PUBLIC NOTICE

The Chairman and Board of Trustees of the Village of Union, in the County of Cass, in the State of Nebraska, by resolution duly passed and entered in the minutes of their proceedings on the 5th day of June, 1935, in accordance with Article VI, Chapter II, of the Compiled Statutes of Nebraska for 1929, directed that public notice be given, stating that the Village of Union has outstanding and unpaid bonds in the total principal amount of Fourteen Thousand Five Hundred Dollars (\$14,500.00) and consisting of:

Fourteen Thousand Five Hundred Dollars (\$14,500.00) Water bonds dated September 1, 1927, due September 1, 1947, optional September 1, 1932, bearing interest at the rate of five per centum (5%) per annum, payable semi-annually, being bonds numbers 13593 to 13622 Inc., which were authorized and ordered issued by Ordinance No. 63 of said Village which was passed and approved on the 1st day of September 1927.

That since the issue of said bonds the rate of interest has so declined in the markets that by taking up and paying off such bonds by an issue of Refunding Bonds of the Village, a substantial saving in the amount of yearly running interest will be made to the Village, that the Village has accumulated no funds which may be applied thereon; that the indebtedness of the Village on account of the principal of said bonds is Fourteen Thousand Five Hundred Dollars (\$14,500.00), and that the said principal indebtedness is sought to be taken up and paid off by means of Refunding Bonds of the said Village in the principal amount of Fourteen Thousand Five Hundred Dollars (\$14,500.00) bearing interest at the rate of three and three-fourths per centum (3 3/4%) per annum, payable semi-annually, which the Chairman and Board of Trustees propose to issue.

Public Notice is hereby given that any taxpayer of the Village of Union may file objections to such proposed action with D. Ray Frans, Village Clerk, at his office in said Village on the 21st day of June, 1935, between the hours of nine o'clock a. m. and four o'clock p. m., or during business hours on any day prior to said date.

D. RAY FRANS, City Clerk.

They will visit here for a time with relatives. Mrs. McCleve was formerly Miss Jessie Todd.

Attended Alumni Dinner
Students of the old Lincoln Normal school, which passed out of existence a good number of years ago, conceived the idea back in 1922 of holding an annual Alumni meeting to perpetuate the history and memories of their association together in that school and have made it their yearly practice to get together during the fore part of June, the meetings always being attended by a considerable number of the former graduates.

Mr. and Mrs. Joe Banning and daughter Miss Nola were over last Sunday and enjoyed the gathering and the very fine dinner which was served. While they were in Lincoln they also visited Mrs. Mary Taylor ana daughter, Miss Rachel, who make their home in the capital city, but formerly resided in Union. Mrs. Taylor has been very sick, but is better at this time.

Henry H. Becker was in Omaha last Monday morning, where he went for a truck load of sugar, which he was getting for the friends here, as the canning season is rapidly approaching and it is expected that the price of sugar will be higher. Accident Recalls Olden Days
There was a wreck one night last week on the highway west of Union, one person being killed and two others more or less seriously injured. They were taken to St. Mary's hospital at Nebraska City, where they remained several days before being able to return home. News of the wreck was published in the papers and recalls some experiences of 35 to 40 years ago when Factoryville was flourishing and Stringtown was in evidence, with but a small hope of a town at Union. It seems, from the account as recited to us, some dozen or more of the young lads of Factoryville acquired the running gears of a spring wagon, which they had converted into a coaster, dragging it up to the top of the hill where W. H. Marks resided, and would coast down the long hill, being carried to the south branch of the Weeping Water. One night, after dark, they attempted to negotiate a trip down the hill, but got a little too far to the north and went off the roadway and into a field. As their vehicle rolled over and over, they were thrown clear of the wreckage, but each received severe cuts on their bodies and were badly bruised as well. They set up a howl that would have put to shame a pack of coyotes, and in those days coyotes

Golfers Prepare for Match Play Tournaments

Event Will Be Held on Saturday and Sunday and Qualifying Rounds to End Friday Evening.

Golfers of this city and vicinity are preparing to enjoy one of the big moments of the year next Saturday and Sunday when the match play tournament will be staged at the country club course.

The qualifying rounds, which will close Friday evening, are now being played, already ten of the contestants having played their rounds and are now ready for the competition.

This tournament will be under the direction of Mr. Kerr of the U. S. Engineers and will include the leading golfers of this section.

Those who have not as yet qualified are urged to complete their play and be set for the opening rounds of the tournament on Saturday.

roamed the countryside and were wont to howl.

The old spring wagon was later left at the farm home of R. D. Stine, where it found a last resting place in a small gutter and as the years came and went the soil washed in and completely covered it up. Mr. Stine recalls its being left there and how each succeeding year saw a little more of it buried beneath the soil that was being washed down the ditch.

Amos MacNamee remembers when large groups of young folks rode down the Union hill on a bob sled and recalls one time in particular when the team of Sam Hathaway, which had just been shod with sharp cleated shoes, were feeling frisky with the cold weather, and one of the horses kicked as the sled went past, severing the cap worn by Amos clear across the top, but missing his head by the smallest fraction of an inch. This experience cooled his ardor for bob-sled riding considerable and although that happened forty-two years ago he still shudders as he recalls how near he came to meeting death on that occasion.

The amusements of those early days have given way to other forms of entertainment in this changing world of ours, which is traveling at a little faster clip each year, but many an old timer can recall with pleasant memories the horse and buggy age, when sleigh riding, coasting and other similar sports were all the rage.

SOCIAL WORKERS FLOWER CLUB

The members of the Social Workers Flower club were most delightfully entertained this week at Villa Asch, home of Mrs. A. Dove Asch near Murray.

The attendance was very large in the members and the group of visitors who were present.

The club voted to donate \$5 to the McCook food sufferers as their contribution to the good cause.

The ladies had a very delightful musical program that consisted of group singing, a vocal solo by Miss Lois Troop, of Nehawka, while Mrs. Asch, the hostess gave several numbers on the banjo, string harp, violin and piano, the numbers all being splendidly given.

There was also given a sketch, "Pa and Ma Go to Tobyville," by Mrs. Mike Kaffenberger and Mrs. Albert Wheeler.

The ladies had prepared a covered dish luncheon that added to the enjoyment of all of the group.

The visitors present were Mrs. Phyllis Green, Los Angeles; Mrs. Joe Martis, Jr., and daughter, Kansas City, Kansas; Mrs. Ezra Albin, Velma Shrader, Mary Ellen Kaffenberger, Lois Troop, Mrs. George Troop, Mrs. W. O. Troop, Mrs. Joe Martis, Sr., Mrs. Asch.

The next meeting will be at the home of Mrs. Georgia Creamer on July 10th.

REMEMBERS SHUT-INS

Henry Jasper, local florist, has made the annual shut-in day a most pleasant one to many in the community who from illness or other causes have been unable to carry on their usual activities. This nationwide movement is observed by florists all over the United States. Mr. Jasper gave out some twenty-three of the beautiful bouquets Monday, the date set for the presentation.

Mr. Jasper has a large array of beautiful flowers at his greenhouse and which made a most attractive remembrance to those who are deprived of their usual activities.

Mrs. Sadie Oldham and Mrs. Wm. Sporer were among those remembered.

SINGS OVER RADIO

Mary Lou Warner, 4, daughter of Mr. and Mrs. Wallace Warner of near this city, was heard on the children's program over station WOW

on Saturday. The little singer has a very sweet voice and gave her numbers in a finished manner that did a great deal of credit to her. Her sister, Vivian, served as the accompanist.
