**Ludwig Linder, of Elmwood Ends His Life**

**Aged Man Found Shortly Before 2 O'Clock Wednesday Afternoon in Wash House at Home.**

Ludwig Linder, 78, a long time resident of the Elmwood community, was found dead Wednesday afternoon shortly before 2 o'clock in a wash house at his home in Elmwood. Mr. Linder it was reported had talked of ending his life to members of the family before the noon hour but this was not thought serious and it was not until Mrs. Linder had gone to the wash house that the body of the aged man was found. He had gone into the outbuilding and arranged a noose that he had placed around his neck and pulled taut, the rope causing strangulation and which had caused his death. When found he was in an almost sitting position.

Sheriff Homer Sylvester was called at 2:10 and at once left with Deputy Sheriff Cass Sylvester for Elmwood where they investigated the case.

Mr. Linder was a native of Sweden and came to the United States a great many years ago, coming to the vicinity of Elmwood where he was engaged in farming for a great many years, moving into the town of Elmwood some fifteen years ago and where he has since resided.

Mr. Linder has served as the constable at Elmwood for a number of years.

The cause of the taking of his life may have been caused by his worries in the years of the depression.

He is survived by the widow, Cora, and two sons, Harry of near Nehawka and Frank of Elmwood.

**PROVE REAL BOOSTERS**

Arthur Wetenkamp, Henry F. Nolt, C. C. Barnard and Elmer Tritsch, are four of the men that helped put the "corn" into the King Korn Karnival, as they donated and hauled in the corn that you saw as part of the decorations along the streets during carnival time. They are real boosters and each year are among those right in the front line of workers. This is the old spirit that makes the carnival such a success each year.

**CORRECTION**

The float "Framers of the Constitution," in the King Korn Karnival parade, was not entered by the Fontenelle chapter of the Daughters of the American Revolution, but by Mr. Q. K. Parmele, to whom the hack of bygone days belongs. The costumes and decorations was done by the ladies participating.

**FINE BAND GROUP**

The visit of the Farmers Union band of Louisville here on Saturday to participate in the King Korn Karnival, brought here an exceptionally fine organization and composed of residents of that section of the county.

The band is under the direction of Irving Mendenhall and has been heard in concerts during the summer season at various points and certainly have demonstrated the fine talent that is enrolled in its membership.

**WHY CHIROPRACTIC?**

'Don't You Give Any Medicine?' is Often Asked by My Patients . . . WHY SHOULD I?

The average patient comes to me with a story of taking a barrel of medicine without results. Shall I take them thru the same old RUT, or will I try to get their glands to make their own medicine and preventative medicine? Ninety per cent of the diseases accepted by me respond to my modern common-sense Chiropractic, providing the patient does not sneak other methods at the same time.
