sir John Simon on the general European situation.
 5. Signs of improvement in the German relationship with Italy as evidenced by the readmission of German newspapers to Italy.
- While the strictest silence was observed regarding the talks, it became known that the German government welcomes the appointment of Pierre Laval as premier of France, but there is a fear that the anti-German influence of Edouard Herriot and other members of the cabinet may prevent his coming to terms with the reich.

RELIEF GARDENS PLANNED

The last division of the rural rehabilitation department deals with relief gardens, expenses of which are met from the funds of the Nebraska rural rehabilitation corporation.

The program is of individual and community projects. Its purpose is to furnish seeds to those farmers who have available plots of land for gardens, and to assist other farmers in obtaining garden space.

Approximately 29,000 gardens will be supervised in Nebraska by the FERA this spring. Enough seeds were furnished to provide for the summer vegetable needs of the clients, including beans, beets, carrots, kohlrabi, lettuce, spinach, Swiss chard, onion, cabbage, tomatoes and peppers.

Thirty-six community gardens, covering 500 acres, will be located in twenty-three counties. These will be operated under direction of the local director as work projects, the foreman, in most cases, being chosen from relief rolls.

The gardens—most of them in eastern Nebraska—will be used to produce vegetables suitable for storage and canning. The county furnishes the land and irrigation if necessary. The state FERA furnishes canning facilities. The canneries will be operated under the technical supervision of nutrition department with relief labor.

COINED THE TERM 'G-MEN'

Washington.—The term "G-Men," popularly linked with the college trained criminal hunter of the federal bureau of investigation was first attached to them by a kidnaper, George "Machine Gun" Kelly. J. Edgar Hoover confirmed as he paused for a moment in announcing new details in the Weyerhaeuser kidnaping case.

"Our men surprised Kelly and his wife in an apartment at Memphis, Tenn," Hoover said. "Kelly had made numerous threats and boasts and after his capture he kept talking about G-men. One of our agents asked him what he meant and he replied: 'Why, G-men are government men.'"

Hoover always uses "special agents" when referring to his men. Asked if he objected to "G-men," he said: "The term has been so popularized, I don't know what we could substitute for it if I did."

Four women passengers were taken to a hospital here after their rescue by Mfboats. The Castine was reported sinking, apparently doomed.

Washington.—The democratic national committee reported to the house that its deficit had been reduced below the half a million dollar mark for the first time since the Smith-Hoover campaign of 1928. Unpaid obligations, said W. Forbes Morgan, secretary of the committee, in making his quarterly report to the clerk of the house, fell from \$520,670 on Feb. 28 to \$441,976 on May 31. The drop was attributed to a special "deficit drive" which was announced last January. Each state organization was given a quota.

PRIVATE LOANS LEAD

Falls City, Neb.—During April and May, for the first time during the depression, private loans have exceeded government farm loans in Richardson county, according to figures in the office of Walter Rose, recorder of deeds. LAST CASE AGAINST INSULL

Chicago.—Samuel Insull faced the second and final effort of the government to convict him on charges of law violation in the management and bankruptcy of his utility concerns confident his conduct would be absolved of criminal intent. Floyd J. Thompson, who defended Insull and his son when they were acquitted of mail fraud charges last fall, declined detailed comment on bankruptcy violation charges, set for trial Tuesday, but asserted: "We expect to prove, as we did in the first case, that there was no criminal intent on Insull's part at any time."

Government attorneys centering fire on Insull, his son, Samuel, Jr., and Harold L. Stuart, president of Halsey Stuart & Co., the investment firm thru which most Insull financing was consummated, were equally sure the jury's verdict would be guilty. They considered their case against the three members of the Corporation Securities company's executive committee considerably strengthened by their move in dismissing indictments against six minor defendants.
