

### Probable All-American Center

Gomer Jones

One of the almost sure bets for All-American honors is Gomer Jones, center and captain of the Ohio State team, who has been a pillar of strength on defense for the Scarlet Scourge this season.

### SURPRISED ON BIRTHDAY

From Saturday's Daily: Last evening at the home of Mr. and Mrs. August Kopp on South 9th street occurred a delightful gathering of a large group of young people who came to honor and celebrate the twenty-first birthday anniversary of Arthur, eldest son of Mr. and Mrs. Kopp. The guests had arrived at eight o'clock very unexpectedly, Arthur being unaware of the fine treat that was in store for him, which made it seemingly surprising to him. The pleasant affair was successfully arranged by the young man's parents and sister, Helen Jane, as well as Miss Alta Rohlf to whom much credit is due.

The home of the Kopp family was the scene of the beautiful and artistically decorated rooms, the usual Thanksgiving colors and spirit having been carried out which made it look very attractive and an ideal setting for this happy occasion. The table was neatly decorated in a colorful manner, the center piece comprising a huge and handsome birthday cake which was made by Mrs. Kopp.

The evening was spent in playing cards which everyone enjoyed. The winners were William Woolcott who won first prize and the booby prize of the evening was awarded to James Benedict.

The guest of honor was showered with many useful gifts, and following at an appropriate hour, dainty and delightful refreshments were served by the hostesses, Mrs. Kopp, daughter, Helen and Miss Alta Rohlf.

Those present to enjoy the pleasant affair were: William Woolcott, Isabelle McFarland, James Benedict, Mable Smock, William Henriksen, Nadine Kenney, William Brink, Helen Kopp, Miss Alta Rohlf, Mr. and Mrs. August Kopp and the guest of honor, Arthur Kopp.

When you are planning for the decorations for the Thanksgiving holiday party or dinner, call at the Bates Book & Stationery store where many attractive features await your inspection.

### MURDOCK ITEMS

The Ladies Aid met at the home of Mrs. Charles Long on Thursday afternoon.

William Bourke was over to Manley assisting O. E. McDonald with the conduct of his business while Robert McDonald has been out picking corn.

Frank Rosenow has been carrying the mail during the time Lacey McDonald has been out in the pheasant country trying his luck at bagging the limit.

Homer H. Lawton was in Alvo on last Wednesday evening, where he was looking after some business matters and arranging to paint the store of John B. Elliott.

Dr. L. D. Lee, who recently made some structural changes in both his office and residence, is now having the new work protected by a coat of paint. The work is being done by Homer H. Lawton.

Frank Dean, who has been off the job for some time, has returned to work for the Nebraska Power company, as they are busy with the installation of farm service through this territory just now.

A. H. Ward was at Ashland last Thursday, where he went to deliver a tank of gasoline and a number of barrels of auto oil. He makes regular trips there each week and has a large volume of business.

The Foreign Day offerings which were taken last Sunday at both Evangelical churches, resulted in gifts from Louisville Evangelical church of \$24.45 and the Murdock Evangelical church \$31.42.

The T. W. Engle company, successors to the Tool Lumber company, have erected a fine sign on the front of their lumber yards. It was made by H. H. Lawton and carries an invitation to the public to come there to trade.

Edward Ganaway, who occupies the entire lower floor of his building, was making some changes in the lighting effects so that when he has work to do at night or during dark days, he will have a most convenient place to do it.

Rev. Harvey A. Schwab and family, who were at Hastings during the greater part of the past week, where Rev. Schwab was serving as a member of an Evangelical survey board, returned home the latter part of the week in time for the usual Sunday services here.

W. E. Maxfeld, an employee of the Lincoln Telephone and Telegraph company, who is an expert at trouble shooting, came over from Weeping Water last Wednesday and was clearing up some disturbance that had crept into the switchboard, and also placing the entire exchange in the best possible condition.

Miss Viola Everett, who has been working at North Loup as operator at the North Loup telephone exchange, is now taking a short vacation and visiting with her many friends here. Miss Everett makes her home with Mr. and Mrs. Harry Gillespie, Mr. Gillespie being manager of the telephone exchange there. She is an experienced and proficient operator and has steady employment out there.

Uncle Fred Stock says he has become pretty tired of remaining on the farm during the long period of cloudy and rainy weather we have been having. He avers that had the corn been making 40 bushels to the acre, he would have gone out even in the fog to garner in the nubbins, but with it only running 10 to 20 bushels, he has refrained from putting forth his efforts, hoping almost against hope for the coming of better weather and that the corn will dry out sufficiently to permit of it being cribbed without danger of loss or damage.

### Grandfather Very Poorly

Morris Ross, of Elk City, grandfather of Mrs. Frank Dean, who is well advanced in years, was taken seriously ill a week ago and his recovery was despaired of. Word was sent to the parents of Mrs. Dean, Mr. and Mrs. Elmer Corbin, of Avoca, advising them to come at once, and they hastened to the bedside of the aged father and are doing everything possible to alleviate his suffering and bring about restoration of his health.

### Callahan Church Notes

F. C. Weber, Pastor  
All services at the usual hours next Lord's day.  
In the evening, beginning at 7:30, the W. M. S. will give their thank offering program.

On Wednesday evening, November 27, beginning at 7:30, we will have our Thanksgiving service. This will permit housewives to attend who would otherwise be prevented, being busily engaged in the preparation of

the Thanksgiving day dinner the following forenoon.

On Friday evening, November 29, beginning at 7:00, the annual Father and Son banquet. A fine program is in store.

Do you appreciate the fact that God has permitted you to live in a land and under a flag which guarantees to you religious liberty; that He has sent His Son, Jesus Christ, into the world to suffer and die for you, to be your Saviour and Redeemer, to take away all your sins and save you?

If you do, then go to church somewhere and show your appreciation of all these gifts and blessings by worshipping God with hymns of praise and prayers of Thanksgiving.

"Praise God from whom all blessings flow; Praise Him, all creatures here below; Praise Him above, ye heavenly host; Praise Father, Son and Holy Ghost."

### Will Give a Banquet

The members of the Royal Neighbors of America at their meeting on last Monday evening arranged for committees to prepare and serve a banquet on Thursday evening, December 5th, and they are now busy with their plans for the same.

### Enjoy Pleasant Evening

Last Tuesday evening some 25 of the young people of the Murdock church journeyed to the pleasant country home of Mr. and Mrs. Carl Schlaphoff, where a most enjoyable time was had. An hour was spent by the young folks who are members of the church choir in rehearsal of the numbers to be rendered at Sunday's services and afterwards a very merry time was enjoyed, ending at a late hour with the serving of a most delicious luncheon.

### Taking in the Lights

As the kittenball season is now over, the lights used during the season are being removed and placed in a safe storage place for the winter. W. J. B. McDonald and John Kruger were busy last Wednesday getting them down and stored away. Mrs. McDonald was looking after business at the store while Bryan was busy with this work.

The large globes and reflectors represent quite an outlay of money, and it is the desire to preserve them as long as possible, hence the decision to have them taken down and stored during the winter season when they will not be needed.

### Visiting at North Loup

Mr. and Mrs. Harry Gillespie, of North Loup, drove down last week to bring Miss Viola Everett here for her vacation, remaining to spend a couple of days with relatives and friends here. On their return home Friday, they were accompanied by Mrs. Hannah McDonald, mother of Mrs. Gillespie, who will visit there for some time while Miss Viola Everett is taking her vacation.

### Had a Fine Hunting Trip

Relying on the prediction of the weather man for fair weather, Harry

A. Tool, Lacey McDonald and Steve Lies departed early last Wednesday morning for Decatur county, where they had been advised they would find a plentiful supply of birds and some good shooting. While they did find a sufficient number of birds to get their quota, some close marksmanship was necessary, as the birds were far from being as tame as they were supposed to be. That day marked the close of the open season on pheasants and there were a large number of hunters out. The boys returned home Thursday, well pleased with the results of their trip.

### Purchases New Chevrolet Coupe

Jess Stoke last week purchased a new 1936 Chevrolet coupe, which he feels is the utmost value in motor cars and is willing to demonstrate this fact to his friends, by giving them a ride. The only thing that puzzles us is he didn't say whether the invitation was open to all or just to the feminine friends. Anyhow, Jess is a good judge of motor car values and seems to have gotten exactly what he wants.

### Visited at Home Sunday

Mr. and Mrs. Simon Sawyer and Mrs. Sawyer's sister, Miss Winifred Lawton, who is attending the University of Nebraska, came down from Lincoln and were guests Sunday at the home of the parents of the two ladies, Mr. and Mrs. Homer H. Lawton.

### Advised of Sister's Death

Henry A. Tool has just been advised of the death of his sister, Mrs. George Hilgert, who has been making her home at Manvel, North Dakota for a good many years, and who had been ill for some time. The telegram reached him but one day before the funeral was to be held, and it was impossible for him to get there in time for the last rites. Mrs. Hilgert is survived by her husband and three grown children who have families of their own. Also numerous more distant relatives.

### Will 1935 Corn Make Seed?

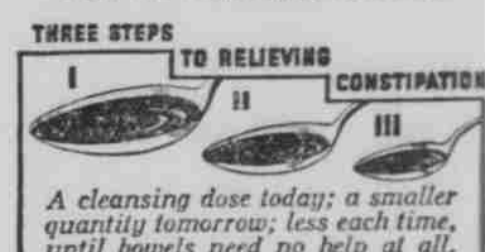

Herbert Schliefert was in town last Wednesday having his sinus trouble treated, as he had recently undergone an operation on his face to correct the same and came for a dressing of the wound, which is healing quite rapidly.

In speaking of the quality of the corn crop this year, he stated he has his seed corn selected and thinks the selection good and that the corn will surely grow. He will make extensive tests however, before time for planting and if he finds the corn under grade as to germination, he will plant other seed. That is the best way to determine the matter—then one will know just what to expect in average germination.

Henry Carsten says that if care is used in the selection of seed, he is sure the Nebraska corn will grow when planted, but in case of doubt, he will furnish seed corn shipped in

## NO UPSETS

The proper treatment for a bilious child

A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

ANY mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity. A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult. Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

from somewhere else, at a good, round price per bushel.

### Martin Bohlsen Trades Places

Mr. and Mrs. Martin Bohlsen, who reside in Omaha, have recently traded their city home for some suburban property outside the city limits, where they can have a cow and raise what chickens they desire. Mrs. Bohlsen was formerly Miss Kupke, and Charles Kupke and wife went to Omaha last Monday to assist in getting the folks moved and also enjoyed a visit while there.

### GAS OVERCOMES FOUR

North Platte. — Mr. and Mrs. James Washburn of La Belle, Mo., and Mr. and Mrs. J. M. Dorn of Washington state, were overcome by gas fumes Tuesday night at a North Platte tourist camp. All recovered soon after being taken outdoors.

## LAND, FARM and RANCH BARGAINS

## Pioneer Spirit Marks Thanksgiving Day 1935

Pilgrims attend services

First Thanksgiving dinner

Thanksgiving, 1935, finds new hope and prospects of prosperity among citizens of United States, an attitude reminiscent of the courage with which New

England colonists faced the hardships of founding a new nation as they celebrated their first Thanksgiving with religious services and a day of feasting

**BOTTLED BEER**  
**15c**

At All of the Undersigned Licensed On-Sale Dealers

During the past summer numerous "lighter" beers have sold at a 10 cent price, but with all beer now being stepped-up in content for cold weather consumption, the increased cost no longer permits selling at 10 cents.

You will get better beer at the 15 cent price. By eliminating competition brands, we will feature only the first line product of leading breweries, including heavier content beers that cost more than lighter grades to produce.

This Changed Price Policy Does Not Affect Tap Beer
