Others to see action will be Porsinger, Albee and Gradoville. This combination is going to be hard to beat and is expected to lower the average of the Syracuse team and raise their own.

## Legion Juniors Chalk Up Win at Hickman

Score of 9 to 7 Marks a Good Fast Game on Part of Both Teams; Sedlak, Jacobs Pitch.

From Wednesday's Daily—The American Legion Junior baseball team chalked up their fourth victory yesterday, as they again downed Hickman, 9 to 7.

"Stub" Sedlak started on the mound for the locals and pitched good ball through six complete innings when he weakened somewhat as Hickman and the "lucky seventh" scored four runs which was to tie the game. John Jacobs relieved "Stub" and received credit for the victory, allowing one run, and two hits. Sedlak had previously given up but four blows.

Plattsmouth went into their half of the ninth trailing, 7 to 6, but Shiffer led off with a booming double, successive errors by the shortstop and second baseman gave Phillips and Sedlak free bases, and the Plattsters a tying run. Jacobs' hit scored two more for the winning tallies.

Jones who was slated for sideline duty because of a bruised catching hand, caught the entire game. White was the only player to get more than one hit, securing a double and a single. Phillips never received credit for a single hit, but nevertheless scored three precious runs.

## Heavy Rain and Wind is Reported Over the State

West and Southern Part of Cass County Visited by One of Heavy Storm of the Summer.

From Wednesday's Daily—Starting this morning shortly after 4 o'clock and continuing for some two hours, this section of Nebraska and especially western and southern Cass county, suffered a very heavy rain and in some cases heavy wind that is reported to have done considerable damage.

At Ashland the Burlington reported two and a half inches of rain and which covered a considerable area east of town. With the rain was a heavy wind that is reported to have done a great deal of damage to wheat in the vicinity of Greenwood and much was blown down by the rain and wind.

In the south part of the county heavy rain was reported between Avoca and Weeping Water and small creeks that were ordinarily dry were rushing full of water and one small bridge near Avoca is reported to have been washed out.

The downpour was very heavy at South Bend and the unusually heavy rain is reported to have washed out culverts and done some crop damage in that section.

In this locality the rainfall was slight. One of the heaviest rains of the year struck at Dorchester, Nebraska, where there was three and a half inches recorded and which caused some delay to traffic.
