

Platters Lose in Finals but Go to State Meet

Victorious March of the Blue and White Checked by Falls City by Score of 45 to 22.

The Plattsmouth high school basketball team which has made such a great showing in the southeast Nebraska tourney at Falls City, will be entered at the state tournament at Lincoln this week.

While Falls City stopped the winning streak of the Platters 45 to 22 at Falls City Saturday night, the victories over Wynmore and Beatrice to enter the finals won them a place in the state meet.

The Platters showed the effect of two previous hard fought battles as they entered against the comparatively fresh Falls City team, who had found easier opponents in their opening games while the local team had used the same six players in both the Wynmore and Beatrice games.

The locals were playing in hard luck as many of their shots at the basket rolled around and out while the Falls City team was able to make their shots stick.

The score at the halftime was 25 to 19 for the Falls City aggregation.

Dunn, forward led the Falls City scoring with eleven points while the Plattsmouth scoring was well divided with Wooster high with six and Reed with four free tosses.

The game was hard fought by both teams and the defensive work of the Platters showed well with Miller pacing the defense.

The box score of the game was as follows:

Plattsmouth (22)				
	FG	FT	PF	TP
Wooster, f	3	0	0	6
Rebat, f	1	0	3	2
Hayes, c	1	2	2	4
Reed, g	0	4	3	4
Miller, g	1	0	2	2
Jacobs, c	0	0	0	0
McCarty, f	0	2	0	2
Smith, f	1	0	1	2
Wall, g	0	0	0	0
7 8 11 22				
Falls City (45)				
	FG	FT	PF	TP
Dunn, f	5	1	1	11
Greenwald, f	4	1	1	9
Yoder, c	2	1	3	5
Matthews, g	4	2	1	10
Heben, g	1	0	2	2

Lovick, g	0	0	0	0
Hess, c	0	0	0	0
James, f	2	0	1	4
20 5 11 45				

The fine showing of the team is a great credit to the members of the basketball squad and Coach H. C. Boggess who has had a very successful season with the team this year.

This will be the first time since 1932 that Plattsmouth has been at the state tournament, their southeast championship team of Henry Donat, Sam Arn, Louis Knoflicek, Clarence Forbes, William Ronne, Robert Rummel, Maynard McCleary, representing the blue and white.

NEED MOBILIZATION PLANS

WASHINGTON, March 4 (UP)—War department officials revealed today that serious discrepancies threaten the operation of its industrial mobilization plans in event of war.

Army officers now are engaged in a nation-wide arrangement made with nearly 30,000 manufacturing firms for production of articles that would be needed in event of war. They already have revealed the need for revising some of the previous agreements between the manufacturers and the war department. Some agreements have lapsed entirely. New ones are being signed and others are being renewed, it was said.

Some of the original arrangements for war time production were made in 1917, before or during the early days of the depression. Since then, it was stated many of the forms with which production agreements existed have gone out of business or have been re-organized.

As a result of changes during the past five years war department officials discovered that if they had intended to put the industrial mobilization plans into operation during the past several months rate confusion would have existed. The operating heads of many firms were unaware that their firms had industrial mobilization agreements with the government.

WILL HANDLE OWN PROBLEM

PRAGUE, Czechoslovakia, March 4 (UP)—Premier Milan Hodza said in parliament today that Czechoslovakia's frontier were inviolable and that the minority problem was exclusively a domestic affair.

The speech was considered in many quarters to be Czechoslovakia's answer to the Feb. 29 speech of Adolf Hitler. There are 3,300,000 German people in Czechoslovakia, and Hitler made his interest in their welfare plain.

Hodza made his speech in the chamber of deputies. The chamber rang with the cheers as he made his statement.

"The Czech people will never permit any interference in their domestic affairs," said Hodza. "We are seeking peace. But in the present situation it must be said that if fate were to compel us to defend ourselves we should do so to the last."

Then, mentioning Germany, he said that Czechoslovakia was ready to cooperate with Germany on a basis of full equality.

Robert Scripps, Newspaper Chain Head, is Dead

Had Been on Voyage With Party of Friends When Suffers a Hemorrhage of Throat.

SAN DIEGO, Cal., March 4 (UP)—Robert P. Scripps, controlling stockholder of the Scripps-Howard newspapers, died at 1 p. m. (est) Thursday aboard his yacht Novia Del Mar, off Santa Margarita island in Magdalena bay.

The news was received in a message to navy radio headquarters here and released by Rear Admiral Sinclair Gannon, commanding the 11th naval district.

Admiral Gannon's announcement said: "At 12:07 a. m. Friday (est) navy radio here received the following message: 'R. P. Scripps died 1 p. m. aboard the yacht Novia Del Mar, signed, master.'"

Other wireless messages said that death was due to an internal hemorrhage.

The body was transhipped from the yacht to the Panama Pacific liner Pennsylvania at 6 p. m. Thursday, radiograms from the Pennsylvania indicated.

The liner was northbound to Los Angeles. Scripps sailed from San Diego on Feb. 22 with a party of friends, including George B. Parker, editor-in-chief of the Scripps-Howard newspapers, and Joseph L. Cauthorn, general business manager of the Scripps-Howard newspapers in California, the San Francisco News and San Diego Sun.

Robert P. Scripps' father, E. W. Scripps, died aboard his yacht, the Ohio, in the Harbor of Monrovia, Liberia, in 1926, and was buried at sea. Scripps is survived by his widow, Margaret Culbertson Scripps, and six children, Robert P. Jr., 19, Charles E., 17, Margaret Ellen, 16, Nancy Elizabeth, 14, Samuel H., 11, and Edward Wyllis 3rd., 9.

Santa Margarita Island, Mexico, is 700 miles south of San Diego. Scripps apparently was stricken with a hemorrhage of the throat early Thursday morning.

Henry Kruse, master of the yacht, sent an emergency radio to the United States coast guard at 8:35 a. m. Thursday, reporting his condition as "serious," and requesting that Dr. James Churchill, Scripps' personal physician, be flown to the island.

Dr. Churchill attempted to radio instructions to the yacht for Scripps' care.

MANY FAIL TO MAKE REPORTS

The U. S. bureau of internal revenue at Washington, D. C. has today expressed its concern to Internal Revenue Collector G. W. O'Malley over the large percentage of employers in Nebraska who have not yet filed reports showing taxable wages paid to employees from July 1, 1937 to December 31, 1937, as required under the Federal Social Security Act.

Of all employers subject to Title VIII of the Federal Social Security Act, approximately 13 per cent have failed to file returns on Forms SS-2 and SS-2a with the collector for this period. These figures are significant, as the employers who have failed to file these information returns have in their employ many persons for whom no wage reports have been received.

The collector pointed out it is to the interest of the employer, as well as the employee, to have this information sent to the collector without further delay. Employers will save themselves the necessity of having to make explanations to their employees or survivors of deceased employees, and will cut down on the need of further conference with government officials if they are now prompt in submitting these reports to the U. S. Collector of Internal Revenue.

Collector O'Malley pointed out that to receive old-age benefits under the provisions of the Social Security Act, it is necessary that an employee be credited on the records of the Social Security board with the amount of wages he has earned. He pointed out that the information concerning the amount of wages paid an employee is required by the government in order to calculate the benefits under old-age insurance with the government has obligated itself to pay workers when they reach the age of 65, or to their estates in the event of their death. It is, therefore, important to the employee that the taxes deducted from his wages by the employer and the amount of taxable wages he receives are promptly reported to the collector of internal revenue.

HOPE FOR GOOD FEELING

BERLIN, March 3 (UP)—Adolf Hitler and Hugh R. Wilson, new American ambassador expressed mutual hope for good American-German relations today as Wilson handed Hitler his credentials at the presidential palace. Wilson, pointing out that twice before he had been stationed here said:

"I am looking forward with pleasure to my residence in this country for the third time and it is my earnest wish that the maintenance of the free friendly relations and bonds which prevail between our two countries may be deepened and strengthened while I am here."

Hitler, in response, said that he believed Wilson's knowledge of Germany would facilitate in promoting a new understanding between the nations.

LIFE-PREPARATION FOR YOUTH

For a half-century, The Moody Bible Institute of Chicago, founded by D. L. Moody in 1886, has provided instruction and training without cost for tuition to earnest minded young men and women who desire either to be better informed workers in home churches, or to devote their lives to full-time Christian service in some specialized field. Ministers, evangelists, missionaries on home and foreign fields, Christian education directors, gospel song directors for churches and Sunday schools, and many other types of workers, have received their training at this school. More than 2,000 students were enrolled in the day and evening schools during the past year. Moody-trained missionaries numbering above 1,400 are now laboring under different church boards in some seventy countries.

The Bible ranks first in all institute courses, and around it are gathered such subjects as Sunday school administration, gospel music, public speaking, home economics, manual training, and also homiletics, apologetics, Greek, Hebrew, and medical subjects for missionary work.

There are three terms a year—fall, winter and summer. An illustrated catalogue will be mailed on request. Address, 153 Institute Place, Chicago.

Rivers Rise as Ice is Starting to Move Out

Missouri Well Cleared of Most of the Ice and at High Stage as Is the Platte.

The lighter ice in the Missouri river has been clearing out this week and the stream is up at a high stage at this point as the Platte is emptying its waters into the Missouri.

The veteran rivermen report that some ice has passed from further up the stream as the warmer weather caused the general break up of the ice of the stream to start.

So far the ice has moved out without trouble but with heavier ice moving it will increase the danger of jams along the river where the channel has been narrowed.

The Platte being at a high stage has brought some flood waters into the chute east of the city but not to cause any apprehension.
