**National Air Mail Week.**  
On May 15, 1938 the post office department will celebrate the twentieth anniversary of the inauguration of regular scheduled air-mail service.

The first route was only a short line between New York and Washington, D. C., 218 miles. Planes in two relays at 80 miles an hour. One pilot would fly from New York to Philadelphia, a distance of 90 miles, another pilot on to Washington, 128 miles. Today flights of a thousand miles with full loads of mail, passengers and express are a common occurrence. The 218 mile air-mail system has expanded to a system of 62,826 miles on which planes flew last fiscal year 70 million miles. Such a record is worthy of recognition, therefore it is most fitting that we should commemorate this twentieth anniversary.

You will never know the value of this service until you try it. Let every citizen use this service some time during the anniversary from May 15-21, 1938.

## Spring Storm Brings Moisture to Wheat Crop

Rain, snow and hail falls over the State as Nature Sends Much Needed Moisture.

From Wednesday's Daily—By United Press

Rain, snow, sleet and hail fell in Nebraska today after generous precipitation extending over a 24-hour period.

The showers ranged up to 1.65 inches at Omaha where a quarter inch of hail covered the ground early today. Hail was believed to have done little damage to vegetation but damaged tops of automobiles and factories and shattered a large plate glass window at the Capitol Hotel in Lincoln.

A blustery wind and sharp electrical display accompanied the chilling rain. Ice formed on telephone and telegraph wires causing wire breaks and broken poles in the Seward, Grand Island, Exeter, Hastings and York area.

The storm cut off the United Press leased wires to newspapers at York and Kearney.

A. E. Anderson, state and federal crop statistician described the moisture as ideal for winter wheat.

"We need cold weather for wheat because it promotes stooling he said. "Much of the wheat, especially in south central and southwestern Nebraska needs rain. This moisture will help."

Anderson said the cold weather would delay growth of other vegetation which he said would be a good thing because of too rapid advancement during March.

Snow and sleet fell in western and northern Nebraska during the night. The weather bureau reported 10 inches of snow on the ground at Rapid City, South Dakota, 12 inches at Huron and 14 inches at Lander, Wyoming.

**C. Y. O. HOLDS BUSINESS MEET**  
The young men's Catholic Youth Organization of the Holy Rosary church held its second semi-monthly meeting on Monday evening, April 4, at the church club rooms. Twenty members were able to be present.

The meeting was opened with the recitation of prayer led by the club's moderator, Father Joseph R. Sinkula. The meeting was presided over by the president, Henry Krejci, followed by the roll call given by the secretary-treasurer, Ernest Zitka. The business meeting of the evening was largely taken up with the discussion and plans that were made for one of the highlights of the social season, the benefit dance which the young men of the club will sponsor.

Various committee for the dance were chosen and selected to help carry out the numerous plans and function that enter into making the occasion a complete success. Father Sinkula was chosen chairman and Henry Krejci co-chairman of the event. The committees selected were: Ticket committee, James Zitka, Ernest Zitka and Henry Krejci; property committee, Joseph Kvapil, Charles Mason, Joseph Chovanec and Jerry Konfrst; hall committee, Frank Kalasek and Bernard Knoflieck. The ladies of the Holy Rosary Altar society will have charge of the luncheon in the kitchen.

Henry Krejci, a member of the property committee which was selected at the preceding meeting, spoke on the progress and careful attention that was being given to the selection of athletic equipment. He stated that the equipment would be ready for use in a very short time.

The members of the organization will also receive communion in a body, Sunday, April 10, at the Holy Rosary church. Following the communion, the young men are to be the recipients of a delightfully prepared breakfast tendered by the hostesses, the altar society ladies of the church.

The business session of the evening came to a close with the recitation of prayer and everyone returned to their homes after an evening of important discussion.
