

**Cass County Farm Bureau Notes**  
Copy furnished from Office of County Agent Waincott

**Final Bee Demonstration.**  
Mr. O. S. Bare, extension entomologist, will be in the county Monday, October 14th to conduct the final meeting in the series of apiary demonstrations which have been held this year. The meeting will be held at 2 p. m. at the F. L. Bailey home in Weeping Water.

**New Hallowe'en Circular.**  
Extension Circular No. 510 is a new circular entitled "Hallowe'en Night." It contains many suggestions for party invitations, decorations and games for Hallowe'en entertainment. If you are looking for something new to amuse your company, young or old, ask for this circular at the Farm Bureau office. The suggestions are very good for club meetings, school parties and other similar gatherings.

**Enter 4-H Livestock for Ak-Sar-Ben.**  
4-H baby beef, swine and sheep club members who expect to show at the Ak-Sar-Ben, October 17 to November 2, must have their entries in the Farm Bureau office by Friday, October 11th. An entry fee of \$1.00 per head for cattle and 50 cents for swine and sheep must accompany the entries. This fee will be returned to the individual provided the animals entered are exhibited. All animals must be in stalls by Sunday, October 27th at 10 a. m.

In sending in entries be sure to give the animal's date of birth, breed and sex, and ear tag number if it is a baby beef. It is assumed that all 4-H baby beefs, barrows and lambs entered in the show will be sold at the auction on November 1. Anyone not wishing to sell his animals must notify the agent.

**Rooter's Day October 11**  
The pig, long known as the farm "mortgage lifter" and who is apparently making a come back after a series of unfavorable years, is to be honored at the University of Nebraska College of Agriculture, on Friday, October 11, when the ninth annual "Rooter's Day" is scheduled to be held.

Cass county farmers this week were invited to attend the gathering. The event is held under the auspices of the animal husbandry department at the college of agriculture and the Nebraska Livestock Breeders and Feeders Association. Talks on recent experimental swine work conducted at various stations will be featured in the program. Prof. Wm. J. Loeffel will report on the Nebraska results. W. E. Carroll of the University of Illinois is to appear on the program in speaking about "Some Investigations with Breeding Hogs." Prof. H. C. Filley will discuss the outlook for the swine producer. Others on the program are H. W. Derick, Walter Tolman, M. L. Baker, M. A. Alexander, Dr. S. W. Alford and R. R. Thalman. Dean W. W. Burr will welcome the visitors. Prof. H. J. Gramlich will preside over the session and speak late in the afternoon.

Women attending the "Rooter's Day" will have their own program

**NO UPSETS**  
The proper treatment for a bilious child  
**THREE STEPS TO RELIEVING CONSTIPATION**  
I - Give a small quantity tomorrow. II - Give a smaller quantity today. III - Give a still smaller quantity tomorrow, less each time, until bowels need no help at all.  
**ANY mother knows the reason when her child stops playing, eats little, is hard to manage, Constipated. But what a pity so few know the sensible way to set things right!**  
The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity.  
A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.  
This treatment will succeed with any child and with any adult.  
Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

at noon while the men are inspecting experimental livestock. They will hear Miss Inez Wilson of the National Livestock and Meat Board speak about "Recent Developments in Meat Cookery and in the Use of Lard."

**Controlling the Flat Headed Apple Tree Borer.**  
The past three or four years have been exceptionally favorable to an increase of the flat headed apple-tree borer, and damage by it has increased accordingly. During the summer of 1935 thousands of newly transplanted trees, old declining trees, and trees that had been weakened by drouth or by other unfavorable causes were destroyed or badly damaged by this pest. In a few cases the borers were even reported to be damaging apparently healthy and vigorous young trees which is unusual, but in most cases these trees undoubtedly had been weakened by drouth or rother conditions. The flat-headed apple-tree borer attacks nearly all kinds of fruit and shade trees, but under Nebraska conditions the greatest damage has been done to apple and American elm trees. Any tree that has been weakened or damaged from any cause is particularly likely to be attacked.

Prevention of infestation is much better than attempts to cure. After a tree has become infested, the only effective remedy is to dig out the borers with a sharp-pointed knife and paint the wounds with a protective or repellent substance, such as white lead, or a mixture of 75% coal tar and 25% crude creosote. This should be done in late summer or early fall. Dead or dying trees or badly weakened trees that are heavily infested should be cut out and burned before May 1 to prevent the emergence of the new brood of beetles.

To prevent trees from becoming infested they should be kept in as vigorous condition as possible. Watering and application of suitable fertilizers are of much value. Young trees may be protected by shading the south and west sides of the trunk and base of lower branches for several years after transplanting. This may be done by means of a board or stake driven into the ground or tied so as to provide the necessary shade. Or the trunk may be wrapped with burlap or building paper that is free from injurious chemicals. A roll of wire screen snapped about the trunk is effective if it does not hug the trunk too tightly. Such protection should from the soil up to and including the base of the lower branches.

Repellent washes may give good protection and can be used on both small and large trees. The Michigan Experiment Station found that the following wash gave almost complete protection. -- repels the adult beetles and thus prevents egg-laying:  
Common potash laundry soap, 50 lbs.; water, 3 gal.; flake Naphthalene, 25 lbs.; flour, 2 lbs.  
Place the soap in the water and set in a warm place to soften for a few days. Use a potash soap, as it will form a smooth mixture, while a soda soap will become jelly-like. After softening, place the water and soap in a double boiler and cook until the temperature reaches 180° F. Stir in the flour and add the naphthalene flakes. Then cool quickly, stirring the mixture occasionally. The more rapidly the mixture is cooled, the smaller will be the crystals of naphthalene. Apply the mixture to the trunk and base of lower branches with a brush while warm. It may be kept in air-tight containers, and warmed and thinned with hot water to the consistency of thick cream as it is needed. Where smaller quantities are needed, a fourth of the above formula may be mixed very conveniently. The first application should be made about May 1, and later applications should be made about every three weeks up to August 1.

**FLOWER CLUB ELECTS**

The Social Worker Flower club was delightfully entertained at the home of Mrs. Ernest Hutchison with Mrs. Ray Wiles assistant hostess. The usual business meeting was held with election of officers as follows:  
President—Mrs. Mike Kaffenberger  
Vice-President—Mrs. Geo. Mumm  
Secretary—Helen Johnson  
Treasurer—Mrs. Fred Spangler  
Corresponding Secretary—Mrs. Albert Wheeler.  
The past president was presented a gift from the club as a token of appreciation of her work during the year.  
A Hallowe'en party is to be held at the home of Helen Johnson on Saturday, October 26th.  
A few songs were given and the remainder of the afternoon was spent in visiting. Mrs. Arthur Sullivan was a visitor present.  
The hostesses served a delicious two course luncheon at the close of a most pleasant day.

**Alvo News Items**

By MRS. GLENN DIMMITT  
The Journal will appreciate the giving of news items to the above named correspondent by Thursday for inclusion in this column.

Mrs. Edith Kitzel is spending a few days at York.  
Mr. and Mrs. Ellis Mickle spent Monday in Lincoln.  
The school children have been having their six weeks' tests.  
Leonard Whiteley is spending a few days at the Davis home.  
Mr. and Mrs. Art Skinner were shopping in Lincoln Saturday.  
Mr. and Mrs. William Copple and sons were shopping in Lincoln Saturday.  
Mr. and Mrs. Al Trahern are spending a few weeks at Long Island, New York.  
B. T. Lince, of Lincoln, was a guest at the L. B. Appleman home over the week end.  
Mr. and Mrs. Andy Brobst, of Lincoln, were Sunday callers at the H. B. Bornemeier home.

Albert Davis, of Minneapolis, visited from Monday until Wednesday with his mother here.  
Wesley Cook spent the week end at home. Wesley is attending the University of Nebraska.  
Mr. and Mrs. John Woods, of Elmwood, called at the J. L. Hardnock home Sunday afternoon.  
Mrs. Vera Lancaster left Wednesday for Fremont, where she will spend a couple of weeks.  
Mr. and Mrs. L. B. Appleman attended the Old Settlers' picnic held at the Shaffer Grove Saturday.  
Mr. and Mrs. George Braun, of South Bend, visited Mrs. Braun's mother, Mrs. Yeager, Wednesday.

Mr. and Mrs. Glenn Dimmitt were dinner guests Thursday at the Lincoln Dimmitt home in Greenwood.  
Mr. and Mrs. Will Peterson, of Grand Island, were visiting at the P. J. Lince home a few days this week.  
Mrs. William Kidder and Mrs. Margaret Brendel of Murray were guests at the Frank Cook home Tuesday.  
Mrs. Lloyd Fifer, of Valentine, who has been visiting relatives here, has accepted a position at the Lindell hotel.

Mrs. Davis attended the funeral services of her brother's wife, Mrs. Leonard Whiteley, at Prairie Home on Tuesday.  
Miss Viola Timblen and Mrs. Kilborne, of Weeping Water, visited from Friday until Sunday at the W. C. Timblen home.  
Mrs. A. G. Halverson, of Woodstock, Iowa, a sister of Mrs. Davis, has been visiting at the Davis home during the past week.  
Mrs. L. J. Eberberger, a sister of Mrs. Carl Hoffman, returned to her home Wednesday, after a few days' visit with relatives here.

The Alvo Woman's Reading club met at the home of Mrs. Barkhurst of Lincoln for a one o'clock luncheon Thursday, October 10.  
John Skinner was on parade with the new truck that the Coatman and Skinner company purchased just recently, at the "Str-Up" at Ashland last Thursday.  
Mrs. Lee Abbott of Dallas, Texas, stopped in Alvo Wednesday to call on friends while en route to Ashland. Mrs. Abbott was formerly Miss Evelyn Barkhurst.

Joyce McCartney had her tonsils removed at Dr. Buzza's office Wednesday morning. She is getting along very nicely and it is hoped she will soon be able to be back in school.  
Mr. and Mrs. Leo Peters and children and Mr. and Mrs. Lincoln Dimmitt of Greenwood and Mr. and Mrs. Marion Dimmitt and children of Ashland spent Sunday at the Glenn Dimmitt home.  
Several carloads of gravel have been shipped into Alvo just recently and six more cars were ordered last Thursday to be used on the Elmwood road. The roads are being put in good condition for winter.

Mrs. Dan Rueter received the sad news of the death of her mother, Mrs. Charles Haertel, of Murdock, last Tuesday evening. The funeral was held Friday afternoon. Friends extend sympathy to the relatives.  
Fifteen Alvo people attended the Cass county convention of the Nebraska Council of Christian Education at Plattsmouth Monday. A very interesting and worth-while program was enjoyed by all those who were present.  
Norman Johnson was injured when practicing football at school last Friday. The ligaments of the right knee were torn loose and Norman also suffered from a bursted blood vessel. He will be unable to attend school for several days.

Mr. and Mrs. Robert Johnson and daughters, Pauline, June Rose, Margaret and Geraldine of Clarinda, Ia., spent Saturday and Sunday here with relatives. Miss Pauline is a nurse and will attend the Iowa state convention for nurses as a county delegate.  
The Cass County Bankers' association held their annual meeting and banquet here Friday afternoon and evening, with a good attendance and a most interesting program. Details of the meeting are found elsewhere in this issue of the Journal. The Ladies Aid had charge of the banquet, which was served in the basement of the M. E. church, and received many compliments for the excellence of their cuisine.

**Brotherhood Meets**  
The Alvo Men's Brotherhood held its regular meeting at the church basement Thursday evening, October 10. During the business session, officers for the coming year were selected. Arthur Ruelofus was chosen president; Fred Prouty vice president and Edwin Muenchau, secretary-treasurer.  
An enjoyable program was provided, which, with the business session, ran until a quite late hour.

**Mothers' and Daughters' Council**  
Mrs. Mabel Winn and Mrs. Gerald Reber entertained the Mothers' and Daughters' council at the Thomas Stout home Friday afternoon. There was a large crowd present. Mrs. Carl Hoffman had charge of the excellent program that was presented. This was followed by the serving of delicious refreshments.  
**Attended Large Wedding**  
Mr. and Mrs. Sterling Coatman, Ed Hensley and Mr. and Mrs. Simon Rehmeier attended the large double church wedding at the German Lutheran church of Otoe, of Miss Elva Seemer to Mr. Elton Raap and Miss Nora Seemer to Mr. George Peoples, Thursday evening of last week. Later in the evening, they attended the reception held for these young people at the Syracuse pavillion. Elton Raap, one of the grooms, is a grandson of Ed Hensley and a nephew of Mrs. Coatman.

**Sprayed Apples for Sale at C. L. Wiles Farm, Plattsmouth, Nebr. Price is right!**

spent Saturday and Sunday here with relatives. Miss Pauline is a nurse and will attend the Iowa state convention for nurses as a county delegate.

**PURCHASE ROCK CRUSHER - CONDITIONAL ON WPA**  
The Nebraska City News-Press of yesterday states the Otoe county commissioners have placed their order for early delivery of a rock crusher, conditional on approval of a WPA job of some thirty miles of farm-to-market road that has been applied for.  
The cost of the equipment will be close to \$3,500 and the machine is being assembled in Minneapolis preparatory to prompt delivery as soon as definite approval is given the proposed WPA work.  
As the life of a rock crusher runs from ten to twenty years, the cost is not excessive when spread out over that great a time, or figured another way, its resale value will not drop a great deal after one or two years' use, should the county find itself no longer in need of the same, and should be able to dispose of it for around 75 per cent of its original cost.  
The hard surfacing of feeder roads is a program ideally fitted to the WPA program, inasmuch as it permits of great elasticity as to number of men employed and can be carried on in almost all kinds of weather. Even when trucks cannot go, the crusher can be operated, piling up surfacing material for future use.  
Counties bordering on the Missouri river in this part of the state have within their borders sufficient limestone rock to provide surfacing for every mile of farm to market roadway in their area, and with short haul and aid from the federal government in the way of wages to the workers, the opportunity for road improvement is greater than any other type project that might be suggested or applied for.

**VISITS IN CITY**  
From Friday's Daily  
Attorney C. E. Tefft, of Weeping Water, was a visitor in the city today to look after some matters in the county court. He reports that the fog this morning was very heavy in his part of the county and made driving difficult practically all the way into this city.

**HAMPSHIRE BOAR AND GILT SALE**  
at Nehawka, Nebr., Monday (night), October 21, 7:30 o'clock.  
HARRY M. KNABE, Owner.  
Phone your order for Job Printing work of all kinds.

**Wabash News**

Miss Myrtle Woods, the rural mail carrier, who had her car damaged in Omaha several weeks ago, has traded the old car in and secured a new one of the same make.

Bud Goolsbey, a relative of Henry Osborne and wife, has been assigned to the position of agent for the Missouri Pacific at Manley, which was formerly held by Lester Reasner.  
Frank Rodgers moved during the past week to Nehawka, where he is located much nearer his work in the stone quarries and will find it much more convenient than heretofore.  
Rev. F. C. Weber, pastor of the church here and also at Callahan, has been active in the work of the revival meetings which closed last Sunday evening at the Evangelical church at Elmwood. The meetings were very successful and were attended by large numbers of people.

**Making Substantial Repairs**  
The home of Frank Reese has been in need of repairs for some time past, and so Uncle Frank and John Cardwell have been tearing off the old plaster and placing a new coat on the walls and ceilings of the various rooms. It is a lot of hard work, but has added much to the beauty of the interior of the home.  
**Visited at Eagle**  
Mr. and Mrs. J. C. Cardwell and their two sons, Boyd and Vernor, with Grandfather Frank Reese, visited over the week end at the home of Mr. and Mrs. Ernest Underwood in Eagle. Mrs. Underwood is a daughter of Mr. Reese. There were also present on this occasion, Mr. and Mrs. Diller Utt and their sons and Mr. and Mrs. William Prussing and two sons of Lincoln.

**Moves to Lincoln**  
Lester Reasner, better known as "Pop" Reasner, who has been agent and operator at Manley for the Missouri Pacific, recently received the appointment as director of some government work in the states of Nebraska and Kansas, and has moved to Lincoln, where he is establishing his headquarters for the work and where the family will reside while he goes about over the territory looking after the details of his new position.

**Spreading Gravel Near Alvo**  
John Woods and his force of workmen from here, composed of Louis Reese, Warren Wickham, Guy Hinds, Fred Shellhorn and Noell Golden, as well as a number of men from Greenwood, are busy at this time spreading gravel on the roads near Alvo. As this work is being done in the vicinity of where a number of people reside who are on relief, some of the help must be secured from there.

**Visiting at Aurora**  
Mr. and Mrs. Henry Hammond, of Davenport, Iowa, arrived in Wabash last week and visited at the home of the mother of Mrs. Hammond, Mrs. Henrietta Lawton. After staying here over the week end, they departed early last week for Aurora, taking Mrs. Lawton with them, and there they all visited with another daughter and sister of Mrs. Hammond, Mrs. Frank Greene and husband. They remained there for several days and on their return here, Mr. and Mrs. Hammond continued on to their home at Davenport, arriving there in time for Mr. Hammond to resume his work after a very pleasant vacation.

**Purchases More Cattle**  
Frank Marshall was a visitor in Omaha last Tuesday, where he went to take some fat cattle to market for some of the farmers living in this vicinity, and on his return brought a truck load of cows for his own farm, which he will feed from the abundance of roughage that exists this year. Under present prices, there is money in raising and fattening cattle.

**Reduced Attendance in Schools**  
With the removal of two families from Wabash, attendance in the public schools has been reduced some 30 per cent. The former number of students was eleven, and now there are but seven. However, the work of the school is going forward just the same.

**Linger Longer Club Notes**  
On Friday, October 4, the Linger Longer Women's Extension club met at the home of Mrs. Noel Golden, of Wabash, for their first meeting.  
Most of the members of last year were present and three new members.  
The meeting was opened by our president. After the business was taken care of, we had a song period. The leaders then had charge of the meeting. The topic was "Vegetables, and How to Prepare Them."  
After the meeting adjourned, we
