Story of the Constitution at the CCC Camp

Superintendent L. S. Devos of the City Schools Gives Fine Talk to Young Men.

Superintendent L. S. Devos of the city schools was the speaker at observation of Constitution day at the CCC camp at Weeping Water Tuesday evening.

The address was enjoyed by the group of some two hundred young men who are in the camp and was a splendid recitation of the making of the great basic law of the land and the story of many of those who had labored in the construction of this great measure.

The speaker told of the decision of the makers to have the government divided into three parts, executive, legislative and judicial, that one might act as a balance on the other in the administering of the laws that covered the rights and liberties of the whole people.

Mr. Devos also touched on the amendments that were made to the original constitution, the first ten of which had been adopted soon after the adoption of the original constitution, these being better known as the bill of rights and in which the principles advocated by Thomas Jefferson and his associates had been written in to protect the personal rights of the people of the nation.

Mr. Devos was accompanied by Joe Hendrix, Wallace Terryberry and Mrs. E. H. Wescott who enjoyed the visit to the camp, just recently established in the county.

The time has been very pleasantly spent in the discussion of the war days and the old associates in the army and many "do you remember" incidents have been gone over by the old associates.
