NATIONAL PEONY SHOW

Seldom, if ever, has there been manifested as much interest in any approaching event as that being shown by the people of Nebraska in the approaching national peony show scheduled for Lincoln on June 12 and 13. From every section of the state, according to Mrs. A. C. Nelson, president of the Lincoln Garden club, and manager of the show, floral enthusiasts are writing asking for information. "This is particularly true of that section of the show being devoted to flowers other than the peony," Mrs. Nelson added.

This spring Lincoln, along with almost every city and town in the state, has been called the "City of Lilacs." With the coming of the peony show to the state capital during the week ending June 13, Lincoln and Nebraska will be known as the peony capital of the world, the place where the most famous peonies ever grown will be on display.

"SPRING FEVER" SOUPS

By Betty Barclay

About this time of the year many of us find ourselves languid and tired. Nothing dangerous! Just Mother Nature complaining because we are continuing with our heavy winter eating with Spring already here. She gives us a touch of "Spring Fever" as punishment.

Lighter foods are needed, but we must still have nourishment. How about some rich, light soups? Serve a large bowl, a light salad, a light dessert—and forget the heavy meat dish that night. Here are two excellent recipes:

Lima Puree 2 cups, cooked, dried Limas 4 cups hot water 1 tablespoon grated onion or onion juice 1 tablespoon butter 2 tablespoons flour 1/2 teaspoon pepper 1/2 teaspoon salt

Put Limas through a coarse strainer; add hot water, salt, pepper and onion. Heat to boiling point. Melt butter, add flour, stir until smooth, then add to hot soup, and cook 5 minutes longer, stirring constantly.

Lima and Tomato Soup 3 cups cooked, dried Limas 2 stalks celery 1 tablespoon chopped green pepper 1 1/2 cups cooked, strained tomatoes 1/2 teaspoon pepper 1/2 teaspoon salt 2 tablespoons butter 2 tablespoons flour 3 pints water 2 slices onion Put the Limas, water, onion and celery in a saucepan, simmer 30 minutes, then rub through a course sieve. Melt the butter, add flour, stir until smooth; add tomatoes and stir until hot, then add Lima mixture, green pepper and seasonings. Serve with crisp crackers.

MAY CORN AT 17 YEAR TOP

Chicago.—The highest prices for corn in 17 years and for rye in 9 years were posted on the board of trade blackboards at the exciting climax of a market "squeeze." Traders seldom in recent years have witnessed such fireworks in the closing out of contracts. This was the final day for trading in opinions specifying delivery of commodities in May.

May corn soared more than 5 cents to \$1.00 a bushel; May rye 7 1/2c to \$1.33 1-2; May oats almost 5c to 56 1-4 and May soy beans 4 1-2c to \$1.76 1-2. May wheat, in striking contrast, dropped 4 1-8c closing at \$1.20 as holders rushed to sell before premiums for old crop wheat were wiped off the board.

DISPUTE A HOSPITAL BILL

Blair, Neb.—James Gustason Blair "model youth," shot by the night marshal investigating a long series of burglaries, returned home from an Omaha hospital Thursday still in serious condition.

With his arrival a dispute ensued as to who was responsible for his hospital bill. Mayor U. G. Garner asserted the city was not responsible. County Attorney Grace Ballard said no county official had authorized his removal to the private hospital in Omaha. She would have suggested the University hospital had she been asked. But no one was authorized to order the patient to a private hospital, she said.

Chris Hinz, chairman of the county board, said no authorization had been made thru the board. Verne J. Gustason, father of the youth, said he was without funds to pay the bill.

Young Gustason continued to assert he was the victim of a stray bullet. He had no intention of robbing the house where the marshal had secreted himself, he said.
