

# Elmwood News

Mr. and Mrs. Wright Gillet of Lincoln were visiting for the evening last Sunday at the home of the parents of Mr. Gillet.

William Schlichtemeier of near Nehawka was a visitor in Elmwood on Tuesday of this week and had several bushels of very fine timothy seed which he left here for the purpose of being sold.

Henry Smith and George Moomey returned from a trip to the southland on Friday of last week and while they saw much beautiful country, they say the crops are not good and the country very dry.

Leonard Klemme and wife were state fair visitors Tuesday of this week, driving over to the big city and enjoying the fair, notwithstanding the weather being very chilly and liable to rain all day.

James Hayes, who works for the Rosenow service station a portion of the time, was over to Lincoln last Tuesday looking after some business and while there secured an invoice of supplies for the station which he brought along for Emil Rosenow.

The home of Mr. and Mrs. Charles Woods was made a lively place on last Sunday when Walter, their son, who resides on a farm near Manly with the wife and four of the children came to make the grandparents' home a merry place which they surely did for a lot of youngsters make a home happy.

**Infant Son Dies.**  
The infant son of Mr. and Mrs. Henry Westfall which was born on last Thursday and which only lived a few hours, dying the same day, brought joy in the fact that a child was born and also sorrow that they were allowed only a few short hours to have it until death came, taking it away. They have the sympathy of their many friends in this hour of grief.

**Sells Three Cars.**  
Ronald Schlichtemeier, owner of the Schlichtemeier garage and who is keeping after business in a quiet but effective manner has sold three new Studebaker cars. The cars went to Leo Rikil of near Murdock, Charles Buell, between Elmwood and Murdock and Frank Gustin, near Elmwood.

**Visiting Friends Here.**  
Notwithstanding the incessant rains of last Sunday the home of Mr. and Mrs. Herman Penterman was a place of merriment when the brother of Mrs. Penterman, Clifford Shedley and wife and their three sons came for a visit of over Sunday. They make their home at McCook where Mr. Shedley is employed with the Burlington and as the weather was not the best they came via train. The boys, Glen Curtis and Leland made a merry time for all the party. Mr. Shedley gave a very vivid description of the flood which he says no pen or photograph are able to describe.

**Attend State Fair.**  
Mr. and Mrs. Wm. Winkler and their little daughter and Mr. and Mrs. N. D. Bothwell and daughter, Jean Adair were in Lincoln last Sunday attending the state fair. They had intended to go in the morning and spend the entire day, but the continuous rainfall prevented and so when the noon hour came and the rain somewhat subsided they ventured out and while they got by they found plenty of water falling most of the day. However they enjoyed the fair just the same.

**Celebrated 72nd Birthday.**  
Mr. and Mrs. Frank Gillet were over to Lincoln last Sunday where they were at the home of a brother of Mrs. Gillet, Mr. and Mrs. John Dickerson, who was celebrating the passing of his 72nd birthday anniversary. The entire family were there and a very fine time was had. Among the stunts which they enjoyed very much was the playing of a Jews harp, fiddle, tamborine and rattle bones, at which Mr. Dickerson is a very apt artist.

Kansas where they looked over the country with a view to making their home there, have returned home.

They were particular to look at the soil, the crops and the business being done there and after looking the matter over very thoroughly, Orville came to the conclusion if one desired to work that there was no need of anyone going hungry or being without plenty to eat, wear and for fuel for the home. However there are many people there who are indigent and without means. Mr. Weddick cites a man who was on the county here before going there and who has been working most of the time and making a living. The climate is mild and there is an abundance of things growing there. However Orville and the good wife are as yet undecided as to whether they will make their home there or not.

**THE RURAL PRESS**  
There are some 15,500 newspapers and periodicals published in this country. The greatest proportion of them are small-town weeklies, dailies and semi-weeklies, and magazines whose principal appeal is to the rural dweller.

The importance, the influence, and the worth of these publications can hardly be exaggerated. They are, as the San Francisco Argonaut has written, "the chief influence in the thought habits of our rural population of fifty-four million." And the character of their content, both in news and editorial departments, well repays those who peruse them.

As a result, the recent contest held by the magazine "Country Home" to pick the best country newspaper correspondent in the United States, was of much more importance and interest than contests usually are. The winner, a woman lives in a Missouri town which has a population of twenty-seven, and is fifteen miles from the nearest railroad. For forty-four years she has been local correspondent for a rural paper in her county.

Urban editors, on reading excerpts from her correspondence, have been amazed by its quality. It does not deal with crimes and misdemeanors. Instead it tells of the crops, of the trials, tribulations and achievements of farm people who rarely make the metropolitan headlines, but who, happily, are more numerous and more vital to the nation than our gangsters, our political and business renegades, and our ex-show-girl divorcees.

Most interesting of all, this woman's correspondence, fine as it is, is not greatly different from that of other rural correspondents. Winners of lesser prizes in the contest show the same qualities—the same command of clear and vivid English. The country newspaper, little known as it is to the city dweller, is one of the finest, most permanent, and most deservedly successful influences in our American life. Last, but not least, it is the outstanding guardian of the nation in upholding our Constitution and American ideals.

**BLOCK POLICE APPOINTMENT**  
Kearney, Neb.—The impasse over appointment of city officials and employees remained unbroken Monday when the police committee refused to confirm the appointment by Mayor A. D. Camperon of Archie Bell as a policeman.

The deadlock has existed since the spring elections when the city council declined to give its approval to appointments by Cameron. The mayor Monday discharged Patrolman W. E. Peterson without giving a reason and named Bell, who was given an acting status after the committee refused its approval.

Mayor Cameron originally announced he would "clean house" but thus far appointments have been made only as vacancies developed or limited to the choosing of commission members who act without pay. In all instances those acting were appointed to succeed themselves and were approved by the council.

**RUSH FOR OLD AGE PENSIONS**  
Kansas City.—More than 1,000 aged persons, a score of whom fainted, rushed the Jackson county courthouse to apply for pensions under Missouri's old age pension law. It was the opening day for the applications.

Many of the men and women, all over 70, were bent over canes and crutches. The first applicant, John Wesley Harmony, 80, hurried away after filling out the long application to eat his belated six-cent breakfast.

# Omaha University Professor Speaks to Rotarians

Prof. Wolford Payne of the University of Omaha, Discusses Philosophy of Life.

The Plattsmouth Rotary club Tuesday at their weekly luncheon had the opportunity of enjoying a very interesting talk by Professor Wolford Payne, head of the department of philosophy of the University of Omaha.

Mr. Payne was introduced by Superintendent L. S. Devoe of the city schools, who told of the splendid educational work of Prof. Payne in his studies and work at the University of California and the University of Wisconsin.

Professor Payne discussed the theory of philosophy that aided the student to help interpret the problems of life in the many propositions that might confront them.

The usual songfest was enjoyed by the club members under the direction of George Jaeger.

With vacation time over the club had a full membership of their organization on hand for the meeting.

**GOOD WILL CLUB MEETS**  
The Good Will club met Wednesday, August 28th with Mrs. Eliza Snaveley near Union. Mesdames Cora Morton, Emma Morton and Melissa Terrell were hostesses for the day.

The main feature of the afternoon was the election of new officers.

Officers for the previous year were: Mrs. Florence Roddy, president; Mrs. Myrtle Hathaway, vice-president; Miss Violet Dye, secretary-treasurer.

Officers elected for the coming year are: Mrs. Gertrude Taylor, president; Mrs. Ethel Eaton, vice-president; Mrs. Della Roddy, secretary-treasurer; Mrs. Raymond Hathaway, club reporter.

The Good Will club was started on Thursday, August 1, 1934, with a picnic dinner at the river. There were eight charter members. Meetings were held every two weeks at the home of different members. During that time new members were added.

The members of the club pieced and quilted a quilt, called the "Club Star."

On December 14, 1934, they gave their first entertainment, and sold the quilt. With the proceeds, they bought supplies and started the "Sciota Community Sunday School."

During the winter and spring months they pieced another quilt in basket design. Through the summer months, the club held their meetings at the school house. The time was spent in quilting, talks and discussions about caning and exchange of recipes.

An important event of each meeting was the Pollyanna Box. Each member of the club having exchanged names all around, received a gift each month, from their so-called Pollyanna, who was unknown. This being of interest to all members, the Pollyanna box was retained for another year.

The next meeting will be held on Wednesday, September 11, at the home of Mrs. Della Roddy, the Roddy members acting as hostesses. A handkerchief shower will be an interesting feature of this meeting, given in honor of Mrs. Audrey Walters, a departing member of the club.

At the present, there are twenty-two members in the organization, the members hope that their club will keep increasing, and be as successful this year as it was the previous year.

**VISITS WITH OLD FRIENDS**  
Mrs. Renee Allen Tennant, of Miami, Florida, is in the city to enjoy a visit with old friends and is a house guest at the home of Mr. and Mrs. E. A. Taylor and family. Mrs. Tennant has been visiting at Chicago, Des Moines and Lake Okoboji, coming from there to this city. Her father was one of the pioneer residents of Nebraska and was well known at Ashland and this city.

Mr. and Mrs. Albert Anderson and son were guests for the afternoon and at a six o'clock luncheon at the home of D. Steffens last Sunday.

Mrs. Louis Ross, who has been troubled with bad tonsils, was at Lincoln last week, where she had the same removed and is getting along very well following her operation.

J. H. Steffens was at Lorton last Monday, going over to assist his father, C. Steffens, who conducts a bank there, with the work of checking over the books, which is done every three months.

Edward Schumacher is attending the state fair at Lincoln today, being one of many from this vicinity who have taken in the big show this week. All say the fair is exceptionally good this year and well worthy of attendance.

Mr. and Mrs. Don Philpot and Ralph Murphy and lady friend, who have been visiting in the west and enjoying the mountain climate and scenery of Colorado, arrived home on last Friday, well pleased with their splendid outing.

Earl Troop, who is employed with a concern doing some road work in the western part of the state, at Paxton, was a visitor at the home of his father, W. O. Troop, of this place, over the week end and also visited in Union a short time.

Gilbert Edmonds and family returned home last Sunday from their trip to the north, which took them into the lake country of Minnesota, where they enjoyed some fine fishing and a real outing. On their return trip, they were accompanied by some relatives of Mrs. Edmonds, and drove in rain much of the way.

**Concludes Threshing Season**  
Warren Munn, who operates a threshing outfit each year, has concluded his work in this line for the present season and placed his machinery in the shed, where he will go over it and place it in good shape for use again next year.

**Busy Workers Meet**  
The Busy Workers, an active ladies' organization of the Methodist church of Nehawka, met last Friday at the home of their fellow-member, Mrs. W. S. Norris, where they were very pleasantly entertained during the afternoon. The business portion of the session was occupied with looking after the interests of the church, which is the prime object of their existence. Officers were elected for the coming year, as follows: Mrs. R. C. Pollard, president; Mrs. Albert Anderson, vice president; Mrs. Martin Ross, secretary and Mrs. Harold Dobson, treasurer. Mrs. Albertina Ost was named as directress.

**Injures Self by Falling**  
Miss Louella Kitch while walking on the paved crossing, stepped on some dirt that had been softened by the rain and was very slippery, falling as a result. She sustained quite severe injuries.

**Nehawka Schools Opened Monday**  
The Nehawka schools opened Monday notwithstanding a rumor that was flitting about that they would not open until Tuesday. The opening day's attendance was in excess of that of former years and further additions are expected later. A number of new seats have been installed to take care of the increased attendance.

**HONOR CALIFORNIA VISITORS**  
From Wednesday's Daily  
Last evening Mr. and Mrs. Max Valley entertained at a 6:30 dinner honoring Mr. and Mrs. Carl Stoehr of California, who are here visiting his father, C. W. Stoehr and family. Those present were Mr. and Mrs. Roy Tschirren and son, Kenneth, C. W. Stoehr and son, Ted, and guests of honor, Mr. and Mrs. Carl Stoehr and daughter, Carala-Mae.

**Enjoyed Picnic Friday.**  
Under the sponsorship of the superintendent of the Nehawka schools, the senior class of 1935 went down to River View park, Nebraska City last Friday where they enjoyed a picnic with a supper in the evening and following this they all went to a picture show.

**Has a Good Record.**  
There were twelve students graduated from the Nehawka high school in the class of 1935 and out of this number ten of them have arranged to attend a school for higher education, some to the state university and others to some other school or college, and with the entire class numbering only twelve and ten to take further education it makes 83.3 percent of the total number, which is pretty high and we are wondering if there are any schools that are able to beat this.

**Names Are Omitted**  
In the list of those participating in the Hackenberg birthday observance the past week, the names of Sam Hackenberg, Elmer Hackenberg and the son and four daughters of Mr. and Mrs. Kennedy were omitted.

# Nebraska Schools to Get 1500 NYA Pupils

Regional Director O. W. Kaye of Chicago, Says University of Nebraska to Get 560.

Student aid in Nebraska under the national youth administration program, according to Regional Director O. W. Kaye, Chicago, Ill., will reach approximately 1,500 students. Kaye, who came to Nebraska Saturday, conferred all day with Gladys Shamp, state director, and figured out school enrollment percentages on which NYA allotment will be made.

Figures are based on 12 percent of the enrollment as of Oct. 15, 1935 in non-profit colleges of the state. The University of Nebraska will find places for approximately 560 needy students, Kaye said.

He will attempt to have a meeting between now and Tuesday with college officials from all parts of the state to discuss the program with them. For students unable to attend college, he will broach a high school setup which will make available at various parts of the state, subjects which will be in line with freshman year college material.

Nebraska Wesleyan, is to get about fifty students, and Union College, is tentatively listed for eighteen. Out in state colleges to figure in the apportionment and the number of students who can be taken care of include:

- Chadron State Normal, Chadron, 60
- College of St. Mary, Omaha, 8
- Crelighton, Omaha, 150
- Dana, Blair, 60
- Doane, Crete, 22
- Duchesne, Omaha, 15
- Hastings, Hastings, 60
- Hebron, Hebron, 12
- Luther, Wahoo, 10
- McCormack Junior, 8
- Midland, Fremont, 22
- Omaha Municipal, Omaha, 70
- Nebraska Central, Central City, 8
- Peru State Normal, 60
- Presbyterian Theological seminary, Omaha, 5
- Scottsbluff Junior, 5
- Wayne State Normal, 95
- York, York, 20
- Kearney State Normal, Kearney, 85
- Concordia Teachers, Seward, 10.

**HAVE HEAVY RAINFALL**  
This section of Nebraska was visited by a very heavy rainfall over the week end that has proven one of the heaviest of the season. The rain starting Sunday showed 1.62 inches and this morning the rain gauge showed that .51 had fallen since last night. The rain is expected to be of the greatest benefit to the crops in this section and was most gratefully hailed by the farmers of the community.

**JOINS FAMILY HERE**  
B. E. Woodward, who was physical director and leader of band and orchestra in the local high school several years ago, arrived here Tuesday to spend a short time. Mrs. Woodward and two children have been here visiting with old friends and Mr. Woodward will stop for a short time also. They go from here to their home at Beaver Dam, Wisconsin, where they have made their residence for the past several years.

**A MOTOR OIL THAT STANDS HEAT!**

**ISO-VIS "D"**

FOR hot summer driving, you want a motor oil that resists heat. An oil that holds up, won't thin out dangerously, no matter how long or how fast you drive. An oil that protects your motor under the severest strains.

In other words—Iso-Vis "D," Standard's anti-sludge motor oil. Technically speaking, it has a remarkably high "viscosity index," is 100% overhead distilled, and is purified by the Chlorox Extraction and Propane Dewaxing Processes.

All of which, in plain language, simply means the very best oil you can use in your car, regardless of price. You can get Iso-Vis "D" at Standard Stations and dealers—at 25 cents a quart.

**We Are Enthusiastic**

Some persons may wonder why we mention our funeral home so often, why we are so enthusiastic about it. The answer is simple enough, and those who have been in our home can understand our attitude.

We mention the home often because we know there are many persons who have never seen it, who do not know how well it can serve in time of need. And we are enthusiastic because the home warrants enthusiasm; it is such a splendid place, a perfect temporary home.
