T. W. Metcalfe, State Commander of the American Legion is the Principal Speaker.

From Thursday's Daily—Armistice day at the high school was marked by the presentation of "The Shrine of the Constitution" to the school children of Plattsmouth as a part of the ceremonies. This "shrine" will have a place in the high school auditorium to be an inspiration to the students.

The presentation of the "shrine" was made by Edward G. Ofe, commander of the American Legion and Mrs. Elmer A. Webb, president of the American Legion Auxiliary. These two organizations purchased the "shrine" for the children of the community as an inspiration for the study of the constitution.

President Woest, on behalf of the school and the student body, accepted the gift.

The entire group joined in the singing of "America" and then stood in the silent prayer and tribute to the World War dead.

"Taps" in memory of the departed was sounded by Granville Sigler.

The brass quartet of the school was presented in a very fine number, selections from the war songs of 1917-18.

Those taking part were Burton Rishel, Allan White and Richard Cole, with Flora Belle Meade as the accompanist.

Lee Meyers of the high school faculty was presented in a vocal solo.

Theodore W. Metcalfe, state commander of the American Legion, was the principal speaker and gave a most impressive talk on the constitution and its safeguard of our liberties through the days of the nation's history. He also touched on many of the incidents of the war days and the great joy that the close of the war had brought.

There were a very large number of the Legion members present to enjoy the event.

Nebraska Crops Better than Thought

Corn, Sugar Beet, Bean and Potato Crops Much Better Than Expected a Month Ago.

LINCOLN, Nov. 13 (UP)—Nebraska's potato, sugar beet and bean crops, as well as its corn production, have turned out better than expected a month ago, A. E. Anderson, state-federal agricultural statistician, said today in his Nov. 1 report.

In each case the production this year is greater than a year ago but the sugar beet, potato and corn crops are below the 1928-32 average.

This year's estimates, last year's production and the five-year averages follow:

Corn—83,106,000 bushels this year, 26,299,000 last year, 223,843,000 five year average.

Sugar beets—832,000 tons 782,000, 996,000.

Potatoes—6,290,000 bushels, 4,730,000, 9,526,000.

Dry edible beans—231,000 bags, 113,000, 60,000.

"Potatoes will average 85 bushels to the acre due largely to the fact that more than one third of the crop is irrigated and grown in the North Platte valley where yields are very good," Anderson said.

"Prices have advanced about 20 cents a hundred since the potato marketing agreement became effective."

He said the prospective for beets was satisfactory but that bean prices were low.

"The condition of winter wheat improved due to general rain about the middle of October and the rains early in the month in parts of western and eastern Nebraska," he said. "A good two-inch rain is needed throughout the state before the wheat goes into the winter."

Red Cross is Now Conducting Its Annual Drive

Membership Campaign Started Armistice Day Over the Nation—Enrollments Urged.

The annual membership campaign of the American Red Cross is now in progress and Americans are urged to become a part of the world's most humanitarian movement.

The membership fees are a part of the fund that makes possible the prompt response that the Red Cross makes in time of disaster and need in any part of the nation. Its worth was demonstrated last spring when the Red Cross entered the stricken areas of the Ohio and Mississippi river overflows to bring food, clothing and care to the residents of that section of the nation.

The prompt action of the Red Cross was strikingly shown in the Louisville flood several years ago when the organization assisted in the relief work and the funds of the local chapter here were made available to the service of the victims.

Enrollment in the Red Cross may be made at the Plattsmouth State bank, Journal, E. A. Wurl store and Maurz Drug Co., stores where cards and buttons are available.

It is hoped to have a prompt response so that the chapter can have a worthy membership by the close of the campaign on Thanksgiving day.
