Commissioner Pitz Files for Re-Election

Present Representative of First District to Seek Re-election on Democratic Ticket.

Late Wednesday afternoon County Commissioner J. A. Pitz, of the first district, composed of Plattsmouth city, Plattsmouth precinct, Eight Mile Grove, East and West Rock Bluffs, filed for re-election.

Mr. Pitz, who has been identified with the democratic party for his lifetime, will seek renomination at the party primaries on April 14th.

Mr. Pitz, who has served several terms on the county board has made a very excellent record in the conduct of the county affairs, altho in the last four years the office has been one of the most exacting and difficult in the court house. The relief situation has added a great burden to the work of the commissioner and has kept the commissioner "on the spot" in serving the best interests of the county and the care of those who have suffered reverses in recent years.

DECLAMATORY CONTEST TO BE "LONG WINDED"

The sub-district declamatory contest at Nebraska City Tuesday will be a long-winded affair. Seven schools are entered, including Louisville and Plattsmouth in this county. There are five classifications, original and interpretative oratory and extemporaneous (set for the afternoon session) and humorous and dramatic (to comprise the evening program).

The afternoon program will start at 2:30. Plattsmouth has no entry in interpretative oratory, but James Webb and Stephen Davis will compete on the afternoon program, the former in original oratory and the latter in extemporaneous.

At the evening session Kathryn Armstrong and James Sandin will be the Plattsmouth representatives, the former in the dramatic class and the latter in humorous. All who have heard his offering, "Ladies Aid at the Local Theatre," express confidence that Plattsmouth has one contestant, at least, who will go through to the district and possibly the state meets. The district meet is to be held at Blair.

A uniform admission charge of 10 cents will be made for the afternoon program at Nebraska City. Following the afternoon session, a luncheon will be served contestants and their accompanying friends and relatives in the Home Economics room of the Nebraska City High school, charge of 25 cents being made for this. Admission charges for the evening session will be 10 and 15 cents.

R. Foster Patterson, former principal of Plattsmouth high school, is to judge the contest.

COUNTY IS ACCREDITED

The office of County Clerk George R. Sayles has been advised that Cass county has been accredited for a period of three years, from February 27, 1936, as free from bovine tuberculosis. Tests for this have been made in recent months and have showed that the tuberculosis does not exist in a degree greater than one-half of one per cent.

FINE YEAR VISIONED BY SEPARATOR DEALER

The best year's business since 1929 is looked for during the present year by A. L. Carper, of Murray, Nebr., well known dealer in cream separators.

Certain trends observable in the dairy field have brought him to this conclusion, he states. There is, for example, the increased demand for milk, butter and dairy products, with a general tendency in the direction of higher prices. Dairy feed conditions are also decidedly favorable, with the result that interest in new cream separators are mechanical milkers on the part of the farmers of this section is at a higher point than it has been in some years.

Since the job of a separator is to recover butterfat in milk, it is important that its efficiency be checked from time to time, according to Mr. Carper. Practically any farmer can check his present cream separating method by trying a new separator of known dependability, which he says he would be glad to provide for the purpose.

With good help getting scarcer and farm wages going up, as may be seen from the government's latest farm wage index of 192 as compared with 93 for the corresponding period in 1934, milkers that have not been used in a long time or that were put away because they required repairing are again being brought out and put into shape, Mr. Carper stated.

DOCTORS KNOW

Mothers read this:

THREE STEPS TO RELIEVING CONSTIPATION

Why do people come home from a hospital with bowels working like a well-regulated watch?

The answer is simple, and it's the answer to all your bowel worries if you will only realize it: many doctors and hospitals use a liquid laxative.

If you knew what a doctor knows, you would use only the liquid form. A liquid can always be taken in gradually reduced doses. Reduced dosage is the secret of any real relief from constipation.

Ask a doctor about this. Ask your druggist how very popular liquid laxatives have become. They give the right kind of help, and right amount of help. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both natural laxatives that can form no habit, even in children. So, try Syrup Pepsin. You just take regulated doses till Nature restores regularity.

SENATE PASSES POWER BILL

Washington, March 5. — Despite warnings by Senator King (D.), Utah the nation was "rushing madly into consolidation of all power in the federal government," the senate Thursday passed the 420 million dollar Norris rural electrification bill and sent it to the house.

King vainly presented a substitute to trim expenditures to 10 million dollars a year for 10 years.

The bill would establish a new rural electrification administration and empower it to lend to states, rural municipalities, utility districts, farm co-operatives or limited dividend corporations to install and operate generating, and distributing systems where none exist.

Farmers would be financed in purchasing and installing household and far mechanical equipment. Their loans would be repayable over a five-year period, or a period equal to two-thirds the life of the equipment bought.

Do You Ever Wonder
Whether the "Pain" Remedy You Use is SAFE?
Ask Your Doctor and Find Out

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store — simply by asking for it by its full name — BAYER ASPIRIN. Make it a point to do this — and see that you get what you want.
