Red Cross Membership Drive Opens Thursday

From Armistice Day to Thanksgiving Enrollments Are Sought Over the Entire Nation.

Starting Thursday, November 11th, the membership drive of the American Red Cross will be on in all parts of the United States, the drive to continue until Thanksgiving day.
The \$1.00 membership that is paid each year by the individual members goes to help provide the funds that are used in the national emergencies. No better investment for humanity can be made than membership in this organization.

Last year the Plattsmouth chapter led the county and it is urged that even a larger enrollment be secured this year.

Elmer Sundstrom is the chairman of the Plattsmouth chapter and asks the co-operation of all the citizens of the community.

The Red Cross touches the life of every one of America's one hundred twenty million citizens.

If disaster lays waste your community...

If you are one of four million veterans of the World war or twenty million dependents of veterans and need help or advice...

If you are a swimmer or indulge in water sports where the Life Saver stands by for rescue...

If you work in factory or industry, drive on the highway, suffer accident at home or on the farm and need First Aid...

If your child is one of the eight million Junior Red Cross members...

If epidemic, disaster, or a community health problem requires help of the Red Cross nurse...

If you are one of five million men or women members...

If you wish to give safely and with assurance toward the relief of unfortunate fellow-citizens stricken by calamity...

You are enrolled under this banner of mercy.

Laughing Around the World
With IRVIN S. COBB
Tuesday May Have Been Worse
By IRVIN S. COBB

OUT IN Australia two Cockneys were sentenced to die for an atrocious murder. As the date for execution drew nearer the nerves of both

of them became more and more shaken. Dawn of the fatal morning found them in a state of terrific funk.
As they sat in the condemned cell waiting the summons to march to the gallows one of the pair said:
"Me mind's all in a whirl. I can't seem to remember anything. I can't even remember what dye of the week it is."
"It's Monday," stated his companion in misfortune.
"Ow!" said the first one, "wot a rotten wye to start the week!"

KANSAN WANTS SCHOOL DANCE IN CURRICULUM

TOPEKA, Kas. (UP)—The art of dancing, which once was banned from Kansas schools as sinful, is back in such favor that State Sen. Payne H. Ratner of Parsons wants it recognized as an important part of the curriculum.
Ratner's efforts are being made as part of a campaign to exempt extra-curricular activities from the state's sales tax. Ratner argued before the Kansas Supreme Court that a youth must learn to dance to boast of an education.

The state senator seeks the exemption of student dance tickets from the sales tax and also wants football game tickets similarly exempted. The Holton, Kas., school board has refused to pay the tax on its school events and the state tax commission has begun mandamus proceedings to force this payment.

"The boy or girl who isn't educated in dancing goes into the world under a great handicap," Ratner said "and may not be able to hold his own with the youngsters of other states."

At one time in Kansas when Miss Lorraine Elizabeth Wooster was state school superintendent, a campaign to eliminate dancing from school buildings was conducted.

SEEK FUNDS FOR SICK

OMAHA, Nov. 9 (UP)—The plan of 430 "insurgent" members of the American Medical association to obtain federal funds for the care of the indigent sick has found a defender today in Dr. C. W. M. Pointer, dean of University of Nebraska medical school here.

The plan is no more "state medicine" than is the government's policy of providing jobs for jobless "state labor" said Dr. Pointer.

The plan is meeting with the opposition of the medical association and will be discussed at a meeting of the board in Chicago November 18 according to Dr. Morris Fishbein, editor of the association's official publication.

"This is the first I have heard of the so-called insurgent movement" said Dr. Pointer. "I have always been against state medicine but I have also always maintained that the poor are entitled to medical care no matter where it comes from."
