All through the offices the color tones of cream and light tan are carried out in the wall and ceiling coverings of sound proof and air conditioning composition.

The floors are covered with a dark linoleum with red effects which serve to add to the beauty and general restfulness of the rooms.

From the waiting room is the office of the suite and where Mrs. Hudson will be able to look after the requests of the patients and see to their needs. Here the desk and filing cases of the suite is kept handy for the use of the office force.

There are two well lighted and arranged operating rooms with the latest equipment where every facility is offered in treating.

The entire suite has the latest type of indirect lighting suitable for this type of office.

A special work room and laboratory is located in the rear of the suite for the convenience of the physician and his assistants.

Another of the features of the suite is a rest room where a hospital bed of the latest type is installed and where those undergoing minor operations can be cared for in perfect comfort and with the latest hospital equipment. This room is also provided with a clothes closet for the garments of the patients.
