WALKER'S MURDERERS HELD

Maps, Diagrams and Evidence He Collected of Land Frauds Have Disappeared. DENVER, Colo., Nov. 5.—Joseph Vandewilde, who shot and killed United States Forest Agent Joseph A. Walker at Durango, Colo., yesterday, and William Mason, superintendent of the Hesperus coal mine, were shot jointly at Durango today on information sworn to by E. J. Bronnau, also a federal agent. A postmortem examination of Walker's body, conducted this evening by the coroner, disclosed that six shots had entered his body, one penetrating the left wrist, two entering the neck, one of them severing the jugular vein and three others entering the left side of Walker's back. It is alleged by Walker's brother officers that it was impossible for him to have been firing at Mason and Vandewilde when the latter shot him, as is maintained, for to do so he must have been facing the men and would have received the discharge from Vandewilde's shotgun in the face. A new trial is given the case by the discovery that a number of maps, plates and diagrams of the Durango coal field, as well as statements of persons and Walker's own memoranda concerning the results of his ten months' work gathering evidence in that country to be used in the land fraud cases was missing. Walker is known to have carried this mass of documentary matter on his person at all times. It is said, and with his death it has entirely disappeared. It is admitted that the government will be considerably handicapped, if not entirely defeated, by this loss, and the hint is thrown out that this may have

MISSOURI OFFICIAL FINED

Prosecutor of Dent County Found Guilty of Violating Federal Law. ST. LOUIS, Mo., Nov. 5.—Two fines of \$25 each were imposed today in federal court on John M. Stephens, recently elected prosecuting attorney of Dent county, Missouri, and prominent politician there, for taking fraudulent affidavits regarding government homestead lands in Reynolds county, Missouri. The affidavits were made before Stevens became prosecuting attorney and were made before him as a notary public. In a statement to United States District Judge Dyer he said that he had not shared the profits from the fraud and had no knowledge that the statements were untrue and that he erred through lack of caution. He was once arrested at arms of the state senate.

South Aetean Champion Throws

TACOMA, Wash., Nov. 5.—Dr. B. F. Roller of Seattle threw Rharkey McLaglen, the South African champion, twice last night in forty-two minutes of the fiercest and cleanest wrestling ever seen in Tacoma. The first fall came after a fifteen-minute struggle and resulted from a scissor hold with the legs about the neck and a body hold. Dr. Roller used a toe hold to throw McLaglen the second time. This bout lasted 2 1/2 minutes. McLaglen used great strength, but little science.

Brookings Defeated Huron

HURON, S. D., Nov. 5.—(Special)—A game of football between Brookings and Huron High school teams Saturday resulted in a victory of 20 to 4 in favor of Brookings. A large crowd witnessed the contest.

TIMBER IS NEARLY GONE

Forester Pinchot Says Supply Will Be Exhausted in Twenty Years. IMMEDIATE ACTION IMPERATIVE. He Says Welfare of Country Demands that Waste Be Stopped and Steps Taken to Increase the Supply.

WASHINGTON, Nov. 5.—"In twenty years the timber supply in the United States, on government reserves and private holdings, at the present rate of cutting, will be exhausted, although it is possible that the present rate of cutting might extend the arrival of this time another five years." This announcement was made today by Gifford Pinchot, the government forester, who has just returned from a six months' inspection trip, in which he traveled 10,000 miles. In sounding his warning, Mr. Pinchot declared that the danger of the situation should not be underestimated. He said that the United States uses more timber per capita than any other country, and that every man, woman and child would be affected. He decried the policy of discounting the future of the country by failure to protect the natural resources, and he advised every one who has not already done so to read President Roosevelt's speech at Memphis on this general subject.

About one-fifth of the forest area of the country is in government reserves, but Mr. Pinchot called attention to the fact that as privately owned timber lands are better than the government reserves, as a general rule, the government does not control one-fifth of the timber supply. The forest service will ask congress for more money and more men in order to extend the service, and will push the work of reforesting the denuded timber lands. Mr. Pinchot says, however, that it is utterly beyond the possibility of the service to meet the situation and prevent serious trouble. One hope entertained is the Appalachian forest, and an effort will be made to protect this and promote the growth there.

Watching California Scheme

A scheme advocated by the state forester of California is being watched with a great deal of interest. Under the police powers of the state the forester is endeavoring to protect the watersheds and prevent private owners from devastating these lands in such a manner as will injure irrigation of lands below. If this plan works well, the government forester believes it will be taken up in other states and the general authorities will be aided greatly by their co-operation. In speaking of the protection of the natural resources, Mr. Pinchot said that there is a changing sentiment throughout the country and that the people are beginning to see that the right to use such resources does not carry with it the right to destroy them. The forest service will make additional efforts to educate the people along this line.

Functions at White House

The program for receptions and dinners at the White House on the occasion of the New Year's reception to be held on Thursday, as follows: Cabinet dinner, December 15; New Year's reception, January 1; diplomatic dinner, January 3; judicial reception, January 23; supreme court dinner, January 29; congratulatory reception, February 6; army and navy reception, February 20.

Gopher Bankers See President

Senator Nelson of Minnesota arrived here today with a delegation of bankers from St. Paul and Minneapolis and had an audience with President Roosevelt late tonight. Those accompanying Senator Nelson were: J. W. Lusk, C. W. Jeffrey, J. W. Decker, J. W. Harrington. Though Senator Nelson refuses to discuss the object of the conference, it is understood to relate to the financial situation in the northwest. Tonight the delegation had another conference with the president, at which Secretary Cortelyou was present. Measures for the relief of the grain men of the northwest were talked over, and it was authoritatively announced by Secretary Cortelyou tonight that he had agreed to extend help and to do everything else possible to improve the situation with respect to the shipment of grain. Just what he proposed to do he would not state.

Lithographers Allowed to Stay

Eight European lithographers brought here under contract and held at Ellis island, pending a decision on the protest by the American Federation of Labor, will be admitted, Secretary Strauss has decided, admitting the foreigners on an opinion by Secretary Bonaparte in a previous similar case, in which the attorney general held that the admission was not a violation of the law, as there was a shortage here of lithographers. Secretary Strauss said the present contract had been made in good faith, based on Secretary Bonaparte's ruling. He would consider any new case, he said, on this point without prejudice.

Fairbanks in Washington

Vice President Fairbanks paid his respects to President Roosevelt today. He said that with Mrs. Fairbanks he had come to Washington to remain for the season. Mr. Fairbanks said he did not talk politics or legislation with the president and had no political statement to make at this time.

General Bell Returns

Major General Franklin Bell, chief of staff of the army, resumed his duties at the War department today, after a month's stay at a health resort. He appears to be in excellent physical condition.

EVENTS ON THE RUNNING TRACKS

Grapple Wins Woodmere Selling Stakes at Aqueduct. NEW YORK, Nov. 5.—Grapple, a 9 to 2 shot, won the Woodmere selling stakes at seven furlongs at Aqueduct today, defeating the heavy favorite, Sewall. The latter was backed down from 6 to 5 to 1. Summaries: First race, handicap, all ages, six and one-half furlongs, 100 (Delaby), 5 to 1; won; Jack Alkin, 12 (Hogart), 1 to 2; place, second; Frank Lord, 9 (J. Hogart), 2 to 1; show, third. Time, 1:20 1/2. Handicap, Taylor also ran. Second race, two-year-olds, selling, six furlongs: Alanda, 34 (E. Dugan), 16 to 5; won; Miss Delany, 13 (Hogart), 4 to 1; place, second; Miss Mazzoni, 16 (Miller), 10 to 1; show, third. Time, 1:15 1/2. Evident, Rife Hays, Youthful, Bounding Elk, Caesar's Wife, Tee Tick, Springheel, Tartar Maid, Baska and Sylvia G. also ran. Third race, the Woodmere stake, three-year-olds and up, seven furlongs: 106 (Miller), 9 to 5; won; Sewell, 102 (J. Dugan), 2 to 1; place, second; Juggler, 107 (James Hennessy), 2 to 1; show, third. Time, 1:27 1/2. Troublemaker and Adoration also ran. Fourth race, handicap, all ages, one mile and one-sixteenth: Reinsig, 38 (Mussgrave), 8 to 1; won; Right Royal, 113 (McDaniel), 2 to 1; place, second; Moon Shine, 30 (Delaby), even to show, third. Time, 1:48 1/2. Daily Spanker and Smiling Tom also ran. Fifth race, three-year-olds and up, selling, one mile and five-sixteenths: Franks, 103 (McDaniel), 3 to 1; won; Killiecrankie, 98 (Delaby), 3 to 1; place, second; Red Freckle, 101 (Hogart), 4 to 1; show, third. Time, 1:28 1/2. Ostrich, J. F. Donohue, Arkin, Stony Lee and Craft also ran. Sixth race, fillies, two-year-olds, five furlongs: Explosion, 109 (Miller), 4 to 5; won; Woodlark, 104 (Hogart), 1 to 2; place, second; Bouquet, 103 (McDaniel), 1 to 2; show, third. Time, 1:23 1/2. Baska and Paces, Queen Marguerite, Resumption,

STELLA C. GREAT DANE, SANDAL AND DIAPYRONE ALSO RAN

BELLEVUE STUDIES NEW POINTS

Puts in Strenuous Preparation for Game with Doane. Bruised and battered by the game Friday at Tarkio, the Bellevue team has begun the hardest practice of the year in preparation for the Doane game Saturday. Three hours daily workout, reading rules, running and studying, is the prescription laid down by Dr. Crow and well received by the team, which will "do its best" tomorrow.

The new plays, so far unused, will be worked time after time until they are as perfect as human skill can make them. At Tarkio the team showed up well, blocking forward passes. Hitherto this was supposed to be a weak point with the team but the men rallied splendidly Friday and made good. Coach Crow intends to give but one new play this week to the team. It is a new play he has himself worked out and is considered a marvel by all the "vets" on the team. This play, with the others, will give the Tigers some tall thinking and may give the game to the home team.

Enfield and Morton have developed a field promise of speed and already the back field has been shattering by speed. Coach Crow, the new men at first being developed in Nebraska, have promised to come down each evening and assist Coach Crow. The second team will be given every advantage in practice by the new men used by Doane. This, combined with good coaching, will give Bellevue a battle every night in the week leading up to the game.

For years Doane has been Bellevue's great opponent in every branch of sports. More stress is laid upon this game than any other on the schedule, and both teams will enter with the best of spirit. The teams about evenly matched, Captain Kearney says the outcome of the game Saturday when Doane was beaten 10 to 6 and says that they have an exceptionally strong team. Bellevue is hopeful of winning by a small score, and Doane, at any event, the game is bound to be close and exciting. Competent officials are to be chosen, fair, impartial men, who will give a square deal. Bellevue has always stood for clean athletics and this game will be no exception. Doane has made no choice, Bellevue has several names in mind, but the Bee, who officiated two years ago to the satisfaction of all, has already been entrusted over the game and already his spirit is brimming over all. The song committee has written several new songs and the yell committee has some new yells, all especially for the great game. Bleachers will be on the side lines to accommodate the crowd expected from the game. The Interurban company to give twenty-minute service Saturday afternoon and have cars in readiness to haul the fans to and from the game. The cars leave N street at South Omaha.

WITH THE BOWLERS

The Reed Brothers team took a straight series from the Indians at the Association match at Tarkio. The game was a close one, which they pulled out by six pins. Their total score was 271, which is the highest score of the season. Tom Reynolds bowled the best individual total with 81. "Plumber" Reed bowled 71, which was the next highest score. The following teams will bowl in the two-day series at Tarkio Saturday: Cochran, Neale and Sprague at 8 o'clock; Ojerde and Chandler, Maurer and Rea at 10 o'clock. Score:

Sporting Gossip

It is pretty close figuring when a safety will decide a game as it did in favor of the Cornubians at Lincoln Saturday. Pa Bourke has received a unique picture of the Detroit Tigers. They are all aboard the ball cover and the big left-hander. The place kick is becoming more and more a factor of every game played and it behooves a team to learn a defense against the execution. There is now some talk of allowing the teams of the Big Nine to play seven games next winter. The rules this fall permit but three regular games. Doane and Bellevue have both made a splendid record on the gridiron to date and when they meet Saturday at Bellevue some of the latest novelties under the new rules will be presented. Frank Gotch is playing a week's engagement at the Standard theater in St. Louis, meeting all commitments. It is a cinch he will have little trouble in disposing of the who present themselves. It is now claimed the Pittsburgh team has the first claim on the services of Fred Tenney, Philadelphia wants the old star, but the Pittsburgh management will listen to no advances along that line. Judging from the roasting the Creighton players received from the coaches and student body, they are convinced that they pay to play ball all the time and horse sense of the time, even though opposed to a weaker team. It begins to look easy for Michigan when that team beats the team of the University of Pennsylvania at Cornell, Princeton and the Indians beat Pennsylvania and then Princeton beat the Indians. Question—where does Tenney stand? The demand for seats for the big eastern games of football has unprecedented. The big games yet to come are the Yale-Princeton, Yale-Harvard and Pennsylvania. Every effort is made at these games to keep the tickets out of the hands of speculators. Tim Murnane, says Mr. Joseph D. O'Brien of Milwaukee, is one of the men who has made base ball a great game. Joey will come his head and he will be the first to read to him. It will sound very funny to Charley Sawyer, who knows just how big D. O. is, and how much money he has made. It's such a good thing to have persons of the Murnane ilk to sit around and point out the great men of the game. O. A Brave Fight against stomach, liver and kidney trouble, is always successful, if carried on by means of Electric Bitters, 40 cents. For sale by Boston Drug Co.

STEEL TRUST REACHES OUT

Combine Takes Control of Tennessee Coal, Iron & Railway Co. BUYS STOCK HELD BY POOL Deal is Arranged at Conference Held at Home of J. Pierpont Morgan Saturday and Sunday.

NEW YORK, Nov. 5.—The United States Steel corporation has secured a controlling interest in the Tennessee Coal, Iron and Railway company. The deal was concluded Monday and is traceable to the conference held at the home of J. Pierpont Morgan Saturday and yesterday. It is understood that the price paid is a little above \$5 a share. The holdings of a pool controlling some 70 per cent of the stock of the Tennessee Coal, Iron and Railway company were transferred in the sale.

This sale cannot fail to do much to relieve the present financial stringency, as large amounts of the stock of the Tennessee Coal, Iron and Railway company are now held as collateral for loans by the local banks. The taking up of these loans by the new owners of the stock will add materially to the cash resources of the financial institutions. In the absence of an official statement it is estimated that the steel corporation acting through J. Pierpont Morgan & Co. has secured about \$30,000,000 of the Tennessee Coal and Iron stock at an outlay of some \$17,000,000. This important deal has had the effect of strengthening the Trust Company of America which held considerable of the stock collateral and will alleviate the financial situation of conditions that have tended to retard the return of confidence generally. The Tennessee Coal and Iron company is a manufacturer of open hearth steel and about two months ago received all the orders placed by the Harriman roads for rails needed by them in 1907 and 1908.

Loans Scaled Down

Last January it became generally known in banking circles that several institutions were carrying considerable Tennessee Coal and Iron stock. It was subsequent to this that the loans were scaled down to \$50 a share. Early in the following April John W. Gates announced his resignation from Wall street and portions of his holdings were taken over, it is said, by the other members of the pool. A short while after Colonel Payne, Harry S. Black and George Kessler retired. The trust company then, it is said, lent its resources to prevent the stock from coming on the market at a time when it would have caused general demoralization. The loan by the company is said to have comprised a substantial portion of the pool's holdings at a price around \$50 a share. At yesterday's conference steps were taken to assist the trust company, which resulted in an agreement for today's sale. Those at the conference with Morgan included Henry Frick, former Judge Eibert J. Gary and Secretary Richard Trimble, and Oakleigh Thron, who is a director of the Tennessee company as well as president of the Trust Company of America. The total outstanding stock of the Tennessee Coal and Iron and Railroad company is \$25,500,000. There is also \$24,300 of preferred stock outstanding. The bonded debt consists of \$14,000,000 first mortgage.

Pneumonia Follows a Cold

but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and prevents pneumonia. For sale by all druggists. National League of Clubs. NEW YORK, Nov. 5.—President Pulliam announced today that the annual meeting of the National League of Professional Base Ball Clubs will be held at the Waldorf Astoria Hotel in this city on December 16 at 2 p. m.
