

First Projects Under WPA Ask Total \$426,328

Douglas County Request for \$157,006 for Rural Rehabilitation Is Largest.

Applications for twenty-two WPA projects, asking a total of \$426,328.68 in federal funds, were sent to Washington by air mail Tuesday night by James Smith, state WPA engineer, after receiving the approval of Dwight F. Felton, WPA administrator for Nebraska. All of the projects are backed by promises of local aid, which will go mainly for material and incidentals. Smith said the applications are to come up for federal approval next Tuesday. These are the first in Nebraska.

The largest single request on the list was that of Douglas county, asking \$157,006 for rural rehabilitation. This was turned over to the WPA and was approved by state officials, along with two other items over the \$25,000 limit, with the hope some elasticity might be allowed, since most of the funds will go for labor. The other two large requests were from Omaha, asking \$88,044 for resurfacing 23,000 square yards of brick street, and from Lancaster asking \$32,184 for quarrying and using limestone for road surfacing.

The projects forwarded to Washington were grouped under two classifications. The first included primarily manual labor and the other included "white collar" activities, such as a survey of food retail price data in Lincoln.

Applications are being received daily, some coming in Tuesday too late to be forwarded with the rest. Projects will probably be sent in twice a week, Smith said.

Projects forwarded Tuesday include:

- North Platte, city garbage disposal plant, federal funds \$13,750, sponsor's funds \$11,250.
McCook, building athletic field, federal funds \$4,315.10, sponsor's funds \$3,737.28.
Hastings, storm sewer construction, federal funds \$1,930.30, sponsor's funds \$1,089.72.
Hastings, building curb radii, federal funds \$4,455, sponsor's funds \$1,050.
Hastings, sanitary sewer construction, federal funds \$1,848, sponsor's funds \$1,664.80.
Burwell, combination curb and gutter, federal funds \$2,076, sponsor's funds \$1,864.
Grand Island, water main construction, federal funds \$558, sponsor's funds \$4,026.87.
Hamilton county, channel change, federal funds \$2,008, sponsor's fund \$2,093.
Ashton, gravel street construction, federal funds, \$688, sponsor's funds \$714.
Rockville, repairing school building, federal funds \$560, sponsor's funds \$147.50.
Broken Bow, curb and walk construction, federal funds \$164.48, sponsor's funds \$163.15.
Lincoln, survey of food retail prices data on per department of agriculture forms, federal funds \$7,284, sponsor's funds, \$50.
Lincoln, medical assistance in city clinic, federal funds \$20,244, in city library, federal funds \$1,200.
Lincoln, mending books in city library, federal funds \$7,344, sponsor's funds \$377.50.
Lincoln, cataloging and editing historical society material, federal funds \$26,256, sponsor's funds \$2,162.
Omaha, maintaining and operating recreational centers, federal funds \$45,592, sponsor's funds \$2,661.
Ansley, street grading, federal funds \$572, sponsor's funds \$145.65.
Lincoln, water main repair, state fair grounds, federal funds \$486, sponsor's funds \$115.65.
Lincoln, filling and leveling state fair grounds, federal funds \$7,972.80, sponsor's funds \$2,396.80.
Lancaster county, quarrying and using limestone for road surfacing, federal funds \$32,184, sponsor's funds \$25,744.
Omaha, resurfacing 23,000 square yards of brick street, federal funds \$88,044, sponsor's funds \$12,075.
Douglas county, Nebraska rural rehabilitation, federal funds \$157,066, sponsor's funds \$110,708.
Total of federal funds requested \$426,328.68. Total of sponsor's contributions \$185,446.12.

HOOPER MARSHAL TO QUIT

Hooper, Neb.—Marshal Charles Mack, who last week was seized by a trio of bandits who forced him to watch them steal two new cars, will retire Aug. 1.

Upon his retirement the town council will put into effect a new plan of law enforcement calling for two officers, a night man and a day man. Bill Sanders will be day officer and Howard Row, manager of the Hooper ball club, night marshal. Mack has figured in several criminal chases recently. He was one of the men who helped to capture Harold Malmberg, hitch hiker slayer now serving a life term in the Nebraska prison.

BOY DROWNS IN NEMAHA

Falls City, Neb.—John Robert Combs, 11, was drowned Tuesday when he stepped into a seven-foot hole in the Nemaha river. The accident occurred near Preston, where the Combs family resides. The boy was the son of Mr. and Mrs. Howard Combs. He stepped into the hole while wading under a trestle with his younger brother, James. The body was recovered after an hour by rescuers summoned by the brother. Attempts at artificial respiration were fruitless.

NO BONDS PRINTED THERE

Springfield, Mo.—The courtroom confession of two federal prisoners in Houston, Tex., that they forged \$400,000 worth of Omaha, Neb., street bonds while in the federal prison hospital here was branded false by A. G. Thomas, executive head of the institution. Thomas said there is no press available at the hospital which could have been used in running off such a large order of bonds. He said he believed the men were trying to cover up the plant that printed the forgeries.

NO WORK, NO RELIEF

Alliance, Neb.—FERA in Box Butte county is acting summarily in cutting off relief rolls men who prefer to stay on relief rather than accept jobs in harvest fields. Mrs. Mabel Hitchcock appealed to farmers of the county to report all cases to her where relief recipients refuse to accept jobs in the harvest fields. "Those refusing to accept jobs and dodging labor, promptly will be cut off relief rolls and forced to care for themselves," Mrs. Hitchcock said.

HAS SIX BOSSES

Omaha—Charles Beal, Fremont, is the "most supervised" of all Nebraska relief agents, according to federal relief officials here. Beal is FERA supervisor for Saunders, Dodge and Washington counties. When the recent reorganization of relief agencies was effected, each of these counties was placed in a different district. Works progress was added to the agency. So now Beal takes orders from six different engineers, three FERA and three PWA.

MANY APPLY FOR MILITARY CAMPS

Lincoln, July 25.—Captain J. H. Gist, officers' reserve corps unit instructor for Nebraska, said Thursday applications for enlistment in the annual C. M. T. C. camp at Fort Crook are nearly double the quota of 500. With the camp opening Aug. 1, Gist said 949 applications for entrance have been received, compared with a total of 750 at this time a year ago.

DIES IN CAR-TRUCK CRASH

Long Pine, Neb.—Warren Kreitman, about 18, who lives on a farm south of Madison, was killed almost instantly when his automobile collided with a motor truck a quarter mile east of here. Two young men who were with him were injured only slightly. Brown county officers investigated the accident and no charges were filed in connection with the case. Kreitman's body was taken to Madison for burial.

ALBION TO HAVE HALL

Albion, Neb.—Albion residents Tuesday voted a \$15,800 bond issue to take over the American Legion hall. The ballot was 346 to 205 against the proposal. The building will be used as a community center and to house the city offices.

BINNIE BARNES, ENGLISH ACTRESS, HAS OPERATION

Hollywood, July 26.—Treatment which physicians hoped would allow Binnie Barnes, English actress, to return to work on her current picture proved ineffective Friday and an appendicitis operation was performed.

SAYS SEIZURE NO FRAMEUP

York, Neb.—Officer Fitzpatrick Friday denied the statement of Harry Slatt of Edgar, a liquor commission inspector, that his arrest on charges of intoxication here Thursday was a frameup.

Slatt was arrested by Fitzpatrick in a York tavern Thursday. Fitzpatrick said the inspector demanded to see the tavern's license and then was unable to read it. Charges of intoxication were filed and Slatt was released under \$100 bond.

Police Chief Mapps said, "I didn't see the man but if the night officers said he was drunk he must have been drunk."

Director Banning, of the agricultural department, is calling the attention of the farmers of Nebraska to the matter of weeds in Nebraska.

Weeds cost Nebraska millions of dollars every year. It has been estimated that weeds cost \$2 per acre for every tillable acre in Nebraska. Since Nebraska has 17,107,000 acres under cultivation the cost every year amounts to around \$34,000,000.

One can readily see that the average cost on each farm amounts to several hundred dollars. It is evident that the farmers of Nebraska are failing to realize that the weed problem is a serious one.

Each year there is an increase in the amount of alfalfa and clover seed raised in Nebraska and the farmers should be made to realize the importance of raising clean seed in order to keep the weeds in check and to prevent the spread of new varieties.

The legislature of 1935 passed a law providing for checks on all seed offered for sale either by farmers or seed men, compelling these packages of over 10 pounds to carry the analysis of that seed, showing the percentage of weed seed contained in the package or container. On the package is attached a card approved by the Department of Agriculture stating exactly what percent of each kind of weed seed is contained so that the farmer or purchaser can tell by this card if the seed is contaminated with some weed classed among the serious weed pest.

FARMERS SHOULD BE INFORMED ON WEEDS AND THE AGRICULTURAL DEPARTMENT HAS ON HAND AND READY FOR FREE DISTRIBUTION, A BOOK, BULLETIN NO. 101 ENTITLED "NEBRASKA WEEDS."

Anyone desiring this book on weeds, which should be in every farmer's hands and in every school, address a letter to the Department of Agriculture, W. B. Banning, director, at Lincoln, Nebraska and it will be forwarded to them by return mail.

At the present time the most serious weed that we have to contend with is the bind-weed. Everyone should know this weed and make all efforts possible for its eradication, as when a farm becomes infested with this weed it depreciates the value of the farm remarkably.

Banning Urges War on Weeds Over Nebraska

Causes Loss of Millions of Dollars a Year, Head of Agricultural Department States.

Director Banning, of the agricultural department, is calling the attention of the farmers of Nebraska to the matter of weeds in Nebraska. Weeds cost Nebraska millions of dollars every year. It has been estimated that weeds cost \$2 per acre for every tillable acre in Nebraska. Since Nebraska has 17,107,000 acres under cultivation the cost every year amounts to around \$34,000,000.

One can readily see that the average cost on each farm amounts to several hundred dollars. It is evident that the farmers of Nebraska are failing to realize that the weed problem is a serious one.

Each year there is an increase in the amount of alfalfa and clover seed raised in Nebraska and the farmers should be made to realize the importance of raising clean seed in order to keep the weeds in check and to prevent the spread of new varieties.

The legislature of 1935 passed a law providing for checks on all seed offered for sale either by farmers or seed men, compelling these packages of over 10 pounds to carry the analysis of that seed, showing the percentage of weed seed contained in the package or container. On the package is attached a card approved by the Department of Agriculture stating exactly what percent of each kind of weed seed is contained so that the farmer or purchaser can tell by this card if the seed is contaminated with some weed classed among the serious weed pest.

Farmers should be informed on weeds and the Agricultural Department has on hand and ready for free distribution, a book, Bulletin No. 101 entitled "Nebraska Weeds." Anyone desiring this book on weeds, which should be in every farmer's hands and in every school, address a letter to the Department of Agriculture, W. B. Banning, director, at Lincoln, Nebraska and it will be forwarded to them by return mail.

At the present time the most serious weed that we have to contend with is the bind-weed. Everyone should know this weed and make all efforts possible for its eradication, as when a farm becomes infested with this weed it depreciates the value of the farm remarkably.

MURDOCK ITEMS

The Straich Brothers have purchased a new combine, finding plenty of work for the same, as it has been kept busy almost continually during the present harvest season.

Harry Giltespie and wife were visiting in Murdock over the week end, Harry returning to his home at North Loup Monday, while Mrs. Giltespie remained for a longer visit.

Harold W. Tool, who travels for a lumber company located on the Pacific coast, is well pleased with the new car which he recently purchased and which enables him to get around over his territory in fine shape.

Albert Straich and wife are well pleased with the new car they recently purchased, it being one of the latest models and having an abundance of power and speed. In fact Albert says it goes too fast for any ordinary need when you let it out.

Rev. C. F. Weber and Rev. H. A. Schwab and their wives were guests at the thirtieth wedding anniversary celebration of Rev. E. C. Johnson, who is presiding elder of the Second Nebraska district, and his wife, held on Friday, July 19th. They report a fine time was had.

Mearle Gillespie was distributing a car load of shingles which H. W. Tool sold to Cass county dealers. The shingles were shipped to Manley, as that was the most central point from which to make delivery. The towns in which they were delivered to local dealers were Manley, Murray, Weeping Water, Louisville and Murdock.

Fine Piano for Sale Upright Schmolter & Mueller piano, cost \$365.00, offered at \$25.00. Come and see it and try it out.

OTTO EICHOPF, Murdock, Nebr. j29-2t Mp

Bull for Sale I have an outstanding Short Horn strawberry roan bull for sale, ready for shipment. Sale price reasonable.

W. O. SCHEWE, Murdock, Nebr.

Vacationing at Valentine Mr. and Mrs. Eddie Craig departed last week for Valentine, where they went to visit for a time at the home of Mr. and Mrs. Lloyd Fifer and enjoy the cooler climate of northwestern Nebraska, which although frequently as hot or hotter than in these parts, is always comfortable at night, and one can enjoy plenty of refreshing sleep, generally under a blanket or light spread.

During their absence, Kenneth West, of Elmwood, is looking after business at the barber shop.

Marriage Date Announced Misses Eva and Ruth Sorick, of Lincoln, aunts of Miss Harriet Lawton, entertained in her honor recently when they gave a miscellaneous shower at their home in the capital city, at which the forthcoming marriage of Miss Lawton and Simon Sawyer was announced. The nuptials will take place on Sunday, August 25.

Miss Harriet is the daughter of Mr. and Mrs. Homer H. Lawton, of Murdock and one of the very fine young women of this section of the country. The Journal joins with the many friends of this estimable young lady in wishing her a long and extremely happy wedded life.

Games Tomorrow Night

July 30 games scheduled for the kittenball field here will be: Callahan vs. Lutherans and Married Men vs. High School. The usual close contests may be expected. Don't miss these games, as they provide lots of fun and amusement for everyone.

Celebrated 80th Birthday

Mrs. Jacob Goehry, of Lincoln, arrived at her 80th birthday last Sunday, keeping open house, and was greeted by many of her old time friends, including a half score or more from this vicinity. Among the folks from here who called to pay her respects and best wishes for continued years of happiness were her sister, Mrs. Barbara Goetz; Edmond Guehlstorf and family, Mrs. Hannah McDonald, Mrs. Harry Giltespie, Lacey McDonald and wife and Mr. and Mrs. H. W. Tool.

Mrs. Goehry formerly resided in Murdock and has a large number of friends here.

Ferd Brunkow Doing Nicely

Ferd Brunkow, who was in an auto wreck some ten days ago and was brought home in an ambulance, has been showing good improvement and was able to come to town and have an X-ray photo taken to ascertain the extent and condition of his injuries. His brother, Herman, who was the more severely injured of all those in the overturned car, is at the Bryan Memorial hospital in Lincoln, where he seems to be gaining slowly,

but does not feel any too well. The hot weather has made progress difficult and caused him much discomfort. It is hoped that he may show further improvement and be restored to health again soon.

The accident in which they were injured occurred near West Point, while they were en route to Ipswich, South Dakota, to attend the funeral of their brother, August Brunkow, who had passed away at his home there.

Trying for Waterworks

At a late meeting of the Village Board it has been decided by a three to two vote to make application for a government grant of funds and loan sufficient in amount to cover the cost of constructing a waterworks system for Murdock. There have been some forty signers who agree to take water at the proposed rate of \$1 per month. The proposition is that the government contribute outright the sum of 45 per cent of the cost of the system, and loan the village the remaining 55 per cent on long time bonds at a low rate of interest. The total estimated cost of the system is \$14,000. This would make the bond issue in the neighborhood of \$8,000 and the government grant in excess of \$6,000. Payment of the bonds would not begin until three years after the installation of the system. The Village has no bonded indebtedness at the present time and would thus be able to furnish gilt-edge and acceptable security, should the people later decide at an election that they want to take up the proposition. To win, it must carry by a three-fifths majority of all votes cast.

One drawback to the securing of waterworks is that there are a considerable number of home owners who have installed their own private waterworks systems and naturally would not care to hook up with the system when it is completed.

The application to the government for a grant and loan will have to be acted upon before the town board goes ahead with the calling of an election to decide the matter.

Special Board Meeting

A special meeting of the Village Board was called by the Chairman for the purpose of reconsidering the proposed water works system.

Motion was made by Schaefer and seconded by Elsemann that an application be made to the government for a loan and grant for the purpose of erecting a water system. The following vote was recorded: For—Schaefer, Elsemann, Miller; Against—Long, Kupke.

A resolution in accordance with the motion was adopted and H. A. Tool was named to furnish information to the government.

A motion was also made by Schaefer and seconded by Elsemann that an application be made for a grant for the purpose of erecting a community building and street curbing. Carried.

A resolution in accordance with the motion was adopted and H. A. Tool was named to furnish information to the government.

The meeting was then adjourned. CHAS. I. LONG, Village Clerk.

A Tribute to August Stander

By L. NEITZEL

Another true and faithful friend has gone home to be with God. The circle is getting smaller here, but is widening on the other side. Our friendship was of long standing—more than 40 years, in our religion we had much in common. Belonging to different denominations, we were in full accord in the essentials, differing honestly in non-essentials. We believed in salvation by faith in the Saviour of the world. And many were the visits and conversations we had regarding our faith in our holy religion. August Stander lived his religion—what a rich heritage to leave to his family. Quiet and unassuming, he was an everyday Christian, always ready for the Master's call. He was ready when the summons came. And peacefully he fell "asleep in Jesus," to awaken in the Fathers House with many mansions. It is a joy and a privilege to have friends like that.

The services in St. Patrick's church of Manley were very impressive. The altar service, conducted by Father Harte, assisted by two other priests, was of such a solemn nature that it naturally drew the heart and mind of the vast audience nearer to God. Surely God was in his holy temple. The sermon will not soon be forgotten, delivered by Father Harte in his own impressive manner. The great concourse of people sat spellbound, in spite of the heat; and deep and lasting impressions were made that only eternity will reveal in all its results. Then came the finale, two of the immortal hymns by a soloist whom we could not see, but whose clear, resonating voice was heard in its fullness throughout the church edifice. It has been a long time since we heard such tender, sympathetic rendition of Franny J. Crosby's "Saved by Grace."

This was the goal for which Aug-
