Run is Started on Trust Company of America---All Other Institutions Are Regarded.

as Safe.

NEW YORK, Oct. 23.-Presidents of New York trust companies at a meeting held at J. Pierpont Morgan's office, and which continued until 5:30 this afternoon, appointed a committee of five presidents of trust companies, similar in character to the clearing house committee of banks, which is empowered to inquire into the conditions and needs of such trust companies as may apply for assistance at subsequent meetings yet in the air and sighted near Asbury of the presidents. Mr. Morgan will actively Park, where the Pommern came down.

NEW YORK, Oct. 23 .- A distinctly more the Treasury department had made deposits of government funds in New York banks. The stock market had been holding better all day than had been expected and the fact that the Trust Company of America had withstood the rush of depositors to withdraw money for four hours without difficulty was an additional encouraging factor. It was also regarded as a good sign that there had been no run on any other financial institution today and that banks generally were transacting business. in a normal manner.

The improvement in the stock market bewithout effect on the stock market quota-

Other Institutions Are Safe. It is agreed by everyone that the condi- court of appeals in January, to which date stringency, tion of the banks is most satisfactory; that the case has been postponed. there is no unusual pressure upon them. The scenes about the various offices of the Knickerbocker Trust com- by the railroads." pany early indicated a line of 350 persons along Thirty-fourth street, when that the efficials had decided to make no payments today. The depositors were reluctant to accept this as official. Upon assurance of this fact, about 100 of the depositors departed, but at least 200 still

walted in the line. There were 400 depositors waiting at the Wall street branch of the Knickerbocker eration was devoted to the consideration and 1,000 speciators when the news came of "Corporation, its Construction and Regthat there would be no payments. Westulation." Edgar Bancroft of Chicago, spoke inghouse declined rapidly, selling down to 41 at 12:10, a decline of 35 points from last New York, "The Trust Problem." Irving night, At midday General Electric sold Fisher, New Haven, "Overcapitalization," at 94%, a decline of \$12 a share from yesterday's closing.

J. Pierpont Morgan has practically assumed command in financial circles in New York today. He is striving to bring order out of chaos and see what can be done to protect the large interests that are now in jeopardy. Up to this time there has been no organization among the trust companies' officers, and Mr. Morgan and James Stillman, of the National City bank, are a receiver may be appointed by the court earnestly engaged in an effort to bring to conduct its business until it is on a about co-operation among these institu- sound basis. Unofficial Measurements Show That German Balloon Wins Prize.

Both Land in New Jersey, Near Asbury Park.

GERMAN TRAVELS 880 MILES

Other Balloons Land in Delaware, Maryland and Virginia.

ENGLISHMAN'S TRIP SHORTEST

Lotus II Comes Down at Memphis, O., Tuesday Evening, 375 Miles From the Starting Point.

SANDY HOOK, N. J., Oct. 28.-Superinendent of Life Saving Science Havens reports that the French balloon, No. 4, anded at Hubertsville, northwest of Point Pleasant, N. J., at 1:15 this afternoon. The

BULLETIN. ST. LOUIS, Oct. 23.-From unofficial measurements the German balloon Pontmern has won the balloon race by a few miles, with the L'Isle de France second. Official measurement of balloon race dis-

vey at Washington. ST. LOUIS, Oct. 13.-Eight of the nine the landing of the ninth, "Isle de France," Ida A. Bougston of Clay county, Ne- plloted by Fred LeHlanc, which at noon Holly, N. J., and moving in the direction

mern landed. The Pommern has covered the longest distance from the starting point-880 miles. With Isle de France presumably still salling at 2:20 p. m., central time, the eight balloons have landed as follows, being named in the order of distance covered

from St. Louis: Pommern (German), landed Asbury Park, N. J., 9 a. m., October 23, 880 miles from

start. Dusseldorf (German), landed near Dover, Del., 9 a. m. October 21, 790 miles. St. Louis (American), landed Westminster. Md., 6:40 a. m. October 28, 720 miles. America (American), landed near Putuxent. Md., S a. m. October 23, 720 miles.

Abereron (German), landed at Managans,

WOMAN'S BODY IN EAST RIVER donte, Ont., 6:35 p. m., October 22, 650 miles. Lotus II (English), landed Memphis, O.,

Great Interest in Ruce. Intense interest prevails here as the end of the big balloon race approaches. News of landing balloons is coming testant heard from. Records for flight distances and for duration are being broken by nearly every balloon in the race. The recvord for the race as sailed from Paris last year was 402 miles. The German balloon Pommern No. 1, which Oscar Erbsidelt morgue with that of her daughter. The J., after covering an air line distance from piloted, landed today at Asbury Park, N. only difference was that when she went St. Louis of nearly 880 miles. The world's record for flight, however, is 1,200 miles, held by Count Henry de La Vaux of France. Count de La Vaux also held the duration record of forty-one hours and forty-five minutes, which is being exceeded by every cup contestant landing today. The Pommern, up to noon, apparently held

> the lead in the cace. The Abercron and Mr. Mickel enjoy the distinction of having been the only ballconist to cross the Alps. The American balloon St. Louis had landed at Westminster, Md., not far from America, with Chandler and McCoy in the basket, is yet to be heard from,

> Ohio, 225 miles away, having descended

because of the illness of Lienutepant Brabason, the aid to Pilot Brewer. The contest for first honors is sure to be close and the official record made by the balloons will not be known until measure-

with great interest. The daring Germans did not descend until confronted by the very shores of the Atlantic ocean. If this condition had not been met it is believed the Pommern might easily have exceeded the 1,200 miles made by Count de La Vaux. James Gordon Bennett Cup. The James Gordon Bennett cup will be

The Pommern's achievement is regarded

swarded to the balloon that has covered the longest distance from St. Louis in a missioner of Indian affairs, spoke briefly straight line, regardless of how long the balleon may have been in the air, or how many miles the recording instrument carried shows to have been actually traveled. For example, a balloon that has traveled 1,000 miles and returns to within 100 miles of St. Louis, would lose the race to a balloon that traveled only 150 miles and landed that distance from St. Louis.

At 10 a. m. a message was received at the Aero club headquarters staring that Allen Hawley and Augustus Post, who sailed in the balloon St. Louis, had landed "t Westminster, Md., at 8:45 this morning. The distance is 750 miles on a direct the landing was made because of the proximity of the Atlantic ocean, toward which

BALTIMORE, Oct. 23.-The St. Louis could have remained in the air much longer, but the atmosphere was very hary and the pilot and his aid, being in doubt as to their whereabouts and fearing that they were approaching the ocean, decided to de The landing was made without difficulty and the balloon is intact. Westminster is wenty-eight miles northwest in an air

DOVICE, Det., Oct. 23 .- The German baloon Dusselderf landed three miles from this city this morning.

Three Seen at Philadelphia. PHILADELPHIA, Oct. 28 .- Reports from various sources indicate that three of the
