RETURNS FROM EAST

William Kennedy, who for the past winter has been engaged in working at Chicago, has returned home to visit with the brother and sister on the farm home southeast of this city. Mr. Kennedy was employed in the roundhouse of the Milwaukee railroad. He was at Chicago during the extreme cold weather and the snowy condition there was as severe as out here in Nebraska, the snow removal being a large problem for the city of Chicago.

IMPROVES SHOP

The interior of the O. K. beauty shop just east of Tritley's, is being redecorated and made very attractive in every way. Mrs. Sadie Schaefer, owner of the shop has just had one of the latest type of permanent wave machines installed in the shop, as well as having the furniture redecorated and the walls and ceiling of the shop will also be given a touching up.

RETURNS FROM HOSPITAL

Mrs. Louis Sykora, who has been at the Nicholas Senn Hospital at Omaha for the past three weeks, returned home Tuesday. She was accompanied from the hospital by Mr. Sykora and her mother, Mrs. Marie Kinamon. She is feeling very much improved and it is hoped will soon be in her former good health.

Hugh Norton, M. P. Vet, Placed on Retired List

Former Agent of Railroad Company in This City, Retires From Panama Position.

Hugh Norton, who for the past twenty years has been the agent for the Missouri Pacific at Panama, Nebraska, was retired from active duty on Saturday, completing fifty years of service for the company in various capacities.

Mr. Norton was agent at Brock, Nebraska, for twenty years and was then transferred to Plattsouth where he served as the agent at the local station for some six years. He has also served at several other stations before he was sent to the Panama job and where he has since made his home.

Mr. Norton is a real veteran of the company and has a fine record in his solicitation of business for the company by whom he was employed and while he is retired under the pension system, he still expects to continue on his hobby of securing business for the company.

He is seventy years of age and in splendid health and now expects to enjoy to the fullest the leisure that his relief from active duty will give.

CELEBRATES BIRTHDAY

Tuesday evening, George B. Mann, one of the long time residents of the city, enjoyed a pleasant call from a group of the old friends to remind him of the passing of his sixty-eighth birthday anniversary.

Mr. Mann is a devotee of cribbage and the friends last evening gave him an evening of this fascinating game. Ed H. Schulhof, Bernard C. Wurl and Judge C. L. Graves joining in forming the foresome.

Another pleasant feature of the evening was the fact Robert M. Mann, a son, arrived from Lincoln unexpectedly to join in the happy occasion.

The evening was closed with the serving of a much enjoyed luncheon. Mr. Mann was born in St. Louis, Missouri, on March 10, 1868, but when a child was brought to Plattsouth by his parents, Captain and Mrs. Peter Mann, and has since made his home here and is one of the best known residents of the community. In his boyhood he received his first acquaintance with printer's ink and has been connected with the printing and newspaper business since that time. He served his apprenticeship here in local papers, among them the Journal, later working in Omaha and Fremont until he returned to Plattsouth to make his permanent home. For over a half century he has been in the printing game and up until a year and a half ago was job printer at the Journal.

There is no one in the community who is more familiar with the Plattsouth of the past and of the present day than Mr. Mann and he has become an authority of historical facts of the city.

The many friends will join in congratulating him on his anniversary and trust that he may have many more in the years to come.

BRYAN BIRTHDAY DINNER

The annual William Jennings Bryan birthday dinner will be held at the Cornhusker hotel in Lincoln Thursday evening, March 19th, according to announcement made by H. B. Porterfield, head of the organization. Governor Clyde L. Herring of Iowa will deliver the main address. Judge Louis Lightner of Columbus and W. F. Porter of Lincoln, secretary of state of Nebraska from 1897 to 1901, will also speak. Governor Roy L. Cochran and other state leaders will attend.

Tickets for the banquet may be obtained in this community from W. E. Puls, and D. O. Dyer of Plattsouth.

Daily Journal, 15c per week.

Weeping Water

Mr. and Mrs. Ross Shields were in Omaha Monday where they made the purchase of some additional equipment for use in their new cleaning establishment which will be located in the Davis building.

Miss Agnes Rough was over to Omaha to attend Merchants day last Sunday but went on the train and was able to return home the same way, not being troubled with the bridge out of order at Oreapolis.

Mesdames Ralph Keckler, E. L. McCartney, Richard Keckler and Rasmus Lawritzen made up a party who were over to Lincoln for the day last Tuesday where they were looking after some shopping which they had in mind.

E. A. Oldham was over to Omaha Wednesday of this week waiting until the bridge had been opened again for traffic and was in no way inconvenienced by the closing of the bridge over the Platte river, for it had been opened again.

The Weeping Water fire department met at the regular meeting place last Monday evening and after transacting some business matters demanding their attention, proceeded to receive into their membership Adolph Fischer and Eldin Mann.

A number of the CCC boys wishing to visit Omaha and other places beyond departed early in the morning last Sunday and when it was time to return home they found the Platte river bridge closed north of Plattsouth and so had to pay two bridge fares returning to Plattsouth on the Iowa side of the river and thence to Weeping Water.

Methodist Brotherhood Meets.

On Monday night of this week the Methodist Brotherhood met at the church basement, some fifty in number, and listened to an address delivered by the Rev. E. S. Pangborn, now minister of the Methodist church at Shelton, but formerly ministering to the church here and at Nehawka.

Rev. Pangborn was guest and also the principal speaker at the gathering which was held Monday evening. There was also a musical feature besides the address which was very pleasing to the members gathered for the evening. The topic to which Rev. Pangborn spoke was "The True Test of Man," and was listened to with great interest.

At the proper time oysters were served and enjoyed by all. A short business meeting was held at which time there was elected an entertainment committee composed of H. A. Kahm, Roy Haslam, E. L. McCartney and John Norris. The kitchen committee consisted of Marion Spangler, Walter Bickford, Sam Smith, Reuben Grosser. Besides the selection of these committees the Brotherhood agreed to sponsor a Father and Son banquet which was also set for an early date in April and to be held at the parlors of the church.

A number of the members of the Brotherhood from Nehawka were in attendance, including E. C. Stimbort, Albert Anderson, Fred Rose, George C. Sheldon and W. H. Kruger.

Albert Snell Here.

Albert Snell, son of Mr. and Mrs. Henry Snell who makes his home at Calloway arrived in Weeping Water with a truck load of alfalfa seed which Mr. Jack Philpot is to sow on his farm here. On returning Mr. Snell was accompanied by Mr. Philpot who has purchased a house in Kearney where he is moving to the farm. Miss Jeanette Philpot also accompanied them as she went to enter into a contract to teach school near there the coming year.

Attended Market Week.

Last Sunday Elmer Michelsen and wife with Buddy were over to Omaha going on Sunday morning for the meeting which was to be held there that day and as well Clyde Fitzpatrick and wife with their little daughter Aileen went over and when they were ready to come home drove down highway No. 75 only to be notified by patrolmen at the Platte river that the approach to the bridge was not safe and so had to return to South Omaha, cross to Iowa on the new bridge to go to Glenwood and then to Plattsouth, returning from there to Weeping Water.

See the goods you buy. Catalog descriptions are flowery enough, but how about the goods when you get them?

HAMPSHIRE Bred Sow and Gilt Sale

45 Head . . . at Nehawka, Nebr. Thursday, March 19, 1936 Beginning at 1:00 P. M.

Some of these sows are very top blood of the breed and bred to the greatest honors of Hampshire. See them. HARRY M. KNABE, Nehawka ED S. PENNICK & SONS, Pilger Owners

City Council Has Busy Time Monday Night

Mayor Urges Control of Cemetery by Citizen Association—Light Company Announces New Rate.

The city council had a very busy time at their session Monday night and in which a large number of matters were taken up and discussed, covering the proposal of Mayor Lushinsky that the local cemetery be placed in the hands of an association of citizens, as well as the announcement of F. I. Rea of the Iowa-Nebraska Light & Power Co., of the new general rate for electric consumers that will give them a substantial reduction. County Surveyor Fitch advised a very interesting part to the session by his discussion and explanation of the work on Sixth street where the repaving work is soon to start.

The session being the first of the month there were the regular reports of the city officials to be taken up and read. City Treasurer M. D. Brown reported that the city balance at this time was \$9,066.04, while City Clerk Albert Olson reported the collection for the month in his office as \$445.72. Chief of Police Libershal reported two arrests for February with fines and costs of \$20.25. Fire Chief O. Sandin reported five fires, including the Watson truck on the highway south of the city and the Adam Schaefer place near Murray.

The L. W. Egenberger agency, which has charge of the city rentals, reported that the sum of \$25.46 had been collected and turned over to the city.

Mayor George Lushinsky, of the board of health, reported that the general health condition of the city was good and that the few cases of childish maladies were of mild type and clearing up.

A communication was also received from the war department relative to the matter of a dock on the Missouri river near this city, this being placed on file for future reference.

There was considerable discussion by the claims committee on matters arising out of tax sale suits, two cases being especially cited, that of the actions of John Bauer and the Standard Savings & Loan association. It was decided that the city legal department be authorized to prepare appeals in these cases to the supreme court.

Councilman Tippens of the streets, alleys and bridges committee, reported that Oak street had developed a bad condition on the cemetery road and that bricks had been used to make fills to check further trouble. He also reported that the maintainer was out and being used on streets which had dried sufficiently to permit being worked. Mr. Tippens also stated that Main street would be washed off, the warmth having melted the ice on the south side of the street so that the work could be carried out.

Chairman Rebal of the license committee reported that applications had been made to the state liquor commission by Fred H. Sharpnack and Henry J. Donat, for license to operate a package liquor store. The committee recommended that the applications be approved and which was so ordered.

The license committee also recommended that the on sale beer license that had been issued to Mrs. Henry Lamphear, be revoked, the license owner having left the city. This was approved and the license revoked. Mayor Lushinsky urged that license holders abide by the regulations of the city ordinance as to their places or be regulated.

The applications of Edward Donat, on and off sale, William Sweeney, on and off sale, Carl Christwiser, on sale, R. W. Wasley, on and off sale, Henry Timm, on sale, Emil Ptak, on sale, A. J. Kethridge, on and off sale, B. C. Cohn, on and off sale, beer licenses were read. The hearing on the applications was set for March 23, the applications to be advertised, and the matter turned over to the license committee.

Councilman Brittain reported that gravel was needed on the cemetery road and Mayor Lushinsky stated that as soon as possible to secure the gravel that it would be placed on the roadways.

Councilman Palmer of the lighting committee reported that action had been started at Sidney, Iowa, against the truck owner that had broken an electric here two years ago, who had been promising the city to make a settlement, but has so far failed.

Chairman Bestor of the WPA committee reported that with the good weather the work on Sixth street had progressed very well and that some 75 men were now available and

work on both blocks of the project was possible. It would be necessary to secure a larger concrete mixer when the paving work was to be started.

County Surveyor R. D. Fitch was present and discussed the paving and surveying work on which he has been assigned. He stated that concrete when being poured for paving or other work had to be kept at certain temperatures if the casts were to be good. If paving was laid on a cold wet surface such as Sixth street had been that it would have crumbled on the bottom. If the weather continued good and no other objection appeared, the next thirty days should see the work well toward completion.

Mr. Fitch also discussed the matter of grades established for curbs and sidewalks in the south Sixth street district, where there had been a variance in the height of the curb, which was lower on the west side than on the east, this being explained that overflow water from the south came over and struck the curb on the east side first and which had been made higher than on the west, the curb on the east being 18 inches and on the west side 12.

Edward Gabelman, president of the Eagles, was present and stated that the proposed curb would put their walk below the entrances to their building, and would make it very inconvenient to the occupants as well as make necessary additional steps to the entrance and in this Councilman Schutz also joined. They would like to have the matter looked into before the curb and walks are changed.

Mr. Fitch stated that the curb had been set according to plans and wishes of the WPA officials. That there had been six inches taken off to hold on grade and save ruining all the sidewalks along the street.

Mr. J. H. McMaken urged that the paving and all work on the south side be completed before the north section was entirely torn up, permitting travel along the street.

The curb regulation was finally left to the WPA committee to take what steps they could to have it adjusted to the satisfaction of everyone.

The finance committee presented a resolution transferring \$502.90 from the city general fund to the fire hydrant fund to care for outstanding bills.

Mayor George Lushinsky then brought up a matter in which he has long been interested, that of the creation of a city cemetery association that would take over the operation and maintenance of Oak Hill cemetery and relieve the city of its management, functioning as the present library and park boards in the conduct of the cemetery. This plan had been very successful in many of the Iowa and Nebraska cities. Mayor Lushinsky announced that he would name a special committee that he wished to investigate and gather information on this matter so that the council might know just what steps to take. The committee selected was Puls, Palmer and Schutz. Mr. Lushinsky stated that he was a firm believer in this and urged that the committee get some facts as soon as possible to present to the council.

F. I. Rea, manager of the Iowa-Nebraska Light & Power Co. was present and asked permission to address the council. In this he made the announcement of a lower rate for all electric consumers in the city. The statement of Mr. Rea was as follows:

"The Additional Use rate was applied in Plattsouth, February, 1935 with the assumption that if enough customers would take advantage of this rate through increased usage, this would become the general rate in two years time. The acceptance of the rate has been so general that the change can be made in less than a year and a half.

"May 17th has been set as the date to make the new rate effective and June bills payable July 1st will be on the new rate.

"Previous to this time and since 1925, there have been eight voluntary rate reductions in Plattsouth whereby the average rate received for commercial and residential lighting, has been reduced 45.6 per cent. The new rate will make further reductions possible.

"In making this change, the type of rate is changed from the service charge type to a schedule which carries a minimum bill.

In Plattsouth, the rate which will be put into effect May 17th will be as follows:

"Commercial—Minimum, \$1.00 including 9 KWHrs.; Next 41 KWH @ 7c; Next 100 KWH @ 5c; Excess KWH @ 2c.

"Residential—Minimum \$1.00 including 9 KWHrs.; Next 16 KWH @ 7c; Next 25 KWH @ 5c; Excess KWH @ 2 3/4c.

"The present rate which will be superseded is as follows:

"Commercial—Service charge 50c plus first 75 KWH @ 7c; Next 125 KWH @ 6c; Excess KWH @ 4c.

"Residential—Service charge 50c, plus first 25 KWH @ 7c; Next 25 KWH @ 6c; Excess KWH @ 3 3/4c."

The following claims were allowed by the council:

Iowa-Nebr. Light & Power Co., street lights -----\$245.30
Platts. Water Corp., hydrant

Economy Brooder House

The TWO most important things in poultry raising are health and cleanliness. The Economy Poultry House is scientifically constructed to insure success in poultry raising. Easy to clean, warm, ventilated and sanitary.

Economy Hog House

Economy Hog House is the last word in housing efficiency. Properly heated and ventilated. Pigs warm and comfortable. Sectionable and portable.

W. W. WILSON
of Nebraska City

CANDIDATE FOR
DISTRICT JUDGE
on Non-Political Ballot

Born and reared on a farm in Otoe county. He has had four years' experience as County Attorney of Otoe county, six years' as County Judge, five years' as City Attorney of Nebraska City.

He was appointed Supreme Court Commissioner of Nebraska by the Supreme Court in 1925 and 1927, and again appointed in 1929 and made Presiding Judge.

He has the legal learning, patience to hear, and fairness to decide legal controversies. Six years' experience as County Judge and six years' experience as Supreme Court Commissioner make his qualifications outstanding for District Judge.
