### FORTY YEARS IN BUSINESS

On June 7th, 1897, John Crabill who had been in the dairy business with his father delivering milk and working with his father, entered the watch repairing business in the east room of the building in which A. J. Trilley now uses for a barber shop. Mr. Briggs had built the room a few years before, and had working on the building when it was built, Andy J. Simpson and Billy Moston as brick masons and Sol Osborne and Wm McCulley as carpenters.

Mr. Crabill has been continuously in the watch repairing and jewelry business since, during the forty years which ended yesterday, June 7th, and has made a success, having made an excellent living, built himself a good business a very comfortable home here and has property in Texas as well as here other than his home. During the early months when he embarked in the business he found business very meagre, and while being assured it would come better wondered how long it would be until business showed up better. However he stuck and soon had a good repair business which has continued until the present and even during the depression has had a fair business. Mr. Crabill has an abiding faith in Plattsmouth as it has always been very kind to him. He has a host of friends who are pleased to have known him and are glad to testify to his good character and his excellent workmanship.

### VANDALISM IN CITY

Several cases of vandalism have been reported at the residence of a number of local people who have very attractive displays of flowers and which seem to be purely uncalled for destruction of property and the beautiful flowers.

At the residence of Mr. and Mrs. William Baird and Seventh and Main streets, there has been a large bed of the bright and attractive Oriental poppies, that has drawn much admiration from the visitors and passerby. The poppies have been cut off and strewn along the walk up high school hill.

The home of Michael Hill south of the Methodist church has had several large bushes of the beautiful roses and the flowers from these have been clipped off close to the bushes and practically ruining them.

On high school hill the home of George A. Kaffenberger has been one of the beauty spots of that locality and here also the vandals have visited and slashed and cut the flowers that have brightened the spacious grounds and making a severe loss to Mr. Kaffenberger who has worked hard on the beautifying of his home. The parties committing these acts should be apprehended and given a very severe punishment.
