

LOOKING IN ON THE Famous Dionne Quins
Copyrighted article by the Quaker Oats Company

Enjoying Their Fourth Summer
The five most-talked-about little girls in the world, the Dionne Quins, are enjoying their fourth summer in splendid manner. To make their surroundings more pleasant a great deal of landscaping and planting was done during the past fall and spring. Landscaping around the "Dionne Domain" presented quite a problem as seeded grass will not grow. The land is so rocky and sandy that it was necessary to sod the playground. The grounds were enlarged considerably over last year, and already the record of 450,000 visitors made last year, has been exceeded. Although last summer the ther-

момeter, mounted to 96 degrees in that nominally cooler climate, the healthy little Dionne girls had no ill effects or summer complaints. The medical staff allows them to have no cold drinks or cold food that will shock their tender stomachs. Even the water, which comes from the well deeply drilled expressly for the Quins is not given the children until it moderates to room temperature. Milk is properly pasteurized and all vegetables are carefully washed before being cooked. It is the Dionne Quin staff of advisors which is largely responsible for the good health of the Quins. It is they who exercise such great care in the selection of their food and it is they who chose Quaker Oats for the Quins' cereal. Oatmeal is recognized as a wonderful source of that precious three-purpose vitamin, Vitamin B for combating nervousness, constipation and poor ap-

petite, due to lack of the vitamin. And, too, oatmeal with milk furnishes a fine source of body-building minerals, muscle-building protein and energy-making carbohydrates.

(Note—Watch for additional interesting stories on the life of the Quins now in their fourth year).

VISIT RELATIVES HERE
Dr. and Mrs. Emmett Dunn of West Frankfort, Illinois, are in the city as guests at the home of City Treasurer and Mrs. M. D. Brown. They have been visiting in the west and stopped here for a visit with the Brown family, Mrs. Brown being a sister of Dr. Dunn. While here they also had the pleasure of a visit with Mr. and Mrs. A. A. Peterson and family of Mora, Minnesota, who are guests at the Brown home.

CANDIES WITHOUT HEAT
By Betty Barclay

When youngsters show a yearning for culinary experiment, don't say "no" because you are afraid of burned fingers and a mess in the kitchen. Give them these candy recipes that don't need to go near the stove. Even the very youngest cooks can master these sweets made with sweetened condensed milk. They are literally failure proof if you use this magic milk. A creamy smooth fondant can be made in five minutes and doesn't need to "ripen." The children can enjoy the fruits of their triumph right away.

Cocoa Patties
1/4 cup cocoa
3/4 cup confectioners' (4X) sugar
2 tablespoons butter
1/4 cup sweetened condensed milk
1 teaspoon vanilla
Nut meats

Sift together cocoa and confectioners' sugar. Moisten with butter, sweetened condensed milk and vanilla. Blend thoroughly. Drop by teaspoonful onto marble slab or plate. Press nut meat in top of each. Allow to stand in cool place until firm. Makes about 24.

Orange Cocoa Balls
2 1/2 cups confectioners' (4X) sugar
1/4 cup sweetened condensed milk
2 teaspoons orange juice
2 teaspoons grated orange rind
1 cup shredded cocoanut

Measure sugar after sifting; blend with sweetened condensed milk, orange juice and orange rind. Drop by spoonfuls into shredded cocoanut; roll in small balls. Chill in refrigerator or cool place for several hours. Makes 24.

RIVER SHOWING FALL
The Missouri river at this point is showing a small fall after several weeks of high stage, William Grebe, well known fisherman, reports. The river has fallen some five inches in the past twenty-four hours. This year there has been five distinct rises in the river and which is unusual for so late in the year as the June rise is usually the peak of the high water of the season. The high condition of the river has held back the completion of a number of the river projects and kept workmen idle.

HAS ATTRACTIVE WINDOW
The Farley furniture store has a very attractive window arranged that is a credit to any of the city display windows in the large furniture stores. The window has been arranged as a modern living room with the windows and curtains, a fine overstuffed set as well as telephone stand and radio and magazine rack. The window is one arranged in the utmost good taste and coloring and is certainly a very nice attraction to the business section of the city.

RETURNS FROM THE WEST
Miss Maxine Cloldt, who has been attending the summer session of the University of Colorado, at Boulder, returned home Sunday. Miss Cloldt and Miss Florence Beighley, mathematics teacher in the Plattsmouth high school, have been taking special educational work in the Colorado school. Miss Cloldt will later accompany her parents to Battle Lake, Minnesota, where they will spend a short vacation.

CREAM

In handling your Cream, I am sure we can do just as much for you in the way of Price, Service, etc. as anyone—a Cash-on-Delivery with all the trimmings. A trial will convince.

Poultry Prices
Same as Quoted in Our Ad in Monday's Journal
Good up to and including Sat. Night.

LISTEN, PLEASE
If you have Springs weighing over 4 lbs. or over 5 lbs. we can pay you an extra fancy price for same. But it is hardly advisable to quote prices on this class of stuff at present, because same would be rather misleading, inasmuch as less than 5% of all Poultry going to market now will grade in the over 4 or over 5 lb. class.
