

MANLEY NEWS

Albert Bornemeier was threshing and delivering wheat to the Manley elevator last Wednesday.

Mrs. Claude Brekenfeld, of Mason City, Iowa, accompanied by a lady friend from there, were visiting at the home of her sister-in-law, Mrs. W. J. Rau, of Manley.

Misses Mary Alice Ault and Betty Anna Ault, of Plattsmouth, are here spending the week at the home of their uncle and aunt, Mr. and Mrs. O. E. McDonald and are enjoying the visit a great deal.

Miss Helen Korb, daughter of Mrs. Antone Auerswald, who is employed in Omaha with the telephone interests, has been taking her vacation during the past week and was spending a part of the time at the Auerswald home here.

With a change in the water supply at the home of John C. Rauth, a large pressure tank was left in the basement, which he had C. J. Schwere cut in two with his acetylene torch, thus making one serviceable tank for use in supplying water to stock, which have been installed at the farm home of Herman Rauth.

W. J. Rau of the Manley State Bank was looking after some business matters in Louisville and Plattsmouth last Tuesday, and was pleased with the condition of crops over the county, especially the corn, which has made splendid growth following the recent rains and seems almost sure to mature before killing frosts hit it.

Miss Anna Rauth of Omaha was a visitor at the home of her parents near Manley over the week end. On her return to the metropolis, she was accompanied by her friend, Miss Lillian Tighe, who had been visiting at the Rauth home for some time while recuperating from an injury she sustained to her shoulder while saving a child from falling from a slide in one of the Omaha parks recently.

Heavy Wheat Yield While August Krecklow was assisting with the hauling of wheat from the Johnson farm, which is farmed by Bob Wiles, David Brann was looking after business at the garage during the past week. The initial threshing of wheat at the farm showed the first two loads of bundles run through the machine had yielded 37 bushels. As the loads had come from less than an acre of ground, the yield was in excess of 40 bushels to the acre, one of the best we have heard of. How the rest of the field turned out, we have not been informed.

Lesson in Knot Tying The Golden Ropers met last Tuesday at the home of Eli Keckler and found pleasure in going through their lesson on the tying and untying of hard knots, as outlined for them by their instructor, Herman Rauth. The young lads who have membership in this organization are greatly interested in their work and are making real progress. Their next meeting will be at the home of Kenneth Laursen on Tuesday of this week.

Conducting Vacation Bible School Under the auspices of the Ladies society of the Catholic church, there is being conducted at the church a vacation Bible school, at which there is being taught the Catechism by Sisters Alexia and Redempta. The school will be continued for some two weeks.

All at Avoca. At the home of Ed Freeman and wife all were enjoying a fine visit and good dinner Sunday. Those present for the occasion were Earl Freeman and wife, Avoca; Cecil Nichols and family, Union; Dale Tigner and wife, Weeping Water; Charles Freeman and wife of Manley.

Many Enjoyed Tango Party The ladies of St. Patrick's Catholic church of Manley, who had arranged to give a lawn social and party on the church lawn last Sunday evening, were prevented by the downpour of rain that amounted to almost a deluge. The affair was postponed, but on Tuesday evening, with clear skies and everything in proper condition, a very enjoyable time was had by the large number of people who gathered at the church lawn. As a result of their efforts, the ladies realized a neat sum of money to be used in carrying on the work of the church.

Sunnyside Girls 4-H Club The Sunnyside Girls 4-H club met at the home of Jane Rebal. The members discussed the material for their best dresses and accessories.

Jacquelyn Grassman was a guest of the club. At the close of the meeting delightful refreshments were served by the hostess.

Scout Session is Called Off by Pres. Roosevelt

Spread of Paralysis Epidemic Causes Suspension of Plans for the Annual Jamboree.

Washington, Aug. 5.—Declaring he acted "with deep regret," President Roosevelt Thursday cancelled the national Boy Scout jamboree because of an infantile paralysis epidemic in this section.

Nearly 35,000 boys were headed for the national capital for the meeting scheduled for Aug. 21 to 30. The decision to cancel it was reached at a White House conference attended by Surgeon General Hugh S. Cummings, District of Columbia officials, and a Scout executive.

Issues Statement. "While this (infantile paralysis) prevalence was not considered to be unduly alarming," said a White House statement, "the conferees decided it would be to the best interest of the Scouts and all concerned to cancel the jamboree."

Mr. Roosevelt, who is honorary national Scout president, was himself a victim of infantile paralysis 14 years ago.

Radio Address. The president agreed to deliver nationally over the radio the talk he would have made to the Scouts here, addressing himself directly to Scout camps.

Surgeon General Cummings reported the spread of paralysis had "increased." It has been moving northward through North Carolina and Virginia toward the capital.

Dr. Cuming explained, however, that there is "no undue prevalence" of the disease in the capital.

EFFORT TO REOPEN PLANT

Sioux Falls, S. D.—Definite action looking to resumption of the strike hampered Morrell Packing plant came from company officials in a statement warning all workers to report for duty by 9 a. m. Friday, or their jobs would be filled. John Morrell Foster, assistant general manager, denied the warning constituted an ultimatum which might end the strike. He said, however, he "hoped" it would result in resumption of normal operations at the plant.

Since the strike began on July 19, striking union butchersmen have picketed the pack house area in an effort to force reinstatement of twenty-nine men who were discharged last March. Company officials have flatly refused reinstatement or to arbitrate the question.

FRENCH RIOTS BRING DEATH

Paris.—Two persons were killed and 37 injured at Toulon as rioting and mass demonstrations of marine workers continued to spread thru French port cities in opposition to government decreed pay cuts. Workers at Toulon and Cherbourg paraded and shouted. Authorities ordered out guards to preserve order. The subprefecture at Toulon was stoned after thirty persons had been injured in an earlier clash between arsenal workers and guards. Firing broke out on both sides Wednesday night as demonstrators clashed with the authorities. Twenty policemen and gendarmes were injured. One man was expected to die.

A strike of the crews of French liners at Le Havre, which has delayed the sailing to New York of the liner Champlain, remained unsettled.

NEGRO HIDDEN IN MONTANA

Miles City, Mont.—Saved from a threat of old time "frontier justice" by quick acting officers who spirited him away from the county jail, George Criner, Negro, accused of killing his wife and a police officer and wounding another, was hidden from possible violence.

Meanwhile County Attorney Nelstead prepared for a coroner's inquest into the fatal stabbing of Mrs. Marie Criner and the shooting of Patrolman James Fraser, 76, pioneer peace officer who interrupted a fight between Criner and his wife.

Bullets from his own pistol, apparently torn from his hand by the desperate Criner in a battle inside the Negro's home, caused Fraser's death. He was shot down, a bullet thru his head, as he ran for the police car. Beside him fell Chief of Police Joseph Sullivan, wounded in the hip. But Sullivan, decorated for valor while serving with the American army in France, crawled to a nearby house and summoned help.

HEALTH SERVICE AT OMAHA

The service will take over work of social service agencies in the city. Participating will be the Omaha-Douglas County Medical Society, the Omaha Hospital Association, and druggists, dentists and nurses associations.

The organization, said Dr. Frederick O. Beck, president, will begin functioning Sept. 15 or Oct. 1. The service will guarantee medical service to any needy person, he said, with indigent persons to be hospitalized at either University hospital or the county hospital, probably under the care of their family physicians. The primary function of the agency will be to supply health service to low income patients at a cost within their means.

DIES AT OMAHA

The death of Mrs. Annamae O'Connell, 30, occurred Thursday at Omaha following a short illness, but which had not been thought to be a dangerous nature. Mrs. O'Connell was a former resident of this city where she spent her younger years and received her education in the city schools. The family left here some fourteen years ago and have since made their home in Omaha and where she was married to Ernest O'Connell several years ago.

The deceased lady was a daughter of Mr. and Mrs. Ray Sawyer who resided here for a number of years, Mr. Sawyer being employed in the shops here prior to the strike of 1922.

There is surviving the husband, Ernest, one son, Raymond, the parents, Mr. and Mrs. R. E. Sawyer, two brothers, John Edward and Eugene and two sisters, Mrs. Margaret Prusha and Miss Marie, all of Omaha. The deceased was a niece of the late Mrs. William Shea of this city and is well known to many local people who will regret very much to learn of her passing.

The funeral will be held at 9 a. m. Saturday from the St. Agnes Catholic church at South Omaha. Interment will be made at Plattsmouth.

BANNING SAYS CORN DRY

W. B. Banning, director of the state department of agriculture, said Nebraska needs rain within a week or the corn crop will be damaged 50 to 60 percent. Banning, just returned from a trip to the western part of the state, said much of the corn he saw was still holding its own, but could not do so much longer without moisture. Irrigated fields of wheat in western areas made as much as 35 to 40 bushels to the acre, while wheat on the uplands, not irrigated, made only 2 to 9 bushels per acre. He heard of one oats field, not irrigated, that made 71 bushels to the acre.

"Beets are good," Banning said "but acreage around Scottsbluff and Gering is down. Potatoes are in good condition but unirrigated plots need rain soon."

GIVE FAREWELL FOR FRIEND

From Thursday's Daily Last evening at the conclusion of the regular business session of the Catholic Daughters of America, held at the K. of C. hall, the members joined in a very pleasant farewell in honor of Mrs. E. W. McGuire, soon to leave this city for her new home at Benkelman. The time was spent in cards and in the pinocle contests Mrs. Anna Zitka proved the winner and in bridge Mrs. W. A. Swatek. At the close of the evening dainty refreshments were served to add to the pleasures of the occasion and in departing all wished Mrs. McGuire much happiness in the new home and regret at her leaving the friends here.

CONDITION UNCHANGED

Messages from the hospital at Omaha this morning are to the effect that S. S. Gooding's condition remains but little changed. The neck injury of the aged man is the most severe and it is thought that the vertebra had been dislocated and which has made necessary placing the neck in a cast and also a weight attached to the neck of Mr. Gooding. He is able to recognize the members of the family and his mind seems clear and apparently no skull fracture resulted from the injury that he sustained.
