BALLOONS ST. UP

Most of the Big Gas Bags Seen Drifting Northeast.

BERMANS PASS OVER CLEVELAND.

Note Dropped from Pommeran at 3:10 by P. M. Reports All Well.

M'COY AND CHANDLER IN OHIO

Note Dropped Says They Will Stop When They Reach Lake Erie.

ONE IN NORTHERN MICHIGAN

Operator at Alpena, 230 Miles North of Detroit, Says Balloon Started Across Lake Huron at 2:30 P. M.

CLEVELAND, O., Oct. 22.—The German balloon Pommeran passed over Cleveland this afternoon.

Note dropped from the Pommeran timed 3:19 p. m., reads: 2:30 P. M.—Open water ahead. Lake Erie, north, north-west, blue sky. All well. OSCAR BRUBAKER.

The note from the balloon came down on Euclid avenue in a crowd of several hundred persons, who had watched the balloon in its flight over the city.

M'COY and Chandler in Ohio.

CHICAGO, Ill., Oct. 22.—The Associated Press tonight received the following telegram, dated Marion, O., 4:30 p. m.: Course northeast. Will descend on reaching Lake Erie.

INDIANAPOLIS, Ind., Oct. 22.—A balloon passed over New Augusta, ten miles northeast of this city, at 9:30 this morning.

It was moving at a high speed in a northeasterly direction. Its color could not be seen. The weather is cool and clear.

Three more balloons passed over the county a few minutes after the first balloon passed over this city, high in the air, at 10:30. It is believed that six of the nine balloons that left St. Louis are passing over the state today.

A note dropped from a balloon at Augusta, this county, at 10:20, gave the information that the balloon was the Lotus II, the English balloon.

This message was dropped at Marion at 10:45 a. m. from a balloon:

Since early morning three balloons have been in sight, one directly ahead of us, several miles, apparently higher and traveling faster, two others south and behind us. We are moving slowly east by south. M'COY AND CHANDLER.

One in Northern Michigan.

DETROIT, Mich., Oct. 22.—The Western Union office at Alpena, Mich., 230 miles north of this city, on Lake Huron, reports that a balloon passed over that city about 3:30 this afternoon.

The balloon was traveling eastward over Lake Huron.

A dispatch from Chatham, Ont., sixty miles northeast from Detroit, on the main line of the Grand Trunk railway, says a balloon passed half a mile northeast of there soon after 2 o'clock, going due north.

A dispatch to the News from Adrian, Mich., says a balloon passed over that city about 2:40 p. m., heading northeast.

Reports Earlier in the Day.

ST. LOUIS, Oct. 22.—Apparently scattered to nearly every point of the compass by variable winds, the nine balloons competing in the second international aeronautics cup race, which started from here yesterday afternoon, were reported today far to the northeast, and far to the west of St. Louis, while one is said to be traveling over Tennessee, far to the south.

Several of the balloons are in the vicinity of the great lakes, especially Michigan, while four others were sighted late today in the vicinity of St. Joseph, Mo.

The reports received so far are meagre and scattered. The headquarters of the Aero club of America is without advice and the officials of the race are dependent entirely upon the newspaper dispatches for information.

The first reports of balloons today came from Indianapolis, Ind., South Haven, Mich., near Kalamazoo; Grand Rapids, Mich.; Prescott, Ind.; Wataika, Ill.; and Tadmora, O. The latter place is 375 miles east in an air line from St. Louis, while St. Joseph, Mo., is 237 miles to the west.

German Balloon Located.

The balloon sighted at Tadmora, was said to be bright yellow. This would seem to indicate that it was one of the German contestants. Four balloons were reported near St. Joseph, but were too high to be distinguished from the balloon sighted at South Haven, Mich. It is reported to have carried two American flags.

Both foreign and American balloons displayed the American emblem prominently, however, so the flags would be of little assistance in determining either the name or nationality of the air-craft. This same balloon is also reported to have a huge white patch visible. This undoubtedly was the white number cloth, which each contestant carried. There is a strong belief here that the balloons reported to the northeast are the three German contestants, the English entry and one of the French team.

All of these made the flight to the higher altitudes from the start and evidently caught an upper current from the southwest.

The three American teams and the French balloon late de France kept to the lower levels and it is believed they were carried by the west and are believed to be the ones reported in the vicinity of St. Joseph.

Reports from Many Cities.

KALAMAZOO, Mich., Oct. 22.—It is reported from Olivet, forty miles northeast of here, that two balloons passed over there at 11 o'clock.

At 11:30 this morning a balloon passed a short distance north of Plainfield, eleven miles north of Kalamazoo. It was traveling fast in a southeasterly direction.

At 1:15 a balloon, presumably the one sighted at Plainfield, was seen a short distance north of Augusta, Mich., going northeast. Augusta is fourteen miles east of Kalamazoo.

DETROIT, Mich., Oct. 22.—A dispatch to the Journal from South Haven, Mich., says a balloon carrying two American flags passed there about 3 o'clock this morning.

A huge white patch was plainly seen on the side of the balloon. It was going northeast.

A balloon passed over the northern part of Detroit at 1 o'clock today; apparently, about 1,000 feet in the air. It was going northeast, which will probably carry it over the foot of Lake Huron. If this balloon is the same one sighted at South Haven at 3:40, and followed as far as Stockbridge, 39 to 41, and it undoubtedly is.

SUMMARY OF THE BEE

Wednesday, October 23, 1907.

Table with columns for days of the week and numbers 1 through 31, likely a calendar or index.

THE WEATHER.

Forecast until 7 p. m. Wednesday: Fair and slightly cooler Wednesday; fair for Nebraska—Fair Wednesday; cooler in southeast portion.

For Iowa—Fair Wednesday; cooler in north and west portions.

Temperature at Omaha yesterday: High, 60; low, 43.

Forecast for tomorrow: High, 60; low, 43.

DOMESTIC.

Kinkaid's Trust Company of New York suspends payment of depositors during long, officials claiming the condition is but temporary.

Between seven and eight million dollars were paid out to depositors during the day.

President Roosevelt in speech at Nashville declares himself in favor of protection of the title and possession of large tracts of land in Hooker and Thomas counties within the U. B. L. ranch, of which Ware was the principal owner and president, and also for perjury and subornation of perjury in procuring false and fraudulent entries under the Kinkaid law by old soldiers from the Grand Island now pending.

Trust conference convenes at Chicago and addresses are made by leading men on the control of the large corporations.

Secretary Cortelyou will leave Washington for New York. He is believed to be ready to deposit six millions of government money in New York when the security is forthcoming.

Farmers' congress at Oklahoma City has concluded its work.

Jury to try General T. L. Ford has been completed at San Francisco.

Comptroller Hedges declares the national banks of the United States are in strong condition and that the present is a time for coolness and prudence and no alarm.

London financial market much excited over the news from America.

Republican state committee makes hurried appointment for campaign speeches.

Commandant Presson of Milford home reviews ruling in soldiers' pension case.

Congressman E. M. Pollard speaks at McCook, criticizing the position taken in the campaign by G. W. Berges.

OXFORD MEN ARE REBUILDING

Loss by Fire Will Result in Erection of New and Modern Buildings.

OXFORD, Neb., Oct. 22.—(Special.)—The losses on account of the late fire having been adjusted, practically all property owners directly interested are planning to rebuild as soon as possible, and it is estimated that the next few months, coming at this late season, it may not be practicable for the large Cupton block of 100 feet frontage to be completed this fall, yet there is a probability that building operations may be begun on it shortly.

Today G. A. Ayer commenced removing the debris for a new market, to be the exact counterpart of the one destroyed.

At the same time Quiggle & Peterson began excavating for a store room, 3,000 sq. ft. to be devoted to the exclusive grocery trade.

Laborers are also making ready for the rebuilding of Fuller's extensive coal yard. It is understood that work on Hooper's drug store and Dawley's barber shop will be under way in a few days.

All buildings are required by city ordinance to be of brick or stone construction.

S. S. Leonard is now finishing a new blacksmith shop, but in another part of town.

Fortunately, none was obliged to suspend, even temporarily, with the exception of the E. P. Reichardt company, and they only used a new house is provided. Druggist Hooper has secured quarters in the Pick block. P. M. Gupton took possession of his vacant building across the street.

Ayer purchased the most modern of J. C. Philby, Dr. Cone moved back into his old suite of rooms over the First National bank, while Dawley & Adams, barbers, set up their chairs in Perry Baldwin's place of business. Although the fire was a heavy financial loss, neither Oxford's credit or prestige has been impaired.

TAFT RUSHES THROUGH WORK

Secretary of War Interviewed by Many Interests While at Manila.

MANILA, Oct. 22.—Secretary Taft ended a day of hard work in the transaction of official business with an important conference with President Osmeña of the Philippine assembly. They discussed the attitude of the secretary, which the secretary said was satisfactory.

During the day the secretary attended a session of the Philippine Commerce commission, the governor general being present, at which a hearing was given to representative of railroad contractors, who are dissatisfied with the strict auditing of their accounts.

Secretary Taft will go to Subig on an inspection tour, returning here Thursday.

HYMENEAL

Underwood-Boyd.

AMES, Ia., Oct. 22.—(Special.)—Another student marriage at Ames stirred social circles here today. Jean Underwood, a sophomore student in the veterinary course, and the youngest son of one of the leading lawyers in the town, was married at noon yesterday by Dr. O. H. Claus, the college chaplain. To Nellie Boyd, whose parents live adjacent to the college. Only two weeks ago a similar marriage took place here.

INTEREST IN CASE OF WARE

Many Friends of Episcopal Clergyman Believed Him Innocent.

REV. G. A. BEECHER ONE OF THESE

Dean of Trinity Cathedral So Thoroughly Convinced of Man's Innocence as to Offer to Serve Sentence for Him.

The action of the United States supreme court in refusing to grant a rehearing of the case against Rev. George G. Ware on a writ of habeas corpus in the federal circuit court of appeals of the Eighth district, has revived local interest in a case that attracted more attention than any of the large number of prosecutions which dragged their length through the federal courts in Omaha within the last few weeks.

Ware, Rev. Mr. Ware had friends in Omaha who believed in his innocence, as strong as the evidence was against him and they were hoping to the last for favorable action by the highest tribunal in the land. They must now resign themselves to the inevitable of seeing their friend pay a fine of \$100,000 and serving one year in the national penitentiary.

When Rev. Mr. Ware was sentenced by the court in Omaha so thoroughly did Rev. G. A. Beecher, dean of Trinity Cathedral, believe in his innocence that he arose in the court room and actually begged to be allowed to go to jail and serve out the year's sentence in this, his brother in the faith. But the court could not entertain his offer.

HISTORY OF THE CASE.

Rev. George G. Ware, a minister of the Episcopal church, was indicted jointly with Frank W. Lambert and Harry Welch on November 23, 1906, by the federal grand jury for the district of Nebraska for conspiracy to defraud the United States out of use, title and possession of large tracts of land in Hooker and Thomas counties within the U. B. L. ranch, of which Ware was the principal owner and president, and also for perjury and subornation of perjury in procuring false and fraudulent entries under the Kinkaid law by old soldiers from the Grand Island now pending.

The intention that these entries should revert to the interest of the U. B. L. Land and Cattle company.

An incident of the procurement of the indictment was that the foreman of the grand jury that brought the indictment was subsequently indicted by another grand jury on the charge of attempting to influence the Ware grand jury to return "no bill" against Ware, by furnishing the jurors with free transportation to and from their homes, and also for furnishing some of the jurors with trip passes to Colorado. However, on trial of the case against the foreman of the jury he was acquitted.

Resignation of the Trial.

The trial of Rev. Mr. Ware began in the United States district court, February 19, 1907, and continued for fourteen days, resulting in the conviction of Ware, and he at once filed a motion for a new trial, which was denied, and Ware was sentenced to pay a fine of \$100,000 and to one year's imprisonment in the Douglas county jail.

Ware at once appealed to the United States circuit court of appeals, which was denied by that court and the case was finally carried to the United States supreme court, with the result of the affirmation of the judgment of the lower courts and the sentence imposed by Judge W. H. Munger, before whom the case was tried.

In the meanwhile Ware resigned from the ministry, giving up his charge of the Episcopal church at Deadwood, S. D.

It probably will be several weeks before Mr. Ware will appear at Omaha to enter upon his sentence, but he will have to be certified down from the United States supreme court to the circuit court of appeals and the clerk of that court will have to certify the case down to the Nebraska United States district court with the necessary mandate directing Ware to appear at Omaha to enter upon his sentence.

At Home Near Muller.

Mr. Ware is at present at his home near Muller, Neb., where he has been engaged in ranching since his trial.

Of his alleged co-conspirators included in the same general indictment Harry Welch entered a plea of guilty and was sentenced to pay a nominal fine and to six months' imprisonment in the Douglas county jail, which sentence now has been served.

Frank Lambert also entered a plea of guilty, but never has been sentenced. He is now out on \$5,000 bonds and is at present living somewhere in Oregon.

Sentence has not been passed upon Lambert for the reason that he is under subpoena as a witness in other cases now pending in the United States courts for the Nebraska district and as a prisoner under sentence his testimony would not be admissible.

COMET APPROACHING EARTH

California Astronomers Put in Time Figuring Distance of Planetary Body.

BERKELEY, Cal., Oct. 22.—University astronomers are interested in the new comet discovered by an astronomer named Mellish of Wisconsin. Prof. Leuschner, director of the department of astronomy of the University of California, with a corps of assistants, has been figuring the orbit of the new heavenly bodies. Announcement is made that the new comet is already approaching the earth. There is no danger, however, that it will strike this planet, as its nearest approach will be more than 25,000,000 miles, or 150 times the distance between the earth and the moon.

FORD JURY NOW COMPLETED

Men Necessary to Try Former Attorney General Secured at San Francisco.

SAN FRANCISCO, Oct. 22.—The jury to try former Attorney General Trey L. Ford, chief counsel of the United Railroads, accused of bribing Supervisor Jennings J. Phillips in the sum of \$4,000 to vote for the trolley franchise, was completed shortly before noon today.

The prosecution exhausted all its five peremptory challenges in the selection of the jury. The defense used only five of its ten.

WILL APPEAL TO PRESIDENT

Clergymen of Philadelphia Take Against Sunday Base Ball at League Island.

PHILADELPHIA, Oct. 22.—Clergymen of this city have entered a vigorous campaign to stop Sunday base ball at League Island. Having found that the protests to the commandant are unavailing they have decided to petition President Roosevelt to prohibit a sport which, the minister says, is harmful to the city.

You, Mr. Voter

Are You Registered? If Not, Register Saturday, Oct. 26.

M'CORMICKS IN THE JUNGLE

Grandson of Joe Medill and Daughter of Mark Hanna to Do Settlement Work.

CHICAGO, Oct. 22.—The Record-Herald tomorrow will say: "Weary of the monotony of life in a mansion on the Lake Shore drive and in a palatial summer home in Lake Forest, Mr. and Mrs. Joseph Medill McCormick are about to take up their residence in the University of Chicago settlement house at 515 Dearborn street, Chicago, Ill."

Mr. McCormick, who was Miss Ruth Hanna's daughter, the late Senator Hanna, is said to be enthusiastic over ideas of helping the working classes. Mr. McCormick believes the environment in which he has lived has had a tendency to narrow his vision of the world, and that the "jungle" and its surroundings offer him a better field for observation of the struggle for existence.

The rules of the settlement require each resident to engage in some useful work, so Mr. and Mrs. McCormick will have their share to do. Mr. McCormick's friends deny that he has socialistic leanings. Mrs. McCormick, as one of the heirs of Mark Hanna, inherits several millions. They expect to take up their new residence in the settlement this week.

BUTLER SAYS LAW IS STRICT

President of Columbia University Comments on Sherman Anti-Trust Law.

CHICAGO, Oct. 22.—That the Sherman anti-trust law committed the nation to a policy which is too extreme and that the time may have come when the act should be amended in a way to relieve some of the limitation upon business activity which this act imposes, was suggested by President Nicholas Murray Butler of Columbia university in an address welcoming the delegates to the conference on trusts and combinations today. He said that the purpose of such an amendment would not be to relieve the corporations as a class, but to relieve the people themselves. He suggested that it might be possible for the people to act for themselves in the benefits which come from co-operative activity, as manifested in corporations, without in any way lessening the protection which all desire against the abuse of power which has followed upon the creation of great corporations and upon agreements between them in restraint of trade.

ARSON CASE IS INTERESTING

Witness at Webster City Trial of Mackova Implies Other Than Defendant.

WEBSTER CITY, Ia., Oct. 22.—(Special Telegram.)—Another sensation was sprung in the Mackova arson case this morning, when H. L. Maxon, night watchman, swore that on the night of the fire, while the blaze was at its height, Harry Copperton and Frank Tyo, under foreman of the plant, and close friends of Mackova came to him and told him if he knew anything to keep his mouth shut. "Coppern and Tyo," said Maxon, "were both men of wealth as such. Those gentlemen are blind if they see the facts in that light. I will protect every way in my power honest property. I will protect the honest man to the extent of my ability, and in no way can I materially aid in the making of wealth as by doing all in my power to bring to justice his brother who dishonestly gained wealth. Our whole movement is simply and solely to make the decalogue and the golden rule of some practical moment in the business life of the community." (Great applause and cheers.)

At the Hermitage the president spoke briefly in eulogy of Andrew Jackson. Shortly afterward he departed for Chattanooga.

CUSTER FIGHT STAYS COURT

Attorney Making School House Campaign and Case is Delayed.

The wheels of the United States federal court were changed somewhat from the regular program to permit one of the attorneys in one of the land cases to continue his school campaign in Custer county against the division of that county into four counties. Judge H. M. Sullivan, ex-district judge at Broken Bow, one of the attorneys for Rieuben W. Mahaffy and A. F. Hatch, who are soon to come on for trial on the charge of conspiracy to defraud the government out of some of its land. The case was to come up this week, following the trial of G. P. H. Babcock, John Agnew and Bert O. H. Furman, Judge Sullivan was notified by a few days ago that the case was to come to trial and as he was in the midst of the campaign against the division of the county he came to Omaha and arranged that the civil docket should be taken up next week that he might continue his work. A case was found ready for trial and everything was arranged to suit all concerned and to keep the jury busy.

FARMERS' CONGRESS ADJOURNS

Colonel Benham Cameron of Stageville, N. C., is Elected President.

OKLAHOMA CITY, Oct. 22.—The Farmers' National congress adjourned today after electing the following officers for the ensuing year: President, Colonel Benham Cameron, Stageville, N. C.; first vice president, Joshua Strange, Marion, Ill.; second vice president, A. L. Strayer, Washington, D. C.; secretary, W. L. Jones, Ogawa, Wis.; executive committee, J. C. Wickey, Olean Springs, Miss. (long term); L. Morrison, Greenville, Pa. (short term).

It was decided to leave the selection of the next meeting place to the executive committee.

FARMERS COMPLETE WORK

Closing Day of Annual Session of National Congress at Oklahoma City.

OKLAHOMA CITY, Oct. 22.—This was the closing day of the annual session of the Farmers' National congress. In the morning E. H. Webster, chief of the dairy division of the Department of Agriculture, urged the importance of dairy farming. It is conceded that Colonel Benham Cameron of Stageville, N. C., will be elected president.

DEATH RECORD

Bert R. Goodell.

CHEYENNE, Wyo., Oct. 22.—(Special.)—Word was received here today of the death in Seattle, Wash., of Bert R. Goodell, an old-time newspaper man of Cheyenne. Mr. Goodell went to Seattle in search of health several months ago. A large number of friends in Cheyenne regret the news of his death.

E. M. Fry.

CRESTON, Ia., Oct. 22.—(Special Telegram.)—E. M. Fry, city attorney of Creston, was found dead in his bed this morning. Death resulted either from heart failure or apoplexy. He had been in his usual health.

PRESIDENT STANDS BY GUNS

Says His Policy Has Been to Punish Dishonesty.

NOT SCARED BY PANIC TALK

Neither Demagogue Nor Reactionary Can Drive Him from His Course—Leaves Nashville for Chattanooga.

NASHVILLE, Oct. 22.—Never before has Nashville been so elaborately decorated as it was today, when welcoming President Roosevelt. Bunting, flags, banners and pictures of the president were on almost every house in the uptown section of the city, which was crowded with people from 100 miles. The special train entered the Union station amid the booming of cannon, chattering of whistles and cheering of thousands. The streets passed by the president were one continuous ovation.

President Roosevelt in a speech at the Audubon hotel, said:

"There has been trouble in the stock market. In the high financial world, during the last few months, the statement has frequently been made that the policies for which I stand are responsible for that trouble. Now, gentlemen, these policies of mine can be summed up, in one sentence. They represent the effort to punish successful dishonesty. I doubt if these policies have had any material effect in bringing about the present trouble, but if they have, it will not alter my determination that the remaining sixteen months of my term these policies shall be persevered in."

"If to arouse that type of civic manhood in our nation it were necessary to suffer any temporary commercial depression, I should consider the cost but small. All we have done has been to unshrink the wrong doing. It was not the fact that it was unscrupulous that did the damage. All I did was to turn on the light. I am responsible for turning on the light, but I am not responsible for what the light showed. It is entirely possible to cut out the cancer without making the patient feel for a few days rather sicker than he felt before. No material well-being can save this nation if it loses the lift towards higher things. I will permit neither the demagogue upon one side nor the reactionist on the other to drive me away from the course or policy which I regard most vital for the well-being of this nation."

Honesty Worthy of Praise.

And the thing most important to remember is that that policy has two sides. It would indeed be an evil day for this nation if ever there should be any temporary which would discriminate against the honest man who achieved business success. There is nothing meaner than hatred of the man who prospers honestly simply because he has prospered, and I challenge anyone to show me any good American who says that the honest trader—the honest banker and the honest business man in the man who makes a fortune because his exceptional business ability enables him to render exceptional service to the community. If ever there should be any temporary which would discriminate against the honest man who achieved business success, there is nothing meaner than hatred of the man who prospers honestly simply because he has prospered, and I challenge anyone to show me any good American who says that the honest trader—the honest banker and the honest business man in the man who makes a fortune because his exceptional business ability enables him to render exceptional service to the community. If ever there should be any temporary which would discriminate against the honest man who achieved business success, there is nothing meaner than hatred of the man who prospers honestly simply because he has prospered, and I challenge anyone to show me any good American who says that the honest trader—the honest banker and the honest business man in the man who makes a fortune because his exceptional business ability enables him to render exceptional service to the community. If ever there should be any temporary which would discriminate against the honest man who achieved business success, there is nothing meaner than hatred of the man who prospers honestly simply because he has prospered, and I challenge anyone to show me any good American who says that the honest trader—the honest banker and the honest business man in the man who makes a fortune because his exceptional business ability enables him to render exceptional service to the community. If ever there should be any temporary which would discriminate against the honest man who achieved business success, there is nothing meaner than hatred of the man who prospers honestly simply because he has prospered, and I challenge anyone to show me any good American who says that the honest trader—the honest banker and the honest business man in the man who makes a fortune because his exceptional business ability enables him to render exceptional service to the community.
