LIVELY TIMES IN COUNCIL

Water Works Question Stirs Up the First Bad Blood.

NOTHING ACCOMPLISHED IN END

Relaying of Broadway Paving Brings Out Some Sarcasmic Remarks from Mayor Macrae—Nicholson Gets Salary.

While a casual observer might have thought he was attending a one-act farce, which threatened repeatedly to turn into a prize ring, the session of Council Bluffs in reality held an alleged council meeting Monday, with the water question as the central theme.

As a curtain-raiser, the resolution of the West End Improvement club, asking that the water company be compelled to pay rental for the streets, was read. After this matter had been referred to the committee of the whole, with one or two gentlemen emphasizing the "hole," Alderman Maloney's franchise resolution was introduced.

Three new cases of diphtheria were quarantined Monday, two boys and one girl. Windell School, aged 9 years, of 121 Fairmount avenue, has been ill since October 25. Cecil Lavenburg, aged 6 years, of 1018 Avenue A, has been ill since October 19. Loren Kluge, aged 11 years, of 727 Seventh avenue, has been ill since October 17. This makes eleven cases of diphtheria which have been quarantined since the first of October.

It will be a pleasure for us to know that you have suited you with glasses. Your pleasure comes with the wearing. Dr. W. W. Magarrell, Optometrist, 10 Pearl Street.

DAY AND NIGHT SCHOOL, WESTERN IOWA COLLEGE.

Report on Ditch Work.

The report of Engineer Seth Dean was the main feature of the meeting of the Board of Supervisors of Harrison and Pottawattamie counties, which was held at the Council Bluffs court house Monday.

Work on the Allen creek ditch is practically completed, and will be entirely finished before the next meeting of the board. In view of this the board decided to meet as a committee of the whole at Missouri Valley on October 23. The completed project will then be formally inspected with a view of acceptance.

In connection with this work Mr. Dean states that lands for a distance of a mile north of the ditch, which were taxed for the project, are not properly drained, and urges that an inspection be made on the Missouri Valley trip and the proper improvements ordered.

The recent ideal weather has permitted road progress on the Boyer river ditch work. Since the first of the month 65,525 cubic yards of earth have been removed, at a cost of \$7,700.49. Twenty per cent of this amount was withheld, \$5,440.32 being allowed the contractor.

The committee appointed to investigate the W. A. Smith claim was not ready to report and action was delayed.

White Man Marries Colored Woman.

Miss Manda Roundtree, 48 years of age, of Lincoln, Neb., colored, married Harry Austin, a 46-year-old white man, up to the clerk's office in the Council Bluffs court house just at 5 o'clock, and announced they wanted to be joined. Making a good guess at what they were after, the clerk dug up the marriage license book, and made out the necessary papers. As she couldn't write, the clerk obligingly signed her name for her. Miss Manda was quite disappointed when she got through, and in reply to the question, "Is a man and wife?" found there were several things yet to be done. To get it quickly over and done, the janitor phoned for Rev. Henry DeLong to come up and put on the trimmings.

Matron for Police Station.

The appointment of Mrs. Caroline Johnson as matron at the police station, and the appointment was approved.

After hot opposition, led by Alderman Maloney, the bill of Hollenbeck Brothers for \$5 for the moving and erection of the new fountain was rejected as exorbitant. The bill had been O. K'd by City Engineer Elmer and Alderman Wallace, chairman of the committee.

The bill of \$50 for the salary of Fire Chief Nicholson held up till the outcome of the suit instituted by Former Fire Chief Jones' was allowed. This is for part of June and for July, August and September.

With but little discussion, the report of the committee regarding the compilation and printing of the city ordinances was concurred in and the bill of \$800 ordered paid.

The council will meet as a committee of the whole at 2 o'clock this afternoon, and investigate Graham avenue, preliminary to paving. A number of assessment protests will be looked into at the same time.

Adjournment was finally taken until the first Monday in the month.

BEFORE ORDERING FUNERAL CARRIAGES CALL, BOTH 'PHONES GRAND LIVERY.

DR. J. W. TERRY, AN OPTICIAN OF ABILITY AND EXPERIENCE, AT LEFFERTS, CAREFUL OPTICIAN, 409 BROADWAY.

Real Estate Transfers.

The following transfers were reported to The Bee October 21 by the Pottawattamie County Realty company of Council Bluffs: Bert E. Nash and wife to Fred C. Holsie, 24-78-41, w. d., \$13,669. Fred W. Nash and wife to A. J. Nash, 24-78-41, w. d., \$12,000. J. W. Squires and wife to Caroline Kretschmer, lot 1, Squires' subdiv. of 21/2 lot of outlot 5, Jackson, 24-78-41, w. d., 2,500. William C. Droge and Henry Droge to R. M. Adams, lot 9, block 22, Bennett's 2d, block 1, 1,200. Dora A. Burns and husband to E. F. Benton, lot 1, block 1, Big Grove, Oakland, Ia., w. d., 787. C. A. Sample and wife to Maggie G. Hurst, add. to town of Oakland, 24-78-41, w. d., 725. Bertie W. Bowman and husband to C. A. Sample, 1/2 lot 4 and lot 4, block 4, Hurst's add. to town of Oakland, 24-78-41, w. d., 400. J. F. Hughes and wife to Gilbert F. Hughes, lot 14, block 37, Central subdiv., w. d., 1. Eight transfers, total, \$31,233.

The Death Record.

Mrs. Francis J. Erray, aged 23 years, died at 4:30 Monday morning at her home, 317 South Tenth street. The funeral will be held Wednesday afternoon at 4 o'clock from the First Baptist church. Rev. Frank Case will be in charge. Interment will be at St. Joseph's, Mo., whence Mrs. Erray came last July. She was a member of the Baptist church and of the Ladies of the Macabees of the World. She is survived by her husband, J. Louis Erray, one son, father, mother, three brothers and one sister. James Sullivan, for the last eight months an inmate of St. Bernard's hospital, died

at that institution Monday. Sullivan, who was a member of the Catholic church, was sent to the hospital by the county auditor of Harrison county. The body is being held at Culter's. Succumbing to an attack of stomach trouble, Leona Mae Cadwalloper, the 2-year-old daughter of Mr. and Mrs. Edward Cadwalloper, died at 10 o'clock Sunday night at 238 Avenue C. The funeral and interment will be held at Lincoln, Neb., where the body will be taken Tuesday.

District Court Cases.

Alleging that Katherine Fox, 70 years of age, is of unsound mind and incompetent to manage her business, Anna H. Phelps asks that the court appoint her guardian for the woman. Mrs. Phelps states that Mrs. Fox is disposed of \$1,000 of property which is easily worth \$5,000. Allegation is made that Mrs. Bridget Baker of Des Moines, Kan., a sister of Mrs. Fox, who died three months ago, left an estate worth over \$2,000, of which there are but five heirs. Mrs. Phelps alleges that Luke Fegan, a brother, so played upon Mrs. Fox's credulity as to get her to give him her rights for \$1,000.

Alleging that they are unable to secure possession of property to which they are rightful owners, the Union Pacific Railway company has brought suit against Mr. and Mrs. Thomas Shay to have them ejected from the land.

In the suit of the Consolidated Construction company against J. J. Kilgore, constable, and S. M. Johnson and John Sides, his bondsmen, which has been transferred from the superior court on a change of venue, the defendants ask the dismissal of the suit on technical grounds. The construction company asks \$102.50 damages for the alleged failure of Kilgore to serve papers which were given him.

Repaving to Start Soon.

That the street railway company will soon begin work on the Pearl street pavement is indicated by the consultation with the city engineers office, which is being held by the engineers for the company. For nearly the entire length of the street, the paving blocks along the car tracks are sunken considerably below the level of the rail. At a recent council meeting, the company was requested by the council to raise the paving to a proper level. This will probably soon be done.

Marriage Licenses.

Licenses to wed were issued to the following parties yesterday:

- Name and Residence. Age. John Buell, Minden, Ia., 19. Katie Rieber, Minden, Ia., 19. John Shumate, Des Moines, 25. Miss Lois Farris, Fairbury, 21. L. F. Kirkpatrick, Lincoln, 32. Emma McCrystal, Lincoln, 25. William L. Johnson, Plainville, 23. Loretta Wagner, Lincoln, 24. Harry Austin, Lincoln, 48. Amanda Roundtree, Lincoln, 49.

Deputy Marshal on Vacation.

Deputy Marshal Crum is on duty on a ten day vacation, and it is expected he will gratify his love of hunting by taking a trip to some point at least as far distant as Lake Manawa. His place will be temporarily filled by George E. Gillipie, patrolman. Gillipie has been assuming the duties of Andy Lorenzen, patrol driver, who is back after a week's vacation.

POLICE FORCE COMPLIMENTED

Commercial Club Praises Work of Officers During the Ak-Sar-Ben Carnival.

At a meeting of the Board of Fire and Police Commissioners, held Monday night a letter was read from William L. Yetter, chairman of the executive committee of the Commercial club, congratulating and praising the work of the Police Department during the Ak-Sar-Ben carnival.

The first application received by the new board for a liquor license for the year 1908 was presented with the list of signers and the requisite check for \$1,500 by John Nittler, 322 South Twenty-fourth street. The application was placed on file.

Charges of tardiness against Pipeman Clyde Smith were dismissed by the board.

The resignations of Louis Doll, Robert Ware and B. F. Harro, firemen, were read and accepted. William Ripley was placed on the reserve list of the fire department. A few more good men are asked for for service in the fire department and all desiring to join the department are requested to present their applications at the next meeting of the board, October 28.

Food Poisons

90 Per Cent of All Diseases are the Result of Indigestible Putrefying Foods.

Men of affairs, women of society and children with active brains, who are sedentary in their habits, giving little time to exercise. To this evil is added that of high and irregular living—as a result, the stomach cannot stand the demands made upon it. The abused and overtaxed stomach does not properly do the work of digestion, food taken in fermentations and the poison permeates the whole system. The body loses in weight and becomes a prey for the attack of whatever disease it may encounter.

Did it ever occur to you how busy that stomach of yours is? It only holds three pints, but in one year you force it to take in 2,400 pounds of material, digest it and prepare it for assimilation into the blood. No wonder it rebels when overworked. We crowd it with steaks and pastry, irritate its juices with spices and acids, and expect the stomach to do its work. It can't do it.

All over the inner layer of the stomach are glands which secrete the juices necessary to digestion. The entrance of food into the stomach is the signal for these glands to do their work. The more food, and the more indigestible, the greater the demand upon them and upon the muscles of the wall adjoining. Think of the tons of high-seasoned game, sweetmeats and appetizers crammed into this little four-ounce mill, and then wonder if you will not get indigestion, nausea or constipated. Don't blame your stomach or curse your fate that you should be born so unfortunate. Blame yourself and apply the remedy.

First, get a small package of Stuart's Dyspepsia Tablets, taking one after each meal and at bed time. They are not a medicine, but a digestive. Your stomach is worn out and needs help, not medicine. Stuart's Dyspepsia Tablets will do the work that the stomach fails to do. There's nothing in it but one grain of Stuart's Dyspepsia Tablets to digest 2,400 grains of ordinary food, so you needn't fear that anything you eat will remain in your stomach undigested. Stuart's Dyspepsia Tablets will rout the poison because they remove the cause—food fermentation. They are nature's own cure for dyspepsia. The heat of trouble dyspepsia is father of cannot be numbered, for a healthy stomach is the source of all health. Seize your opportunity before worse conditions confront you. Send today for a free trial package of Stuart's Dyspepsia Tablets. They will bring your stomach relief. F. A. Stuart Co., 159 State Bldg., Marshall, Mich. The 60 cent size for sale at your druggist's.

MURDER CASE IS REVERSED

Trial Court Held to Be Wrong on Elementary Principles of Law.

CITY CAN LICENSE DOCTORS

Farmers Will Ask Legislative Appropriation to Pay for Stock Killed on Account of Being Diseased.

(From a Staff Correspondent.)

DES MOINES, Oct. 22.—(Special.)—Because the trial of the case in the Apponnoe district court was full of egregious errors the supreme court today reversed the case of the State of Iowa against Homer Rutledge, appellant, appeal from Apponnoe county. Rutledge was indicted for the murder of Oliver Street, a brother-in-law, and was convicted of manslaughter. In the trial of the case in the lower court the defendant was not bound to retreat on his own premises and the supreme court holds that such an instruction is the right of the defendant so long established as to admit of no discussion.

The district court sentenced Rutledge to five years imprisonment. On the trial of the case in the district court it denied him an opportunity to prove that his brother-in-law was a robust man and of a quarrelsome disposition. It denied him an opportunity to prove himself a peaceful and respected citizen and allowed over his objection the wife of Street to testify as to how many children she had and what their ages were. For these and a total of 34 errors the supreme court reverses the case and remands for retrial.

City Can License Doctors.

The supreme court today held in the case of the City of Fairfield against W. E. Shallenberger that a city has a right to license itinerant doctors. In a suit against Shallenberger for practicing medicine without a license, the district court decided that the city ordinance fixing a license fee of \$50 was unconstitutional because the state has a license for itinerants of \$200 which, it is claimed, gives the right to practice anywhere in the state. The supreme court holds that this does not interfere with the right of the city to require another license.

Argue Requisition.

Attorneys for Conley, the man under arrest at Sioux City and wanted in South Dakota for some burglaries, argued the case of his transfer to the state of South Dakota before Governor Cummins this afternoon. Conley is resisting the issuance of a requisition.

Want the State to Pay.

Farmers want the next legislature to vitiate the law to pay for stock killed because of disease by making an appropriation for the purpose. The legislature passed the law some years ago, but has studiously neglected to place any money in the state treasury available for the purpose. Dubuque farmers have recently an lot of stock because bitten by a mad dog.

For Bigger College.

A solution to the question of a Baptist college for Iowa has been suggested in a central board of trustees for all the institutions of the state, mainly the Des Moines college, Central university at Pella and the two academies at Sac City and Orange. It is suggested that the single board of trustees will consolidate on one of the colleges and make the other an academy. This will be brought up at the meeting of the state association this week at Grinnell.

Says Strike Not Settled.

E. M. Hoobin, president of the local machinists' union, today denied the report that the machinists at Grinnell on strike against the Great Western, have returned to work. He stated today that they are still out and have no thought of returning.

To Use State Papers.

The greater Des Moines committee at a meeting today decided to make use of the state papers of Iowa to advertise for workmen and to open a free employment bureau. The committee will maintain the bureau and keep in touch with the needs of the manufacturers and employers of Des Moines and will advertise regularly in the state papers for workmen, holding out the advantages of Des Moines as a center for all kinds of free workmen and will assist them in finding work if they wish to come to the city.

J. C. Cain, the man who shot C. H. Morris and E. C. Johnson at Saylorville, and for several days eluded arrest, but later gave himself up to the officials, was today arraigned before Justice Cope. He pleaded not guilty and was held to await the action of the grand jury. His bond was fixed at \$2,000. He is charged with the shooting as an accident. After the first day he claims that he was hiding in his own home at Saylorville, where the authorities never thought of looking a second time. His wife notified the authorities that Cain was at his home and wished to give him up, but he didn't want to come in for fear of a mob.

BANQUET FOR SECRETARY TAFT

Head of War Department is Guest of Members of Philippine Assembly.

MANILA, Oct. 22.—There was a great demonstration here tonight in honor of Secretary Taft, the occasion being a banquet arranged by a committee composed of members of the Manila assembly. The secretary was cheered for five minutes when introduced by the speaker to A. J. Dier, the only man to whom the Philippines owe more than to the president of the United States, the native islanders being particularly demonstrative. A silver loving cup of native make was presented to the secretary, who in expressing his thanks, said he was gratified when he heard President Taft say that the United States had kept its every promise made to the Philippines in letter and spirit. He urged the importance of education in order to overcome the tendency to blindly follow one man. It was necessary to give all an equal opportunity that the son of the humblest person might aspire to the highest position in the state. He was confident that the assembly would unite with him to procure better conditions. He said it was important to choose the best men as delegates to the national congress. He hoped for the adoption of a tariff as low as possible and a law limiting the exports of sugar and tobacco to the United States. This would do good and would prevent the formation of another Cuba, where the absorption of energy in the production of one commodity means the control of the masses by the few and is not in the interest of the government.

Secretary Taft said he was satisfied with the condition of the Philippines and warned those who may attempt a cleavage of the people now coming together. In conclusion the secretary toasted the prosperity and long life of the islands. At a meeting this morning of the carnival committee, leading business and progressive citizens, Secretary Taft in a speech

Up the Chimney is Where Half Your Fuel Money Goes When the Ordinary Stove is Used

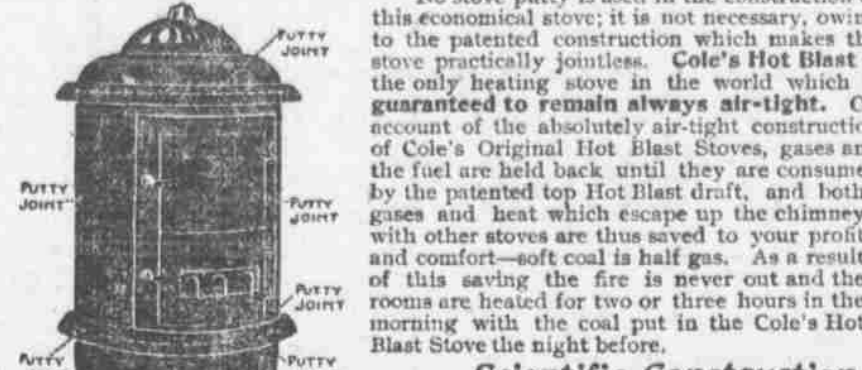

Stove putty is universally used by stove manufacturers for making tight joints in heating stoves. While the stove is brand new the putty does the work asked of it. A hot fire for a few months cracks the putty, it drops out of place, leaving the stove full of air leaking cracks, allowing the gases and the fuel and a big part of the heat generated to be sucked up the chimney and thus wasted.

More than one-half of all the fuel you put into the putty jointed stove is lost in this way. If your old stove eats up more fuel and does not keep fire as well as it did at first, the reason is the stove putty has dropped out of the joints.

Cole's Original Hot Blast

Stove Saves all Fuel and Heat Wasted by Other Heating Stoves

Burns Soft Coal, Hard Coal, Crushed Cokes, Lignite, Slack or Wood.

No stove putty is used in the construction of this economical stove; it is not necessary, owing to the patented construction which makes the stove practically jointless. Cole's Hot Blast is the only heating stove in the world which is guaranteed to remain always air-tight. On account of the absolutely air-tight construction of Cole's Original Hot Blast Stoves, gases and the fuel are held back until they are consumed by the patented top Hot Blast draft, and both gases and heat which escape up the chimney with other stoves are thus saved to your profit and comfort—soft coal is half gas. As a result of this saving the fire is never out and the rooms are heated for two or three hours in the morning with the coal put in the Cole's Hot Blast Stove the night before.

Scientific Construction

Note the straight steel jacket encasing the heavy cast iron fire box inside, and the guaranteed smoke-proof feed door placed at the front of the top in Cole's Hot Blast Stove, shown by cut No. 1, doing away with air-leaking putty joints at top and bottom of fire pot and around the door frame on other stoves as shown by cut No. 2. The water-tight steel bottom and patented compound hinge for ash door, also the patented steel collar for joining the ash door frame to the heavy steel body so that it cannot be loosened by action of the fiercest heat, while of only technical interest, are special features in the Original Hot Blast Stove which combine to make it the most economical heating stove in the world. We are Exclusive Agents—avoid imitations.

Save \$50.00 to \$200.00. You cannot afford to say to yourself, "My old stove or an imitation stove at a little less price will have to do this winter."

Other style stoves and all imitations of this Original Hot Blast are made with stove putty joints, and when you stop to think that \$1.00 saved on the first cost of the stove means the loss of \$50 to \$200 in fuel during the life of the stove, you will readily see the advantage of buying Cole's Original Hot Blast, which holds fire just as well and is just as economical in fuel after years of use as the first day it was put up.

REMEMBER that the words "Cole's Original Hot Blast from Chicago" appear on the feed door of the Original Patented Hot Blast Stove. None genuine without this.

Milton Rogers & Sons Co., 14th and Farnam Sts. Orchard & Wilhelm Garret Co., 414-18 So. 16th St. John Kuesis Mfg. Co., 2407 Cuming St.

The best dealer in every town generally handles Cole's Hot Blast Heaters and Ranges. Write the makers, Cole Manufacturing Co., 3218 S. Western Ave., Chicago, for their valuable booklet on scientific combustion of fuel and telling all about Cole's Hot Blast Heaters and Ranges.
