'Vote Straight' Carolina Rule Chafes Party

Democratic Faction Sees Situation Involving Negro Support—States Issue Bluntly.

COLUMBIA, S. C. (UP)—Belief that northern Negroes are gaining a strong hold in the democratic party is expected to lead a group of South Carolina democrats to seek revision of a current state party rule that binds primary voters to support nominees of the party, both state and national, in the general election.
"Party Rule 22," as it is known, might literally rock this southern state's democratic populace as it is inserted in the May 18 state convention.
Opponents of the rule want it amended so as to pledge the voters to support county and state democratic nominees, but allow them freedom of vote in the general election, especially national nominees.

The expressed fear of some observers in this nearly 100 per cent democratic state is that with increasing popularity of northern Negroes to business life, there might be possibility of their pledging support to a Negro democratic candidate for public office.
Blease States Issue Bluntly
And, as former Sen. Cole L. Blease, of Columbia, said at the recent county democratic convention, "I don't know what will happen, but if it becomes necessary to vote for a Negro for congress... or anywhere else... Cole Blease on that day will remain at home."

Blease, whose political career has been as colorful as the American flag, was author of the rule in the early 90's at Sewberry, where it was practiced for years before assuming status of an "unwritten law" until 1914, when the state democratic party adopted it formally.
Blease said it has "served a wonderful purpose... and has kept down what might have been a definite break in the party," but warned a "dark cloud now appears on the horizon."

At county conventions May 2 at least 10 counties favored the change, while other contended it should remain in practice, unchanged, allowing the voters to follow the democrats "through and through."
Political "Circus" Attacked
Aside from this issue, attention will be focused at the state convention on proposals to end South Carolina's unique system of candidates touring throughout the state following a fixed itinerary, speaking from the same platform on the same day in rotation order.

County conventions paid little or no attention to this feature, but groups from time to time in the past have expressed intention of attempting to eliminate this "political circus."
Submission of "endorsements" for governor, congress, and state offices are likely to be heard by various county delegations.
During their county conventions, several counties endorsed persons for office whom rumor has long held will be seeking election.

Marlboro endorsed Neville Bennett, chairman of the house ways and means committee, for governor; Chesterfield county endorsed L. Caston Wanamaker, their representative to the legislature, and house leader of administration forces, for governor; and Charleston's group favored Mayor Burnet Maybank for gubernatorial candidate.

Donkey Mascot to Arrive

Barnwell's convention endorsed Lieut.-Gov. J. E. Harley, for re-election.
Feature of the state convention will be "debut" of donkey Queenie, official national democratic party mascot, which Harley won as an election bet last presidential election from the lieutenant-governor of Mississippi.
Queenie will arrive, bedecked in spring clothes, on a south-bound train from a Virginia farm where she boards with Smith W. Purdum, assistant postmaster general.
A reception committee will meet Queenie, escort her into the heart of Columbia, and while here she will be "honored" at a banquet.

The Alumni Banquet.

Incident to the alumni banquet which was held last Saturday there were nearly two hundred of the former students of this school present and in the first place the graduates and their family were seated and there remained about one hundred others who filled the remaining chairs at the banquet table.
The upper floor of the auditorium had been decorated in the afternoon which made a most beautiful place for the happy gathering. Members of the graduating classes for the past twenty-five years were present to enjoy the occasion.
The family of Mr. and Mrs. W. O. Troop was the largest represented at the banquet table, they being Robert Troop of Syracuse who graduated in 1929; Mrs. Wm. Gorder of Plattsmouth, 1925; Mrs. Victor Wehrbein, 1927; George Troop in 1920; Mrs. Lois Bestor of Plattsmouth in 1935.
