Warner's Rust-Proof

Is not the pictured Corset, with its graceful contour, satisfying to the eye?

In this model the fashionable outline, breadth of bust and shoulder and sturdiness of hip, with a small waist measurement, fashion's latest decree, is emphasized. The design has attached hose supporters, made of best quality webbing and, tipped with the "Security" Rubber Button Clasp at the proper points for correctly and comfortably shaping front and sides.

No. 196—Sateen, prettily trimmed, price \$1.00.

Bed Comforters Filled With Cotton.

It stands to reason that a person making comforters all the year around, with the help of modern machinery and appliances, can produce a better made comforter than the good housewife that makes a comforter only once every other year or so.

All of our comforters are made under the most favorable conditions. Nothing is spared or saved to make the most perfect comforter possible. The cotton is made in one continuous layer, called "laminated." It is absolutely pure, and the wonderful softness, fluffiness of this cotton makes the comforter so warm and so nice to sleep under. The covers are either of silkline, cambric sateen or silk and the harmonious tastefulness that costs no more, but adds so much to the pleasure of having one of these comforters, is never lost sight of. Of course we have all grades, and the prices are \$1.75, \$2.00, \$2.25, \$2.50, \$3.00, \$3.50, \$4.00, \$4.50, \$5.00, \$6.00; all silk, \$15.00 each.

KNICKERBOCKER OUT OF CASH

New York Trust Company Suspends Payment at Noon.

DEPOSITORS SWARM AT DOORS

Many Dramatic Scenes Attend Close of Big Institution—Officers Say Condition is Only Temporary.

NEW YORK, Oct. 22.—The Knickerbocker Trust company, the second largest trust company in New York City, with deposits amounting to about \$20,000,000, closed its doors at 12:30 this afternoon following a steady run of persons who called to withdraw their deposits. The company officials declared that its suspension of payment was only temporary. The closing was attended with sensational scenes at its main banking room and the Harlem branch. Depositors who crowded the rooms clamoring for their money were impatient that they be permitted to withdraw only a few dollars and when this request was refused many refused to leave the building. Police assistance was necessary. At the main office, Fifth avenue and Thirty-fourth street, after the doors were closed the crowd surged its way inward. The police forced them back to the street again, and from that time a guard was kept in front of the entrance. The stock market was very weak and declined sharply in spite of early efforts made to support prices.

Secretary of the Treasury Cortelyou announced that he has ordered the deposit of \$5,000,000 of government funds in this city as soon as satisfactory security for the sum should be received. At 1:10 p. m. call money was lending at 60 per cent. Officers of the Knickerbocker Trust company said that the company had paid out between \$7,000,000 and \$8,000,000 to depositors today.

Wall Street on Anxious Seat.

Bankers, brokers and business men generally came down to Wall street today to prepare for whatever further developments there might be in the financial situation. The feeling of relief and satisfaction with which these men began the transaction of business yesterday was succeeded by considerable nervousness today as a result of the developments concerning the Knickerbocker Trust company. The news printed today that the National Bank of Commerce yesterday gave notice that it would decline any longer to act as clearing house agent for the Knickerbocker Trust company and the resignation of Charles T. Barney from the presidency of the institution, served to unsettle sentiment more than the Morse-Helms development of last week. The magnitude of business transacted by the Knickerbocker Trust company, with its deposits amounting to more than \$20,000,000, gave a much more serious aspect to the changes made in its management than did the changes in the relatively smaller Morse-Helms concern.

Many Conferences Held.

The announcement of Mr. Barney's resignation was followed by a series of conferences of financial men at Sherry's which lasted until nearly 2 o'clock this morning. Among those present was J. Pierpont Morgan and his partner, George W. Perkins and Charles Steele. Mr. Morgan took a leading part in the discussion. Three separate meetings were held, one of the directors of the Knickerbocker Trust company, a second of the Trust Companies association, and a third of bankers and business men generally, to consider what was best to be done. While the meeting was in progress the following statement was given out by a committee of the directors of the Knickerbocker Trust company:

In view of the fact that Mr. Barney's financial interests had come greatly extended, and in view of the fact that the directors of the Knickerbocker Trust company, in view of the fact that Mr. Barney's resignation, although he had no loans with the Knickerbocker Trust company, he has resigned as a director. He will also resign as a director of the National Bank of Commerce, which was the clearing house agent of the Knickerbocker Trust company. In view of the fact that the Knickerbocker Trust company will hereafter clear by itself, it was deemed advisable to obtain a guarantee of the cash which should be needed. These guarantees have been used and the requirements which may grow out of the changes of methods of the clearing house. The Knickerbocker Trust company's president was largely for the purpose of outlining a plan for a clearing house of trust companies and a clearing house of banks. This will enable all trust companies to stand together.

London Quotations Down.

The news of the London quotations on American shares were anxiously awaited. When received they showed sharp declines from yesterday's New York prices. London quotations on American shares showed the following declines: At 1 p. m. J. P. Morgan & Co. 2 1/2; American Bond 1 1/2; Atchafalaya 1 1/2; Baltimore & Ohio 1 1/2; St. Paul 2 1/2; Southern Pacific 2 1/2; United States Steel 1 1/2. There was a run of depositors to withdraw money at the main office of the Knickerbocker Trust company, which it opened for business this morning. The clearing house of the Knickerbocker Trust company at 90 Broadway and in front of the Knickerbocker Trust company, which it opened for business this morning. The clearing house of the Knickerbocker Trust company at 90 Broadway and in front of the Knickerbocker Trust company, which it opened for business this morning.

NO FLURRY AT SAN FRANCISCO

Banking and Financial Conditions There Are Excellent. SAN FRANCISCO, Oct. 22.—Banking and financial conditions in this city are reported as excellent. No flurry has occurred on change and none is expected. The movement of crops is in active progress and as a consequence the volume of money in circulation has been increased by withdrawals from the banks during the last thirty days. The shortage of cash has delayed deliveries and the return of money to the banks therefore will be slow. However, the supply of ready money is ample for all purposes.

Two Separate Entrances Our Chief Aim to Please

The stocking question is a big one when boys and girls are concerned; they must be elastic and strong—they must be very strong. With the most durable stockings on the market our hosiery department has solved the stocking question in many homes. Some big numbers at 25c the pair: "Pony" stockings, heavy weight for boys; medium weight for girls; also a medium fleeced weight, at, pair.....25c

WATERBURY THE GREAT TONIC USE IT FOR HEALTH A well-known family man, prominent in Odd Fellows circle of Denver, Col., writes: "I took Waterbury first two years ago for systematic catarrh from which I had suffered for more than five years, unable to find relief. I could not believe that I was actually getting well, but such proved to be the case. My wife took it for a tonic and found that it not only toned up the system, but cured her of other troubles. We give our little boy for cramps and colds, and find that it is as efficacious for the children as for the older persons. Waterbury is our only medicine. It saves doctor bills and keeps the entire family well. I recommend it as a fine household remedy."

The National Bank of Commerce represented the clearances of the Knickerbocker Trust company. There was a steady flow of depositors to withdraw deposits from the down town office of the Knickerbocker Trust company, and despite the replies, with which claims were paid there were more than 125 persons standing in line at 12:30 o'clock.

After the severe setback at the opening, prices of stocks rallied, this being followed by another break. The second break in turn was succeeded by a good rally, the previous low levels generally were broken there. With this demonstration of the effectiveness of support for the market, a somewhat more tranquil feeling ensued.

Firm Tone Disappears.

At about 1:30 the firm tone in the market disappeared under renewed heavy selling. Union Pacific broke to 112 1/2, a decline of 1/2; Reading fell to 80 1/2, a loss of 1/2, while St. Paul sold at 110, a decline of 1/4 from last night. Northern Pacific sold at 112 1/2, a decline of 1/4 from last night. At 12:35 the stock market was in another violent slump, Union Pacific selling at 110, a loss of 1/2; Reading at 78 1/2, a loss of 1/2; St. Paul at 107, a loss of 1/4 point. At that hour call money was 50 per cent.

Mayer & Co's Suspend.

NEW YORK, Oct. 22.—The failure of Mayer & Co. was announced on the Stock exchange at 2:30 this afternoon. It is not an important firm.

FAITH IN BANKS IS EXPRESSED

Comptroller of New York State Not Alarmed at Situation. NEW YORK, Oct. 22.—New York city officials are all right. If there was any danger it has passed and other state officials said that they were confident that the public money was in the hands of the Knickerbocker Trust company.

This statement was made by Martin H. Glynn, comptroller of the state, concerning the local financial situation. "The situation is improving every day," he said.

The comptroller, immediately on hearing the first rumors that the New York clearing house had failed, it was necessary to take the necessary steps to put themselves in sounder condition. It became our duty to co-operate with its committee and we have done so with the best results. Our responsibility was great, but the public interest in the money on hand was good. Counting the general fund, the canal fund, that of the inheritance tax, the forest preserve money, and the smaller sums, we have in charge as officials about \$15,000,000 deposited in state depositories all over the state, about \$9,000,000 being in institutions in New York city.

"It is true the state is safeguarded by surety companies, which bond all state depositories far beyond the amount of the state money deposited with them, so the danger of loss of public money through bank troubles is not very great."

He stated that the officials who did the clearing house work, which might withdraw any of the state funds from the city, but it is said there was some shifting of deposits by unanimous agreement after the first day's report by the bank examiners. This also was done with the approval of the members of the clearing house committee.

KNICKERBOCKER OFFICIAL TALKS

Attributes Present Financial Trouble to Act of One Man. NEW YORK, Oct. 22.—State Banking Superintendent Skinner and Bank Examiner Hutchins left the Knickerbocker office at 2:30. Asked regarding the Knickerbocker situation, Mr. Skinner said: "As I understand it, everything depends upon the clearing of other financial interests today. The Knickerbocker Trust company could not liquidate its assets in one day and could not continue liquidation without the assistance of outside organizations." Mr. Hutchins said: "The Knickerbocker Trust company was closed, William Turnbull, the fourth vice president, said: "All the disturbances in the money market have been caused by one man, who in the last six months in public and private speeches has been gradually undermining the credit system of the country. Last night this company had assets way in excess of its liabilities, and in one night the confidence of the public and the credit were destroyed. This was brought about by the act of one man, who knew nothing whatever of the credit system."

CHICAGO WHEAT MARKET WEAK

Prices Down Nearly Two Cents Below Monday's Dealings. CHICAGO, Oct. 22.—The wheat market opened very weak, with prices down nearly two cents below Monday's dealings.

LONDON MARKET GETS EXCITED

Sensational Reports from New York Stir Up Dealers. LONDON, Oct. 22.—The cable dispatches from New York regarding changes in the management of the Knickerbocker Trust company and the receipts of heavy selling orders from New York caused marked uneasiness on the stock exchange today.

A brain regularly nourished by proper food will have incentive and power for successful work. Grape-Nuts is a true brain and nerve food. Made of whole wheat and barley, it contains the elements of vital energy—quickly absorbed by the system—which nourish and rebuild the grey matter of brain and nerve centers.
