

**"BUY NEBRASKA GOODS AND HELP NEBRASKA PROSPER"**  
Says Arthur Storz

Nebraska can add thousands of dollars to its wealth every week by buying Nebraska-made goods, declares Arthur Storz, executive of an Omaha brewery. Every dollar spent for eastern goods goes back east, where it cannot return into circulation in Nebraska. Why then, he asks, should Nebraskans export money when it is needed to stimulate our prosperity here at home?

A Nebraska dollar spent for Nebraska goods is used by the manufacturer to pay wages to Nebraskans and to buy materials in Nebraska. Local merchants, grocers, and every other Nebraska business eventually benefits by the transaction. But when the dollar is sent east it is gone. It pays no Nebraska wages. It cannot be spent again with other Nebraska business.

Using his own business as an example he points out that Storz beer is as good beer as is made anywhere in the United States. There is no reason why eastern beer should be brought here. Most people do buy Storz, he says, but still there are thousands of dollars leaving the state continually because some people forget how much they help their own state by buying Nebraska beer.

Storz is not only one of the state's largest taxpayers and employers of Nebraska labor, it is also a good customer of many other Nebraska business concerns. Storz makes it a point to buy from Nebraskans.

Mr. Storz says money travels in circles. Bill Jones spends it with Joe Smith, who spends it with Bob Brown, and so on until everyone benefits. The circle is broken only when someone shoots it off to another state so far away it cannot get back into the state where it started.

**LOCALS LOSE GAME**

The Merchants team of the Southeastern league, Sunday slipped when they met the CCC team from Weeping Water on the camp grounds and lost by the score of 7 to 3.

Streets of the locals hurled a good game with twelve strikeouts and was nicked for eight hits but the locals suffered from costly errors that permitted the conservation boys racing over the plate almost at will.

Molden, the colored boy who does the hurling for the CCC was in good form and held the locals to seven bingles and was especially effective in the last part of the game.

Joe Krefcjl held the locals in hitting with two blows, while Rhoades, Smith, Kriskey and O'Donnel took one each.

**RETURN FROM OUTING**

Mr. and Mrs. Carl J. Schneider and little son returned home Saturday from their outing in the west that has covered the past two weeks. They spent a short time at Yellowstone park and then drove on to Twin Falls, Idaho, where they visited at the D. R. Churchill home, Mr. Churchill being an uncle of Mrs. Schneider. They report conditions in Idaho very good and the business of the various places excellent.

**INTERESTED IN PAVING**

A good number of inquiries have come to city officials regarding the "pea soup" type of paving that is finding so much favor among property owners in Tecumseh and Nebraska City. It is claimed the paving can be laid at a greatly reduced cost for material, over the regular concrete, brick or asphalt pavement—and with WPA projects available to cover the labor cost of preparing the streets and spreading the paving, the entire expenditure should be but a fraction of that assessed against the property owners in prior paving districts.

Mayor Lushinsky and other city officials are hopeful of making a trip to Tecumseh, where most of the residence streets are being paved with this combination of crushed rock (large sizes) and vibrated concrete, to gain first hand information on costs, etc.

In the meantime, other property owners interested may contact Mr. Lushinsky or Mr. Tippens, chairman of the Streets, Alleys and Bridges committee.

If enough desire the work done, WPA application can be made, the property owners paying only for the material. In cases where intersections are involved, it is quite probable the city would furnish the material required for these.

The one thing not desired is the creation of paving districts and ten year assessments. The cost of creating districts, selling bonds and interest charges would nearly double the expense to property owners over what would be spent for the job if paid for in cash. Besides it would involve an increase in bonded indebtedness of the city, which the mayor and council are much opposed to at this time when yearly reductions in the principal amount of around 12 to 13 thousand are being made.

Property owners desiring the improvement and not able to pay all cash in hand, could undoubtedly borrow the money from private sources, in any event at much lower financing cost than the creation of a regulation district with ten year payments and bonds would entail.

Mr. and Mrs. Anderson and Miss Ruth of Auburn called at the R. B. Hayes home Monday afternoon. Ruth and Jean were school friends.

**BAND PLANS CONCERTS**

The Plattsmouth band, under the direction of Peter Gradoville, is planning a series of concerts for the summer season in the city, which will make a very pleasant community activity.

The band has in mind the presentation of programs in various sections of the city and give everyone an opportunity of enjoying them in their own particular community.

The concerts will be given in the business section, Garfield park, the Nebraska Masonic Home, as well as in the south and east sections of the city if the proper facilities can be secured.

The band has a fine array of musicians and who should be able to present a fine program of the standard and popular numbers at the concerts. Frequent inquiries have been made as to the matter of concerts and this is the present plans of the local band for the season.

**JUNIORS DROP GAME**

The American Legion Junior baseball team dropped a close game to Papillion Monday afternoon at the Sarpy county seat city, by the score of 6 to 4.

The Papillion team nicked Wiles for nine hits while the Platters touched up Borman for seven blows. The Pappio boys however had four of their hits as doubles that came at opportune times for scoring.

Phillips led the locals in batting with three blows out of as many times at bat. Sedlak, Hayes and Werstler each had singles to their credit.

The loss of this game leaves the Platters winners over Louisville and Elmwood and losing to Gretna and Papillion.

It knocked Mr. Sindors unconscious and burned one side of his body. They had to drive 75 miles to a physician. However, Mr. Sindors was not hurt as badly as thought at first and is now completely recovered.

**YOU'LL GET A BANG OUT OF THIS ONE!**

Do you get a kick out of a golf ball's click when you really lean into one on the tee?  
Does your heart beat faster when the big fish strikes, and your singing reel almost smokes?  
Can a brisk breeze and a taut sail make you feel like a kid again, forgetting care in the sheer joy of action?  
Mister, if you're like that, what a bang you'll get out of this big Buick!

You'll go for the way it goes for you. You'll like the quick, eager spurt of its get-away, the buoyant, swayless steadiness of its travel.  
You'll thrill to the businesslike manner in which it settles to the pull, its quiet, dogged competence in long, tough going.

You'll welcome the way it cradles you over the bumps, the neat, compact, handily mobile feel of it. You'll be proudly aware of its beauty, of the picture you make riding in its this-minute style.  
But don't forget this major thing—it's the buy of the season, price-wise as well as on performance! It's still selling at the lowest price in all Buick history—you can still get a big Buick eight for less than some sixes would cost you.  
So don't hold back. Good things, you know, can't last forever. Don't pass up a buy such as Buick is at its low prices now.
