CONFER ON BILL OF LADING

Railroad Men, Shippers, Bankers and Insurance Men Participate.

TWO FORMS ARE SUGGESTED

One is Negotiable and the Other Not, but No Conclusion is Reached and the Task Will Be Continued Another Day.

(From a Staff Correspondent.)

WASHINGTON, Oct. 16.—(Special Telegram.)—A most important public hearing before the Interstate Commerce commission was held yesterday upon the subject of a uniform bill of lading, which hearing the commission requested because of the wide divergence of thought on the part of shippers, railroads, bankers and by insurance companies as to what the bill of lading should contain.

The railroad forces were divided into three distinct camps, the carriers in official classification territory east of Chicago and north of the Ohio and Potomac rivers, who are known as the uniform bill of lading advocates, the southern railroads, which were not allowed any vote in the construction of the bill of lading, and the roads west of Chicago, which occupied a neutral position because of their close association with the eastern roads.

Commercial Interests. The American Bankers' association was represented by Rogers, and their bill of lading committee, in order to secure the greatest amount of negotiability. The insurance interests were represented by counsel to eliminate one clause of the bill

of lading which was adverse to their interests.

The shipping interests were largely interested, even Canada sending delegates because of the importance of the subject. E. J. McVann of the Omaha Grain exchange and member of the uniform bill of lading committee of the National Industrial Traffic League, was present to present the proposed bill of lading, the effect of limiting the liability long assumed by carriers and interfering seriously with established customs in the grain trade.

All day yesterday and last night representatives of the shipping interests as well as bankers were in conference for the purpose of reaching an agreement upon some bill of lading which would be most generally accepted by all interests.

Two Forms Presented. Of the proposed bills submitted by the conference of shipping interests, one is a plain, non-negotiable bill of lading, and the other is what is known as the uniform "order" bill. The conference further recommended that in order to make these two bills distinctive they be printed on different colored paper and that an "order" bill of lading the carriers' official stamp be used in addition to the carrier's signature.

The bankers approved these bills not only on account of their simplicity, but because of the distinction made as to their negotiability. The hearing was adjourned until tomorrow without a conclusion being reached.

Minor Matters at Capital. John M. Francis, general passenger agent of the Burlington, formerly of Omaha, and Mrs. Francis are in Washington in attendance upon the annual convention of passenger and ticket agents of the United States.

Mrs. Finley of Hastings, Neb., is visiting friends in this city.

GOULD OPERATORS MAY STRIKE

Rio Grande Telegraphers Preparing Ultimatum Regarding Discharged Man.

DENVER, Colo., Oct. 16.—In a statement to the public issued today Vice President Charles H. Schlaacks of the Denver & Rio Grande railroad gives the reasons for the company's final refusal to reinstate, on demand of the order of railway telegraphers, Operator R. H. Skeggs, who was discharged on September 21 for refusing to test Western Union wires at Grand Junction, Colo.

NO INJUNCTION FOR ROADS

Judge Munger Refuses to Enjoin Grain Rates Pending an Appeal.

LINCOLN, Neb., Oct. 16.—Federal Judge Thomas C. Munger this evening denied Nebraska railroads a temporary restraining order pending their appeal in the grain rate cases. The judge said he had secured a temporary order restraining the Nebraska railway commission from taking action looking to a reduction of grain rates. The injunction was dissolved by Judge Munger, sitting in Omaha, and the roads took an appeal. An effort to compel action on the part of the commission pending the appeal was brought, and this the court denied. Judge Thomas C. Munger announced that he was authorized to state that Federal Judge William H. Munger concurred in his opinion.

ALLEGED DYNAMITERS HELD

Five Persons Suspected of Placing Joplin Printing Plant Under Arrest.

JOPLIN, Mo., Oct. 16.—Five persons were held today under \$500 bond each for appearance in Judge Egall's court next Friday for a preliminary hearing, when formal charges of having dynamited the News-Herald plant on the night of September 12 may be preferred against them.

The suspects were arrested last night and were subjected to a searching process by the police and in justice court today, but without important developments. The suspects are: Milton St. Clair, formerly keep-er at a resort; W. B. Martin, Hazel Reed, Bessie Blain and Charles Smith.

CONTEST OVER OFFICIALS

Nebraska and Minnesota Unable to Agree Up to the Present.

COACH COLE BUSY WITH TEAM

Expresses No Opinion Regarding Result, but Putting Men in Condition for Hard Struggle on Saturday.

LINCOLN, Neb., Oct. 16.—(Special.)—Selection of officials for the Nebraska-Minnesota game has become a serious matter, from statements made today by Manager Eager. Unless the managements of the two teams can get together tomorrow it is probable that the contest for the game will be unknown until Eager can meet Coach Williams next Friday. Correspondence between the two has reached a decidedly delicate stage. "I have two good officials who will be on the field Saturday," declared Mr. Eager this afternoon. "Unless Dr. Williams and I can arrive at an agreement before that time, I shall insist that they officiate in the game. If that is not satisfactory there's going to be a big clash. I shall not agree to officials whose work is not known to the Nebraska board to be fair."

It is understood that the Nebraska authorities would be willing to accept any referee who was chosen for last year's contest. Just what is the cause for Mr. Eager's statement today was not divulged, and members of the athletic board minimize the trouble. The fact that no agreement on officials has as yet been reached is causing considerable anxiety in the Cornhusker camp, and future developments are awaited with apprehension. Coach Cole put the team through another stiff practice this afternoon. The freshmen were put in possession of several of the plays used by the Gophers in their game Saturday, Cole having been a spectator at the contest. Captain Weller took an active part in both scrimmages and the lighter work, having entirely recovered from his recent indisposition. Practice Wednesday will be at the state farm, where a soft field similar to the Gophers' is available. This will be the final practice of the week, although light work probably will be gone through early Thursday afternoon, before the team leaves for the north.

Coach Cole refuses to make any pronouncement regarding the probable showing of the Cornhuskers and will not discuss the work of the Gophers, except to say that they were very strong, although being forced to use a number of new men. The men are considerably encouraged by the inability of the Gophers to pile up more of a score Saturday, however, and are working hard with the expectation of putting up a fierce scrap.

IOWA AND MISSOURI TO MEET

First Hard Game of Season for Hawkeyes Comes Saturday.

IOWA CITY, Oct. 16.—The first hard game of the present season will be played by the University of Iowa next Saturday, when Missouri will appear on the local gridiron. The lineup of the men has not been determined yet. Coach Catlin declaring that it is his wish to play the eleven against the alumni last Saturday. The appearance of the eleven Saturday gave some indication of the strength of the team. The guard positions are problematical. The present line is not considered strong, and may be replaced by some of the other candidates, among whom Elliott appears to be the most likely. Jones and Conner are being tried out at right tackle and Jewell is another candidate for tackle honors. The line is being worked at quarterback, the eventual selection having probably been decided from the squad. In the back field Catlin has been working two different combinations with the line. One consists of Hazard, Kirk and Miller; the other of Knowlton, Hamner and Grinnon. This work is being continued on some other afternoon of the school week for the purpose of attending religious instruction in their own churches, and will be resumed on the afternoon of the school week. The text of the resolution follows:

Resolved, That in view of the need of a more systematic education in religion, we recommend for the favorable consideration of the public school authorities of the country the proposal to allow the children from the public schools of Wednesday or some other afternoon of the school week for the purpose of attending religious instruction in their own churches, and will be resumed on the afternoon of the school week. The opportunity is granted to give such instruction in addition to that given on Sunday.

BIG WEEK FOR IOWA FOOT BALL

Practically all of College Eleven's Fall Games.

DES MOINES, Oct. 16.—(Special.)—Iowa faces the first week in which all the teams have games arranged. This will be largely the reason why in the majority of the games are between stronger teams of the state and some of the weaker ones.

Des Moines will have three college teams to watch Saturday, Drake meeting the Coe team at the stadium, Des Moines meeting the strong Grinnell team at Grinnell and the Highlanders meeting Creighton at Omaha in a game which will probably show the class of not only Creighton, but the Highlanders.

Iowa meets the Missouri team, and while there seems to be little doubt that the Tigers will be shown, considering the Iowa team's record, it is not certain that the result indicates that they are a better team than last year.

Fresh from their practical triumph at Minnesota, will have the hardest nut of the state to crack in the team from Morningside. The Morningside team is making their all on this game and as they have a number of players who were out of the Iowa game, some of them unquestionably, they are able to make things hum in the neighborhood of Ames. Whisman may show some of the best of his great prowess, as they are without doubt the best toe artist in the state.

Creighton Practices Hard.

Coach Bell and his Creighton football team are doing their best to get into preparation for the coming of Highland Park college Saturday and for the great struggle at St. Louis next Friday of the following week. While there is a general feeling that the Iowa men will go down to defeat on Saturday, the Creighton game promises to be close and exciting. Highland Park has had no mean reputation and the team of '07 is said to be unusually fast and expert with the forward pass.

ACCIDENT TO MAIN STREET

Trotter Stumbles Just as He Was at Point of Breaking Record.

LIXINGTON, Ky., Oct. 16.—An accident prevented the world's fastest runner, being beaten today when Main Street, being trotted three-quarters of a mile in about thirty seconds. Trotter's best time was twenty-nine seconds and the accident occurred at the eighth pole and the wire. Main Street had trotted the first eighth of the last quarter in fourteen seconds and was trotting strong when the accident occurred. He will be sent against his record later in the week.

Jack Leyburn, the chestnut gelding owned by Joseph B. Hart, Jr., of Lexington, Ky., won the Walnut Hill farm cup, valued at \$500 and \$200 bonus, in the heavy-weight pugilist, Jack Johnson, and Jim Flynn have signed articles for a forty-five-round glove contest to be held in Cochrans

WITH THE BOWLEERS.

There was a very warm time on the Metropolitan alley last night when the Bowlers locked horns with the Walter Clark's. The Bowlers took the first two games and fought hard for the third, but could not ride out on the 300. Sutton was high man for the Clark's, with 216 and Nelson high three games. Score:

Sporting Gossip.

Preside base ball will now have to be played until spring. Doane college is forging back to the position it held in foot ball in the good old days. Foot ball will have to give way in point of roughness to the potato races which are run at the Horse Show this week.

Foot ball teams averaging 150 or 150 are making good on Sundays. Call or write S. Coady, 2332 Capitol avenue, Telephone D. 3496.

Fred Gatt is now in Minneapolis. He may be seen on an Omaha mat this winter in spite of the rumor that he is to quit the boxing game.

Highland Park will make an effort to make better time in coming to Omaha Saturday than did the Des Moines College Foot Ball team for its game with Creighton last week.

Unless Minnesota is playing them the Gophers will have to look to their laurels when the Cornhuskers meet them Saturday. That 5 to 6 with Ames sounds pretty good to Nebraska ears.

Comiskey says he has men on his White Sox team for whom he wouldn't take an amount equal to the salary of the president of the United States. Well, that shows the old Roman loves his boys, anyway.

S.S.S. RIDES THE SYSTEM OF MALARIA

We breathe the germs and microbes of Malaria into our lungs and they are soon absorbed into the blood and distributed to all parts of the system. Then we begin to feel "out of sorts," no appetite or energy, dull headaches, a tired, sleepy feeling, and often "dumb chills" and slight fever show that this insidious disease is affecting the entire health. As the trouble progresses and the blood becomes more deeply polluted, boils and abscesses, sores and ulcers or brown spots appear on the skin. As Malaria is a blood disease, to cure it requires a blood purifier, and S. S. S. is recognized as the best of blood purifiers. S. S. S. destroys the germs with which the blood is loaded and rides the system of Malaria. It goes down into the circulation and attacks the disease in the right way by removing every vestige of the cause and building up the blood from a weak, watery, germ-infected stream to a rich, healthful fluid, nourishing and vitalizing every part of the body by its purity. S. S. S. tones up every part of the system by its fine tonic effects, and being made entirely of healing, cleansing roots, herbs and barks it is an absolutely safe remedy for young or old. An ideal location for law offices

A building opposite to the court house and next to the city hall is particularly convenient for members of the legal profession. The fact that one of the court rooms is in the Bee Building, also makes it a most satisfactory location. With a lawyer, time counts for so much, that any saving which can be made in going from the office to the courts is a distinct advantage.

THE BEE BUILDING

with its beautiful court, attractive entrance and corridors, is a pleasant place in which to have an office. A lawyer, particularly, should be in a fire-proof building, where he will know that his books and records are safe. Then, too, he does not wish to be annoyed by poor service and the Bee Building, with its well trained help, has an organization which gives uniformly satisfactory service.

We can offer a few very choice offices at this time. The time to look them over is before some one else has taken the one you want. For office space apply to R. W. BAKER, Sup't, Room 418 Bee Bldg.
