Win Club Week Trips

Three more Cass county 4-H club members have been named as winners of prize trips to the twenty-second annual Boys and Girls 4-H Club Week which will be held at the Agricultural College, Lincoln, May 29th through June 4th.

Already plans are being made for an outstanding program for Club Week.

Eat Meat Campaign

With meat prices considerably lower now than in months past, a nationwide "eat meat" campaign was started this week.

The sharp drop in meat prices has come about in recent weeks. In 1937, meat prices reached their peak in the latter part of September.

In addition to lowered prices, there is an abundance of high quality meat on the market. The year 1937 was a year of excellent feed supplies in most states.

Pasture, Forage, Livestock Program That the Cass County Farm Bureau will actively sponsor a Pasture-Forage-Livestock program during 1938 was definitely indicated this week.

Details of the program will be available immediately after Agricultural Agent Wainscott attends a district conference at Nebraska City on February 18th.

As a part of the general statewide educational plan, a statewide pasture-forage-livestock program is also being scheduled to be held this year.

Puddings for Dessert

Many a successful meal planner finds the weather a source of menu inspiration. Hot summer days call for lighter foods and frozen desserts.

Many homemakers find that puddings help to vary the dessert menus. Puddings, especially the ones served hot, are among the most filling of all desserts.

Plum puddings, cottage pudding and up-side-down cakes use batter as a binding material. Other puddings are mixtures of soft consistency held together by a starch substance such as rice, tapioca, oatmeal, flour, or cornstarch.

Still other puddings have a combination cereal and custard base, such as rice and tapioca and the bread puddings. Fruit and bread crumb combinations such as the apple crumb seem to have a branch of the pudding family tree to themselves.

WARNING ISSUED ON RIGID DIETS

AMES, Ia. (UP)—Beware of the "Alice-in-Wonderland potion" if you seek that sylph-like figure, is the warning to women given by Miss Ruth Cessna, nutritionist at Iowa State College.

"The safe and sane way to achieve the sylph-like figure which is preferred for appearance and health's sake is the hard, slow way of diet and exercise," Miss Cessna said.

"There must be protective foods—milk, green vegetables, eggs and fruit. Assuming that these 'musts' are in the diet, it may be varied to gain or lose weight as a physician prescribes."

Here are the nutritionist's suggestions for losing weight: No jam for toast. No cream for cereal—milk, instead. Fruit for dessert—no cake or pie. No hot breads—they call for swaths of butter; some butter, however, for Vitamin A. Lean meat instead of fat. Vegetables without cream sauce. No sugar or nut stuffing for baked apples.

To gain weight, she suggests to change the "don'ts" to "dos." A weight 19 to 15 per cent above the average at 45 should call for a trip to the doctor, Miss Cessna said.

"A person 15 to 20 per cent underweight at any age may not be getting the proper diet."

ST. PETERSBURG SOON TO BASK IN SPORTS SUN

ST. PETERSBURG, Fla. (UP)—This city is preparing an interesting sports program for early March when baseball, golf, tennis and yachting will draw the attention of sports fans throughout the country.

Arriving here in late February, the world champion New York Yankees and the St. Louis Cardinals will begin limbering up exercises March 1, the McCarthymen reporting at Huggins field and St. Louis taking over Waterfront park, home of the Boston Bees for 17 spring training seasons.

The golfing contingent will invade the city March 1 to compete for \$3,000 in the annual St. Petersburg Open tournament scheduled for March 2, 3 and 4.

Fred Perry and Ellsworth Vines will head the list of tennis stars to compete here March 3.

Changes Made in Rosen Auto Co. Personnel

Edward A. Rosen Announces Firm to Be Known as Rosen-Novak Auto Company.

Mr. Edward A. Rosen, of the Rosen Auto company of Plattsmouth, announces today that hereafter his firm will be known as the Rosen-Novak Auto company. The reason for the change in name is that Mr. Rosen is taking in Miss Ann Novak and Mr. Milton Novak as junior partners.

According to him, the reason for this addition is to strengthen the personnel and increase the investment in business in Plattsmouth. This enlargement has been made necessary by the increased volume of business which the firm has enjoyed in their new location in the O. K. garage building. Quoting Mr. Rosen, "Mr. and Miss Novak are children of Mr. Ben Novak of Nebraska City whose business reputation is widespread in this vicinity. I take pride in this acknowledgment and demonstration of confidence from such a successful man as Mr. Novak, in advising his children to locate with me here in Plattsmouth."

When asked what he thought about the present and future prospect of business conditions, Mr. Rosen replied: "I have implicit faith in the future prosperity of Cass county, and it is my intention to implant myself firmly here. If anybody wants to 'give this country back to the Indians,' tell them that I am an Indian. Seriously, a check on state and national figures will show you that we are occupying one of the more prosperous sections of that 'white spot' they are advertising so much lately."

"There has been many rumors saying that we were moving. May we remind everyone that we have purchased the O. K. garage building, and that it is our firm intention to continue doing business here for a long time to come," added Mr. Rosen.

The new company now has in its employ Mr. C. F. Kelly, formerly of the Ivanhoe Motor Co. at Kansas City, Missouri, where he was employed as service manager and mechanic. Mr. Kelly is a newcomer to Plattsmouth and is very much sold on our city. Also Mr. Bert Clark, formerly of the C. A. Ruse Motor company of this city. These two men are employed in the service department. In addition, it is understood that Mr. Earl Meisinger, of Cedar Creek will join their staff in the spring.

No doubt, many of you have noticed the new electrically operated overhead door which was recently installed on the O. K. garage building. Also, the new double electric gas pump which has replaced the old visible gas pumps. These improvements are for facilitating better service for patrons of the new Rosen-Novak Auto company.

PACIFIC COAST HOPES TO GET TUNA INDUSTRY

GRAYS HARBOR, Wash. (UP)—Visions of tuna canning, a new industry with a non-competitive market and one that far overshadows salmon canning in several ways, are included in current Harbor speculation.

Lack of assurance of a constant tuna supply is the only dark cloud on the horizon, local fishermen say. There are several Grays Harbor canneries that could be converted into tuna-packing with little difficulty—even though the tuna must be packed in oil.

Several cannerymen have said they "would start in a minute" if they were assured of an annual supply.

A trolling vessel which recently discharged 18,000 pounds of tuna reported great schools of the fish approximately 25 miles off shore. There, they said, the Japanese current seems to run and the tuna can be seen in countless thousands.

Trollerman using a makeshift gear can only take the smaller fish, but larger tuna were reported in abundance. Larger fish are usually taken with live bait which is kept in tanks and thrown overboard when the vessel is ready for the haul. The tuna become so eager to bite that they snap at bare hooks.

Muscular Rheumatic Pains

It takes more than "just a salve" to draw them out. It takes a "counter-irritant" like good old Musterole—soothing, warming, penetrating and helpful in drawing out the local congestion and pain when rubbed on the aching spots.

Muscular lumbago, soreness and stiffness generally yield promptly. Better than the old-fashioned mustard plaster, Musterole has been used by millions for 30 years. Recommended by many doctors and nurses. All druggists. In three strengths: Regular Strength, Children's (mild), and Extra Strong.

KEARNEY "WHITE SPOT"

KEARNEY, Feb. 8 (UP)—Kearney jumped ahead as the state's leading "white spot" city with the announcement by City Treasurer Frank Hollingsworth that the city has \$45,000 in cash that cannot be legally deposited in banks because of state laws.

City Attorney J. C. Tye explained that \$15,000 deposited in the Kearney State bank is all that can be handled because the state law prohibits deposits outside of the county and no other bank has qualified. Tax collections are brisk, Hollingsworth said and this accounts for the surplus.

Kearney recently paid off the last of its bonded indebtedness.

There will be no services on Sunday, February 20th.
