

GRAND OPENING!

CASS THEATRE

SUNDAY, FEBRUARY 9TH 1936

After several weeks spent in remodeling and installing the finest of new equipment, we are happy to announce to the people of Cass county that we will hold the grand opening of the new CASS THEATRE on Sunday afternoon (matinee at 2:15) and evening (shows at 7 and 9), February 9th. For this opening show, we have secured the fine feature picture advertised below. The equipment we have installed includes the finest (Largen) sound, screen and up-to-date projectors, which, together with the extensive remodeling of the entire building and installation of air conditioning makes the new Cass Theatre, we think, one of the finest you will find in this vicinity.
