LIQUIDATION STILL IN PROGRESS

Cables Come Stronger, but Have Little Effect, as Export Bus-Ineas is Practically at m Standstill.

OMAHA, Nov. 2, 1907.

With an almost listless Saturday market, the bears had the upper hand and lowered prices steadily.

Liquidation has been in progress and has not yet run its course.

Cables come some stronger, but they had little effect, as export husiness has come bractically to a standstill.

Wheat opened well on cable and local buils buying a little. The pit crowd was bearish, however, and began pounding the market with success. December wheat opened at 55% and closed at 57%.

Corn was practically lifeless, with no cash business and no domand. Heceipts have shut off as far as possible and country shipping is at a standstall.

December corn closed at 52c.

Oats were fairly active and opened a shade stronger on purchases of future options. The market stands very little selling and worked off some toward the close.

December oats opened at 47% and closed at 55%.

Primary wheat receipts were 50,000 bu.

nary wheat receipts were 750,000 bu and shipments were \$34,000 bu. against receipts last year of \$21,000 bu. and shipments of \$27,000 bu. Corn receipts were \$19,000 bu. and shipments were \$44,000 bu. against receipts last year of \$72,000 bu. and shipments of \$54,000 bu. and shipments of \$55,000 bu.

Clearances were 25,550 bushels of corn. 15,150 bushels of cats, and wheat and flour equal to 265,000 bushels.

Liverpool closed \$5504d higher on wheat and \$50%d higher on corn.

Seaboard reported 40,000 bushels of wheat and 40,000 bushels of corn for export. Local range of options:

Depression Early in Session is Followed by Rally Wear Close.

BANK STATEMENT COMES LATE

It Does Not Appear in Time to Influence Trading-Loan Expansion of Sixty Mil-Hone.

NEW YORK, Nov. 2.—The abstract of the statement of averages made by the banks to the clearing house was recorded on the tape today after all transactions at the Stock exchange had been completed. Prices had been depressed early in the day to a slight extent, but had rallied with a show of considerable strength in the latter part of the session. It is not unusual for early estimates on Baturday regarding the character of the bank statement to have a striking effect, but no such estimates were circulated in the usual channels today. Operations at the Stock exchange were concluded in ignorance of the conditions disclosed by the bank statement.

Cattle of All Kinds Close the Week About Steady.

HOGS CONTINUE TRAVELING UP

The demand might be. The demand, while contracted, has been fair all the week started out with a good stiff advance over the close of the previous week. On Tuesday a part of the advance was lost, but from that day on until the close of the week the market is 200306 higher than the close of the previous week or 200 higher than the low point of the year to date touched on Friday, October 28.

No. At the Pr. No. 48, 50, Pr.

There was not the slightest disposition to anticipate wants, nearly all of them adopting the hand to mouth policy in the matter of buying. During the early part of the week prices declined, but the market has steadled down toward the close so that the week ended with a little better feeling prevalent on killers than earlier in the week. Still prices are 25c to see lower than last week taking the market as a whole. While the feeling is now better, as noted above, it must be understood that the demand is still rather limited and no great number of killers is wanted at any point, although a few sell quite readily.

The feeder trade all this weeke was of a disappointing and unsatisfactory character,

although a few sell quite readily.

The feeder trade all this week was of a disappointing and unastisfactory character, but no more so than was to be expected under existing conditions. The uncertainty on the part of both buyers and sellers resuming the action of banks in paying for stuff naturally discouraged trade. Prices during the early part of the week declined on the general run of feeders \$50000, although light tambs held pretty nearly, steady. The feeling that prices were very low and that feeding sheep and lambs of all kinds were worth the money naturally stimulated the demand to some extent and there was considerable buying on the part of those who had the money where it was immediately available. The talk the latter part of the week among operators on the market was that while big runs might bring about a temporary break it looked very much lower.

LEGAL NOTICE

NOTICE OF SCHOOL DISTRICT ELECTION.

Proclamation and notice to the qualified electors and legal voters of the school district of Omaha, in the county of Douglas, in the state of Nebraska, of a general election, to be held in said school district on Tuesday, the 5th day of November, 1907, for the purpose of electing five members of the Board of Education of said school district, to serve on said board from and including the first Monday in January, 1908, until the first Monday in January, 1911; also solice of the submission to the qualified electors and legal voters of said district of a proposition authorising the Board of Education of said school district to issue bonds in the sum of five hundred thousand (\$600,000) dollars, for the purpose of erecting school sites.

To the qualified electors and legal voters of the school district of Omaha, in the country of Douglas to the state of Ne NOTICE OF SCHOOL DISTRICT ELEC-

of erecting school buildings and the parchase of school sites.

To the qualified electors and legal voters of the school district of Omaha, in the county of Douglas, in the state of Nebraska, I, George D. Rice, president of the Board of Education of the school district of Omaha, in the county of Douglas, in the state of Nebraska, do issue this, my proclamation, and by virtue of the authority vested in me as such president, do hereby give public notice to the qualified electors and legal voters of the school district of Omaha, in the county of Douglas, in the state of Nebraska, on Tuesday, the 5th of November, 1997, for the purpose of electing five members of the Board of Education of said school district, to serva on said board from and including the first Monday in January, 1998, until the first Monday in January, 1998, until the Brat Monday in January, 1991.

1. George D.
