At the time of the beginning of the erecting of the buildings at the CCC camp they were greatly short on lumber and were compelled to borrow from their neighbor, which happened to be the Binger Lumber Co. in this case, and as time went on the lumber which had been shipped for the CCC work arrived and there was too much and so the lumber they had borrowed was returned and still there was more than needed and some has been trucked to Fort Crook. The camp is expected to be completed in about two weeks, unless something otherwise is desired than on tap at this time.

Keep County Fair in Mind.

The Cass county fair which is listed to be held at Weeping Water September 10, 11, 12 and 13, is rapidly drawing near and it will not be so long before the dates arrive. Keep in mind all who may have things which they desire to enter for premiums and who have stock, keep getting the stock, whatever kind it is from the horse to the chicken in the best of condition. For when we have a fair we surely want a fair and Cass county is capable of producing a good agricultural, horticultural and in fact any other line that will compare with any in the country, and why not show the very best before the date comes for the fair?

Make this the greatest fair that Weeping Water has ever had and have the largest crowd that ever assembled in the old town. Weeping Water welcomes you. Come and enjoy her hospitality.

Three Days With No Beer.

Such has been the condition of Weeping Water, for an account of the neglect of someone to secure and keep on hand applications for license for the sale of beer. When licenses expired which was last week, and blanks were looked for to make application to the state at Lincoln none could be found so they were ordered and were delayed in coming and there was no sale of beer allowed until the license could be renewed. Application for license had to be made and returned to Lincoln after which the license had to be forwarded to Weeping Water. During the time many had their tongues hanging out and nothing to stop the thirst. However many made nightly trips to Manley where there was plenty of Beer-staff and other brands for sale. The next time it is said there will be no such mistake.

Ten million more for river development insures new contracts and a navigable channel to Sioux City within the coming two years.

City Council Has Large Array of Legislation

From River Improvement to Street Landscaping, Civic Body Holds Three Hour Session.

The city council at their session last evening devoted some three hours to the discussion of a wide range of subjects that covered all that could be brought before the body, river dockage, landscaping of the streets, longer hours for liquor dealers, more beer licenses and an injunction, not to mention the routine monthly reports of city officers.

The river improvement committee of the Chamber of Commerce presented a communication in which they asked that the city council take up the matter of preparing of dockage and wharfs along the river for the time when the river is open to navigation. Mr. T. H. Pollock of the committee was presented and stated that the government had promised that in two years the Missouri river would be navigable to Sioux City, that river navigation offered lower rates on freight, lowering the cost of coal to the residents of the mid-west and also a lower rate for the west's grain as it was sent to market. To take advantage of this it was necessary to have docks and wharfs and for this purpose the committee desired the city to request federal funds for this project.

The river improvement committee also had a communication asking that the city secure federal funds to aid in the extension of the sewer system east of this city along the river bottoms. Mr. George Hetrick was present and told of the present condition and the need for a change in the sewers that would permit all three to be carried to the river in the shortest way and for which land would be donated. This was referred to a committee composed of Bestor, Rebal and Tippens for action.

A petition was presented from the J. H. McMaken Co., asking permission to erect a fireproof building on lots 10 and 11, in block 35 of the original town. This was referred to a committee composed of Bestor, Rebal and Tippens for action.

A communication was received from H. J. Donat and Fred H. Sharpnack, asking that the present hours of operation of liquor stores be changed from 8 a. m. to 8 p. m. on all nights except Wednesday and all nights except Wednesday and Saturday, to 8 a. m. to 10 p. m. on urday when they be allowed to remain open until midnight. Also to sell mixers and accessories. This was referred to the judiciary and license committee. Mayor Lushinsky stated that the ordinance had set forth the hours and he thought that these should be adhered to but the matter was one for the entire council to act on.

Attorney Harry L. Palmer, former candidate for supreme court justice, presented a communication to the city council relating his experience in driving along South Sixth street where the roadway has been washed by overflows from a water tank, the attorney explaining how easily an accident might bring damages to the city.

The matter of the sanitary sewer on North 8th street was brought up—and was that a dirty mess—this is a private line of sewer placed in service several years ago and which has given the residents of that section of the city much trouble in the last several months and is again stopped up and making it tough on the residents there. As several of the councilmen pointed out, the sewer was inadequate for the load it carried as many have been hooked on since the sewer was first placed in service. It was decided to have the matter placed in the hands of the city attorney to get in touch with the parties owning the sewer and trying to get an agreement to have it fixed.

Councilman Tippens of the streets, alleys and bridges committee, reported that all heavy repair work had been completed by the street department. Mr. Tippens reported that complaint had been received as to the parking on South 5th from Main street to the alleyway and which made it impossible to get in and out of places of business. It was suggested that the rule of parking on only one side of the street be allowed in that narrow congested district. This was adopted and one side parking ordered.

Chairman Rebal of the license committee reported favorable on the "On Sale" application of Phil Hoffman for the sale of beer. This was adopted by the council with Vroman absent in California and Brittain voting no. There were a number of applica-

tions received for "On Sale" beer licenses, Henry Timm, for the Kunsman-Ramge building on Main street, George Conis for his present place of business and the Plattsmouth club to be located in the Elks building on Sixth street. B. C. Cohn also made application for an "off sale" license. These were referred to the license committee composed of Rebal, Palmer and Brittain for investigation. Councilman Brittain reported that the weeds in the new cemetery were all cut and the old section of the cemetery would soon be cleaned up. The gravel in the cemetery was also reported as being an excellent job and plenty of surfacing.

Councilman Schutz of the parks and improvement committee stated that Mr. A. L. Tidd of the Plattsmouth Garden club had a communication as to the beautifying of the city streets and which he desired to have heard. Mayor Lushinsky stated that he had also a communication from the Chamber of Commerce asking co-operation in a city planning commission and to which he named Councilman Schutz.

Mayor Lushinsky then invited Mr. Tidd to discuss his plan of having the city secure PWA aid in the planting of trees and shrubs along the streets of the city, along the avenues and residential districts. Mr. Tidd had prepared his ideas in a very clear form and ready as a project to be presented to the PWA engineers for their consideration and action. This work would be a lasting improvement to the city and also take care of classes of labor that otherwise might not be employed. It was moved that this be made project No. 1 for the city and to present to the PWA. On the vote Bestor, Tippens, Seiver, Puls, Rezal, Schutz voted aye, Palmer and Brittain, no, and Webb passed.

On motion of Councilman Schutz, a communication was passed asking that the board of county commissioners be asked to plant shrubs and landscape on their part of Chicago avenue where the city will place their landscaping.

An old issue bobbed up in the meeting when Councilman Schutz moved that James Holy be given permission to landscape the street near his home in the west part of the city. This was ordered done under the supervision of the parks and improvement committee of the council.

Mayor Lushinsky announced that just a short time prior to the council meeting he had been served with a temporary restraining order to stop the sale of the old livery barn on Main street near Seventh, this order being secured by John Bauer, the owner of the property prior to the tax title purchase by the city. The answer day is September 7th. Mr. Bauer is represented by the firm of Hotz & Hotz of Omaha. The city will prepare to oppose the injunction and secure special counsel if necessary to protect the city interest.

Chairman Palmer of the lighting committee reported that the police light would be placed on the Elks building as the pole where it is now located is soon to be moved.

Chairman Seiver of the police committee reported that prices had been received on license plates to be issued to those truckers that had paid their city occupation tax. There will be fifty of these ordered and given out as the licenses are paid.

Councilman Bestor stated that the matter of the Sixth street paving would be again taken up by the city and the committee would visit Lincoln this week to place the matter before the proper officials to try and secure state and federal aid on the two blocks. It was voted that the committee be allowed five cents a mile for their expense in making the trip to Lincoln.

Ordinance No. 719 was then taken up, an ordinance providing for the sale of property purchased by the city at tax sales and for the disposal to parties that might wish to buy at private sale.

City Treasurer M. D. Brown reported that there was in the city treasury as the date of August 1st, balanced funds in the sum of \$24,216.33; overdrawn funds \$6,504.90 and leaving a net balance of \$17,711.43, deposited in the Plattsmouth State bank.

City Clerk Albert Olson reported that he had collected \$755.49 in the past month.

Chief of Police Libershal and Police Judge C. L. Graves showed twelve arrests for the month.
