

Christian Scientist Society Has Services Today

Held This Morning at the Church of the Society on South Sixth Street.

From Thursday's Daily—
The Christian Science society held its annual Thanksgiving service at the usual hour of morning service this morning in keeping with the proclamations issued by the president of the United States and the governor of Nebraska.

The first reader read as a part of the service the Thanksgiving proclamation issued by the president. The hymns sung were in keeping with the spirit of the day and occasion.

The lesson-sermon for Thanksgiving day given in the Christian Science quarterly and used in all Christian Science churches in the United States and many parts of the world was read. The golden text of this lesson was: "The Lord is my strength and shield; my heart trusted in him, and I am helped: therefore my heart greatly rejoiceth; and with my song I will praise him." (Psalms 28:7)

Among scriptural verses was included Isaiah 63:7: "I will mention the lovingkindness of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed upon us, and the great goodness toward the house of Israel, which he hath bestowed on them according to his mercies, and according to the multitude of his lovingkindnesses."

Citations from Science and Health, the Christian Science textbook by Mary Baker Eddy, included this correlative passage: "God is Love. Can we ask Him to be more? God is intelligence. Can we inform the infinite Mind of anything He does not already comprehend? Do we expect to change perfection? Shall we plead for more at the open fount that is pouring forth more than we expect?" (page 2).

The period following the lesson-sermon was filled with testimonies of gratitude given by Christian Scientists.

THANKSGIVING WEDDINGS

Thanksgiving day brought a sudden influx of business in the matrimonial market at the court house and Judge A. H. Duxbury had the pleasure of marrying two couples from Omaha and Council Bluffs.

The Omaha parties were Albert A. Taylor and Betty R. Taylor and who were accompanied by Mr. and Mrs. J. F. Norlen, also of the metropol. The bridal party returned to Omaha after the ceremony.

Last night Halbert Lane Snyder and Opal Elizabeth Wager, of Council Bluffs, called at the home of Judge Duxbury and requested they be duly licensed and married. The county judge obligingly made the journey to the court house where the wedding was performed. Jean Harlen and Keith Pierce of Council Bluffs and Joe Graves and Mary Jane Mark of this city were the attendants at the wedding.

MRS. BRINKMAN QUITE ILL

Mrs. Frank Brinkman, residing on South 11th street, was taken very seriously ill early Thursday morning and her condition for a time gave the members of the family a great deal of concern. Mrs. Brinkman has not been well for the past year but her condition was not thought critical until yesterday. Mrs. T. B. Lacey of Glenwood, arrived Thursday afternoon to assist in the care of the mother.

Those forming the Plattsmouth party were Richard Cole, Gavin Farmer, Robert Woest. They were accompanied to Lincoln by Junior Devoe who will visit in that city.

We will appreciate phone calls of news items from our readers.

DISTRIBUTE LICENSE PLATES

LINCOLN, Nov. 27 (UP)—State engineer A. C. Tilley today said 1938 motor vehicle license plates are being distributed to county treasurers for sale to Nebraska motorists.

Approximately 45,000 sets of metal plates have been made by inmates of the state men's reformatory. Next year's tags display aluminum colored numerals on a background of black. This is the exact reverse of the 1937 design. The order of the figures designating the year and the name of the state are also reversed.

Rush On as the Deadline for Licenses Here

Tuesday Is the Last Day to Secure the Licenses Without Heavy Examination.

The basement of the court house where the auto license examinations are now being conducted, is a busy place the past few days as the final rush is on. The examinations have been held in the basement since court is in session.

Here the eye tests and the filling out of the physical condition blanks have kept Jack Stamp and his assistants very busy in the last few days as the deadline approaches.

After the first of December the drivers face the possibility of being stopped and their licenses examined by highway patrolmen or other officers and if they have no new license for 1938 then a fine is possible.

Mr. Stamp is to keep his office open Monday and Tuesday from 10 a. m. to 9 p. m. to accommodate those who cannot get in until late to take their tests. County Treasurer John E. Turner and his force of workers will also be on the job until 9 p. m. to see that the licenses are issued to the ones that successfully pass the examinations.

The department of roads and irrigation under which the state patrol is operated, has announced that the dates for tests for drivers licenses in Cass county for December will be from the 11th to the 22nd of the month. No examinations will be made on Sundays or legal holidays.

So those who do not get under the wire by Tuesday will have a period of danger until the resumption of tests on December 11th.

Mr. Stamp, the county examiner, reported that so far 5,500 had been examined and granted licenses at his office. This leaves several thousand others to be given the examinations. Friday was the banner day for the examiner as 271 were examined and granted drivers licenses.

Today the office was crowded from early morning by those seeking their permits.

INVITATION CARD CARVED IN WOOD SCALES 150 LBS

CANBERRA (UP)—Prime Minister Lyons has received from California what is believed to be the heaviest invitation card in the world. It requests his presence at the 1939 Golden Gate International Exposition. The invitation, cut in a block of California redwood 4 by 4 1/2 feet, weighs 150 pounds.

ANN HARDING HUNTING CANADIAN WOODS CAMP

ST. STEPHEN, N. B. (UP)—Ann Harding and her equally famous conductor-husband, Werner Janssen, are spending their time in the St. Croix valley near here looking over sites for a summer woods camp.

Seek to Enlist the Governor in Power Struggle

Platte River Water Protective Association Seeks Aid of Governor, Attorney General.

LINCOLN, Nov. 27 (UP)—An effort was made late yesterday to enlist Gov. R. L. Cochran and Attorney General Richard C. Hunter on the side of the Platte River Water Protective association in the controversy over power in central Nebraska.

A delegation from the association headed by A. F. Buechler, Grand Island editor, asked Cochran to lead a Nebraska group to Washington December 8 to protest against the federal power commission's taking jurisdiction over hydroelectric projects on the Platte river.

The Platte River Water Protective association has been aligned against the Tri-county project on the water rights controversy. The association consists of riparian owners and others in the lower Platte valley, from Lincoln county to Douglas county.

Accompanying Buechler were Charles E. Allen of Cozad, P. S. Heaton of Central City and C. T. Young of Cozad. Buechler said the association planned to send its attorney to the federal power commission meeting in Washington.

"The matter seems to involve legal questions which may affect Nebraska's suit against Wyoming in the matter of priority rights of Nebraska waters users on the Platte river," Cochran said, after conferring with Buechler's delegation. "I told them they ought to confer with the attorney general and Paul Good, who is representing the state in the interstate suit."

Hunter was out of the city. His chief assistant, Barlow Nye, said he was not well enough informed on the subject to comment.

Explaining his reason for seeking the aid of the governor, Buechler expressed fear that unification of Nebraska's hydroelectric districts would mean "federal possession of our resources." He said federal authorities might "nullify the decision of the Nebraska supreme court against diversion of water from one watershed to another."

WILL SUE CITY OF CHICAGO

CHICAGO, Nov. 27 (UP)—The steel workers organizing committee, affiliate of the Committee for Industrial Organization, announced today that civil damage suits would be filed against the city of Chicago for the killing of nine union members and injury to 36 others in the Memorial day riot near the Republic Steel company's plant.

The union members were killed in a battle with Chicago policemen.

The announcement, filed with city officials, by Thurlow G. Lewis and T. C. Townsend, attorneys for the S. W. O. C., did not mention the amount of damage that will be asked.

COUPLE, WED 70 YEARS, CALL NO DOCTOR IN 40

MANSFIELD, O. (UP)—Mr. and Mrs. John L. Lewis—no relation to the labor leader—are beginning their 71st year of married life with the boast, "No doctor has stepped inside our home for a professional visit in the past 40 years."

Lewis, a bill collector for a lumber company, is 91. His wife is 87. Lewis reads without glasses. They both were born in log cabins.

Their 70th wedding anniversary celebration was attended by 7 children and 19 grandchildren.

To the People of Plattsmouth, Cass County and vicinity: THANK YOU

May we take this opportunity of thanking you for your patronage during the past year. We hope that during the coming year we may enjoy a continuance of your friendship and your business. We would like to have the pleasure of serving more of you in the coming year.

We have always regarded a satisfied used car buyer just as valuable to our business as a satisfied new car buyer. Good will is the breath of life to any business, and the only way to build it is by giving full satisfaction and full value to every customer for every dollar spent.

We buy and trade for used cars for resale, as does any practical dealer. We appraise them for what we can expect to get honestly in a resale. We will not make excessive trade-in allowances in the hope of "sticking" someone else in the sale of the car thus acquired.

It is our contention that any car buyer, new or used, should not be penalized because it is necessary for him to buy a car on a time payment plan. We do not think any customer can justly be asked to pay excessive interest, or finance, or whatever it may be called, to some Finance company for this privilege.

Therefore, it is, and has always been, our policy to eliminate this excessive cost to the customer, by carrying our own papers and not charging any finance. We invite you to come in and get a full explanation of our payment plan. We have plans for every pocketbook and every occupation. We offer a special Farm payment plan—a weekly plan—and a monthly plan.

The reputation and responsibility of this company are behind every sale we make. If this style of doing business appeals to you, come in and see the cars we are offering in celebration of our first anniversary. Space forbids listing them here.

Thanking you all again—and DO come in and see us.
