

## Weeping Water

Earl Oldham was in Omaha last Tuesday delivering produce as well as bringing back a load of goods. J. A. Scotten of Murray was looking after some business matters in Weeping Water Tuesday of this week. Parker Otte of Wabash was called to Weeping Water Tuesday where he was looking after some business matters.

Westly W. Davis and W. D. Love were called to Alvo last Monday to look after some business matters for a short time.

George W. Towle has been having his residence given some painting and has at the same time been having repairs made on two business buildings which he has.

Mrs. A. M. Cole who has been visiting at the home of her daughter at Hamlet in the western part of the state for some time, is to return to Weeping Water in the near future.

A letter from Mr. and Mrs. Clyde Kirkpatrick and their daughter, Elaine, who are enjoying their vacation tells of them having a splendid time and enjoying seeing new sights every day.

Mrs. Adolph Steinkamp was a visitor in Weeping Water from her home at Manley on Tuesday of this week and was a visitor in Plattsmouth the following day where she was visiting friends and relatives.

The family of Elmer Michelsen with their niece, Miss Olive Marie Klubunde who is visiting here, and Mr. and Mrs. Carl Christensen enjoyed a picnic dinner along the Platte river near Louisville last Sunday.

Pete Miller who is working for a contractor near Salt Creek near Lincoln, was a visitor at home for the week end with his father, P. H. Miller and with other friends, returning to work early Monday morning. Pete is running a caterpillar.

Helping Care for Wheat. With the rush of wheat to market the Binger Lumber company has been furnishing their two trucks for delivering grain from the machines to the elevator. A portion of the time the

demand was so great that both trucks had to be used. They were not striving to secure business of hauling for they preferred to have the regular truckers do it, but they felt that it was not right to allow the grain to suffer loss, so under pressure they furnished the truck a portion of the time. The trucks were driven by John Bolz and Paul Ward.

**Want New School Building.**  
Weeping Water has some excellent schools and also a reputation extending over much territory as to the very high grade of their institution of learning, but are handicapped by the ancient buildings. With as progressive a city as Weeping Water many people here think that a better building should be constructed and the other ones in use be discarded. There is a move to construct a building at this time costing some \$110,000 which would give the district a building which would allow a better opportunity for the scholars and give the instructors a better chance to impart the instruction. At this time an allowance of 45% can be obtained from the government and with the money now on hand \$10,000 and bonds for \$55,000 is the amount thought necessary. While some are in favor of this plan, others do not approve, so the matter is deadlocked for the present.

**Mrs. Charlotte Hungate Dies.**  
Mrs. Charlotte Hungate, wife of Dr. J. B. Hungate, for many years one of the foremost practitioners of Weeping Water, passed away at Randolph, Kansas last Monday morning. The family moved from here to Kansas many years ago. The remains were brought to Weeping Water for interment, with a short service at the grace, the regular funeral having been held at the late home in Kansas. The funeral and burial was in the hands of her very close friends, Miss Anna Hubbard and Mrs. Thomas Murty. The daughter with whom she had been making her home, accompanied the body here. Dr. Hungate who has been in very poor health and was confined to his bed, was unable to attend the funeral of the wife of other years.

**Seeing Chicago Ball Game.**  
Four of the baseball fans of Weeping Water, Messrs. Richard Keckler, Guy Hopkins, R. P. Hobson, Lloyd Behrens and John Crans of Manley, departed this morning (Thursday) for Chicago, Illinois where they will enjoy a few days of pleasure and see a number of ball games, but the one claiming their interest will be the Chicago and New York teams of the National league.

**Married in the West.**  
Will L. Hobson departed for the west along in June where he met Mrs. Maude Kennedy, formerly Maude Ingwersen, a former resident of near Nehawka, who has made her home in California for a number of years.

She and Mr. Hobson were young people together some forty years ago and while fate separated them for many years they met recently in California and were united in marriage on July 3 this year. They have spent some two weeks or more in the west and returned to Weeping Water last Saturday, to greet their friends of the other years. The friends are extending congratulations and best wishes for the newly wedded couple. The Journal joins in extending congratulations and best wishes.

**Saw House Burn in Plattsmouth.**  
As C. H. Gibson and daughter, Miss Irene, were going to Omaha early last Monday morning they discovered as they were entering Plattsmouth, a house on fire and no one around so they hurried to the next filling sta-

tion, sending in the fire alarm and to which the fire department immediately answered, hastening to the burning building but the inflammable material of which the building was constructed caused it to burn swiftly before aid could be rushed to the scene. The house belonged to A. J. Trilley and was occupied by the Wade Porter family.

**Meets with Auto Wreck.**  
While Mr. and Mrs. Arthur H. Jones were returning from a trip to Omaha last Sunday their car struck a pile of loose sand which caused it to skid and become unmanageable and finally turning over in the ditch.

Just behind the Jones car was Troy L. Davis and wife also coming home from a trip to Plattsmouth, this being west of Murray, and seeing the car of Mr. Jones roll over rushed to their aid, liberating them, as they were pinned under the car. They were quite badly shaken up.

**Business Getting Better.**  
Heretofore the freight trains passing through Weeping Water have been compelled to do their own switching which made the train late and caused them to reach their destination several hours late. The management after considering the matter concluded to put a switch engine on duty to care for this work. Francis Baldwin is the engineer of the switch engine which started its services last Monday. This is an evidence that business is getting better.

where they visited at the home of Arthur Leonard and family. They took a cabin at Custer, S. D., and made their sight-seeing drives from that point. They report rain falling almost every day they were in the Black Hills. Crops in that section are very fine and the rain has made the foliage along the scenic drives especially beautiful this year.

Red Top GRAIN BINS  
You Pay for Them Once—They Pay for Themselves Over and Over Again

This is the year to make big money on your grain by storing it in a Columbian Red Top Grain Bin and waiting for highest prices. The extra profit this first year may pay for your bin—and it will last 15 to 30 years.  
And besides making extra money you'll save the big expense of storing your grain in terminal elevators. You won't ever have to dump grain on the ground. You'll have a safe, rat-proof, weather-tight, fire-safe place for storing everything.  
These popular bins are easier to erect. Deep, horizontal sweedes give double strength. Come in and see for yourself.  
Available in the following sizes: 200 bu., 300 bu., 400 bu., 500 bu., and 750 bu. Other bins up to 7000 bu. capacity.

**RED BOTTOM STOCK TANKS**  
WARRANTED FOR 5 YEARS—Be prepared for this summer. Have plenty of water for your stock at all times with these strong and durable Red Bottom Stock Tanks.
