### WIN LAWLOR CUP MATCH

From Tuesday's Daily.  
The Plattsmouth Tennis club defeated the Nehawk club 3-0 on the local courts yesterday. Play was started at two o'clock and was terminated about one.

The club was represented in the singles by Ray Larson and Ralph Mason and in doubles by George Sayles and Sheldon Giles.

In the finals of the southeastern district Plattsmouth will play Peru at a place to be decided later in the week.

Incidentally the match will probably bring together former player and coach, as Dr. Maxwell was coach of Ralph Mason while Ralph was a member of the Peru team.

Scores yesterday were:

Ray Larson (P) beat T. J. Pollard (N) 6-1, 6-0.

Ralph Mason (P) beat Jim Palmer (N) 6-3, 6-1.

George Sayles-Sheldon Giles (P) beat Jim Palmer-T. J. Pollard (N) 6-3, 6-0.

### MARRIED AT COURT HOUSE

Monday afternoon at the court house occurred the marriage of Miss Dorothea Opp, of Nehawka and Mr. Allen Ehlers of Weeping Water, the ceremony being performed by Judge A. H. Duxbury in his usual impressive manner.

The wedding was witnessed by Mr. and Mrs. John Opp, parents of the bride and Mrs. L. F. Ehlers, mother of the groom.

The young people will reside on a farm in the vicinity of Weeping Water.

## Telephone Co. Reports Net Gain in Subscribers

Lincoln Telephone & Telegraph Company Reports Marked Gain Over the Territory.

With practically every exchange reporting a net gain in telephones for the month of July, the total number of telephones added for this 31 day period reached 185, according to a statement made today by H. F. McCulla, general commercial superintendent of the Lincoln Telephone and Telegraph company.

"So far this year," pointed out Mr. McCulla, "there has been a net gain in telephones of 824, compared to a loss of 146 for the first seven months of 1934. However the total number of telephones at the close of July is still far below the peak of 83,729 telephones reached in April, 1930. According to the monthly report a large part of this gain is in telephones installed on the farms in the 22 southeastern counties which make up the company's territory, in Nebraska."

The development report figures also show the total number of long distance and Postal Telegraph outward messages originating in the company's territory for the first seven months of 1935 are considerably ahead of the same period of last year. A part of this increased usage is attributed to the recent change in the time of placing night station-to-station calls. Effective June 1, the time was changed from 8:30 to 4:30 a. m. to 7 p. m. to 4:30 a. m.

### LIQUOR CONTROL DEADLOCK

Washington.—Hours of talk failed again to budget the administration's new alcohol control plan out of a deadlock in the senate-house conference. The house passed it with a stipulation that the new control agency, which will administer a code much like the six which existed under NRA, should be under the treasury. It also directed that bonded hotels, clubs and restaurants be allowed to buy liquor in and sell it from barrels. The senate, at the insistence of Secretary Morgenthau, voted to make the control agency independent and barred bulk sales.

After nearly a week in the conference of senate and house members trying to compromise the differences, Chairman Doughton (D., N. C.) called a meeting of house ways and means committee demarcators to see what proposal they would accept. An agreement could not be reached.

### RECOVERY ACT NOT LEGAL

Denver.—Attorney General Paul P. Prosser held the state industrial recovery act unconstitutional and Governor Johnson announced he will ask the state supreme court for an advisory opinion concerning its legality. The act is the one adopted by the state to place features of the NRA passed by congress in effect in this state. E. V. Dunkle, chairman of the state recovery board and representative of consumers, recommended that the supreme court be asked to answer interrogations which Governor Johnson probably will submit.

"It is certainly my desire to have the matter of constitutionality of the state recovery act cleared up before business or industry is taxed so as to raise the prices of commodities to the consumer," said Dunkle.

### BAKERS ASK HIGHER WAGES

Omaha.—Members of the Omaha bakery workers organizations have presented to operators of wholesale bakeries a proposed contract calling for shorter hours and higher wages. It was learned Monday. The workers, it was said, have requested an answer by Thursday.

There are about 1,500 bakery workers in the city, but only a small number are interested in the workers' organization, one employer said. The proposed contract, it was said, calls for an eight hour day, five day week and wages from \$20 a week for helpers to \$34 and up for foremen. Vincent Mann is president of the workers' organization.

### PARACHUTE FAILS TO OPEN

Pine City, N. Y.—Lieut. Robert Shearer, army reserve pilot, was killed near here when his parachute failed to open as he jumped from his crashing plane one and a half miles west of Five Corners, northwest of Black river. George White, mechanic in the plane, made a safe landing. First arrivals at the scene of the crash reported that Shearer's parachute failed to open soon enough, indicating that he waited until the last, attempting to land his plane.

Forgetting last year's drought, Cass county farmers are looking hopefully to the present season to produce bounteous crops.

## Cut original cost and upkeep by building arterial streets of CONCRETE

You save money driving on concrete. First, because concrete streets require little upkeep and last the longest. Second, because you save in gas, oil, tires and car repairs. Concrete is true and even—safe; it drains quickly, increases visibility and improves the appearance of the neighborhood. If the streets are extensions of Federal Aid highways, Federal money may be available for the new pavement. Insist on concrete for safety, comfort and money-saving.

A golden opportunity! Federal funds are now available for paving both highway system roads through town and important thoroughfares off the "system." Check up in your community. Has a project been submitted?
