

Announce Plans for Music Week Observance Here

Music Committee of Woman's Club and Recreation Center Arranging Series of Events.

In harmony with suggestions made by the national committee in charge of observation of National Music Week, the music committee of the Plattsmouth Woman's club in conjunction with the local Recreation Center are planning a series of musical events to be held the first week in May. People love music. For ages past people have made music. For ages yet to come other people will play or sing music. A few people are gifted with the power to compose music and many are gifted with the talent to play or sing. But nearly every one has the power to enjoy music. Music is like a strong wind, a soft cloud, or a moving tide, that carries us out of our everyday selves into a world of the spirit, of pure thoughts, of happiness, of sympathy, of fun, of aspiration; and then brings us back again refreshed and better able to do our work in the world.

Plans are being formulated for a variety of musical events to celebrate Music Week. There will be band concerts, orchestra music, community sings and amateur programs. Watch the paper for detailed announcements and a schedule of events.

This team advanced to the quarter-finals in the state debate contest at Lincoln Saturday, losing to Hastings. They are rated among the six best debate teams in the state. Pictured, left to right, are Coach Price, Robert Voest, a Senior, and John Kenneth Bestor and Harriet Case, Juniors, the latter two comprising the regular "A" team.

TO SPONSOR YOUTH CLUB

A Modern Youth club is being organized in Plattsmouth sponsored by the local camp of the M. W. A. This is a national program sponsored by the M. W. A. and is rapidly gaining popularity with the young folks, both married and single. The local organization will be known as the "Plattsmouth Modern Youth Club." The club will elect its own officers, conduct its own meetings and formulate a program of activities for its members and of service to the community.

The first meeting will be held Wednesday night, April 27th. All who are interested are welcome to attend. There will be dancing and a general good time. This meeting will be held in the Eagles hall.

One of the activities that has gained popularity is indoor rifle clubs. Many clubs have been formed in the east. Powerful air rifles are used, made especially for indoor target shooting. The local camp will make this feature available if the club desires, as part of their program.

Dancing is ever a popular pastime and will no doubt predominate. The local members of the M. W. A. camp are very much enthused about this program and will do all in their power to make this a success. O. E. Finnebrock is consul and Henry Goos is clerk of the local camp. The club dues are very low and have substantial benefits in addition to the social activities.

Walter Devoe, Aged Nebraska Pioneer, Dead

Father of Supt. L. S. Devoe Passes Away Saturday at Home at Lebanon—Funeral Today

Late Saturday afternoon at his home in Lebanon, Nebraska, death came to Walter Devoe, 80-year-old father of Supt. L. S. Devoe of the Plattsmouth public schools. Word of his serious condition was received here Saturday morning and Mr. Devoe left at once for the father's bedside, being joined in Lincoln by his brother, Jack. They were able to reach there before the aged man's death.

The deceased man, who was born near Kankakee, Illinois, was one of the old time pioneer settlers of Red Willow county, coming west with his elder brother, E. E. Devoe, now a resident of Lincoln, when both were young men. Walter remained in that county the rest of his life, being long engaged in farming and later was a rural mail carrier prior to his retirement twelve years ago. He was married to the daughter of another pioneer family shortly after locating in Nebraska.

He is survived by his wife, Eva, who has been in poor health for some time; the two sons, Lowell S. of Plattsmouth and Jack, of Lincoln; one brother E. E. Devoe, of Lincoln, who is the lone surviving member of a large family of children, and two grandchildren, Stephen and Marjorie Devoe, the children of Mr. and Mrs. L. S. Devoe of this city.

Mrs. L. S. Devoe and children left Sunday morning for Lebanon to attend the funeral this afternoon, being joined in Lincoln by Mrs. Jack Devoe.

PASTURES ARE WEEDY

Pastures in eastern Nebraska are greening up—but much of the green is not grass, but weeds. Wild brome, wild barley, pepper grasses and dandelions are showing up.

Wild brome and wild barley are commonly mistaken for valuable grasses. Since they come on early and make a very thick covering on the ground, they look good at this time of year. However, these weeds are of little value. They are fall annuals, germinating in the fall and maturing early in the spring. Some grazing can be secured now but by the first of June, they are usually headed and dried up.

Even more serious are the pepper grasses, grazing of which results in tainting of milk. Much of the penny-cress, one member of this group, is already in blossom. Within a very short time, it will have produced seed and the area will be infested for another year.

MARBLE TOURNAMENT

The annual C.Y.O. marble tournament of the Plattsmouth deamery was held yesterday, April 26, 1938 between the Holy Rosary and St. John parishes.

In St. John's there were 14 contestants, winners being Ivan Smith and Tommy Doodly. The Holy Rosary parish had four contestants, winners being Ed Gradoville and Bill Reddie. These boys will go to Lincoln Sunday, May 1 for the third annual diocesan marble tournament.

An all parish tournament will be held in the near future to determine the best shooters of the Plattsmouth parishes.

WHAT IS OLEOMARGARINE

"From a chemical standpoint there is as great a difference between butter and oleomargarine as there is between day and night.

"It takes 25 pounds of oleomargarine to give you as much nutritive value as does 1 pound of butter made from cow's milk.

"Butter made from cow's milk contains certain substances called vitamins, the most important being vitamin A, which makes it superior in the human diet. Oleomargarine contains no vitamin A."
